1. BACKGROUND:

- 1.1. The vision of the Arizona Department of Health Services (ADHS) is “Health and Wellness for all Arizonans.” The ADHS conducts a five (5) year statewide needs assessment to examine key health indicators and provide a comprehensive overview of the health of Arizonans. ADHS published the 2019 Arizona State Health Assessment which utilizes an evidence-based public health approach to improve the health and wellness of Arizona residents. This assessment informs other federally funded programs within ADHS that also require statewide needs assessments. One (1) of those programs is the **Title V Maternal and Child Health Services Block Grant (hereafter Title V MCH Block Grant)** located within the Bureau of Women’s and Children’s Health (BWCH);
- 1.2. The mission of the BWCH is to “strengthen the family and community by promoting and improving the health status of women, infants, and children.” The BWCH administers the federal Title V MCH Block Grant, other federally funded programs, as well as private, and state supported programs;
- 1.3. BWCH is responsible for the implementation of the Health Resources and Services Administration (HRSA) funded Title V MCH Block Grant. Established in 1935, in Title V of the Social Security Act, the goal of the Title V MCH Block grant is to improve the health and well-being of America’s mothers, children and families including children with special health care needs by supporting and promoting the development and coordination of systems of care for the MCH population, which are family-centered, community based and culturally appropriate. The Title V MCH Block Grant has five (5) population domains which include: Women/Maternal Health, Perinatal/Infant Health, Child Health, Children with Special Health Care Needs, Adolescent Health. The sixth (6th) domain addresses Cross-Cutting and Systems Building;
- 1.4. The Title V MCH Block Grant also requires that a five (5) year statewide needs assessment be conducted and submitted as one (1) of the grant deliverables. The purpose of the Title V MCH statewide needs assessment is to identify the priority health needs and issues of Arizona’s maternal and child health populations through a collaborative and systematic data collection and analytic process with stakeholder input. This needs assessment process is guided by eight (8) overarching principles and values that include:
 - 1.4.1. Listen to those who are not traditionally involved,
 - 1.4.2. Learn from community members as well as the MCH Community,
 - 1.4.3. Honor and respect the work that others in the community and state have completed to assess the well-being of Arizona residents,
 - 1.4.4. Assess health disparities across communities including racial, socioeconomic and access,
 - 1.4.5. Use a life course development approach and address social determinants of health as a framework for planning,
 - 1.4.6. Recognize that social, political and economic policies and conditions impact health outcomes,
 - 1.4.7. Value the community as a core partner in public health and work to assure the equity in health, and
 - 1.4.8. Plan, develop and evaluate programs and systems of care which are comprehensive, community-based, culturally competent, coordinated and effective.

1.5. The Title V MCH Block Grant uses a three-tiered National Performance Measurement Framework (Attachment A) which includes National Outcome Measures (NOMs), National Performance Measures (NPMs) and state-initiated Evidence-based or informed Strategy Measures (ESMs). The framework provides flexibility to a state in identifying the best combination of measures to address the MCH priority needs that were identified based on the findings of the Five-Year Needs Assessment (available on the ADHS website: <https://www.azdhs.gov/prevention/womens-childrens-health/reports-fact-sheets/index.php#title-v>).

2. PURPOSE:

The purpose of this IGA is to leverage partnerships between ADHS and Local County Health Departments by providing Title V MCH Block Grant funding to support the implementation of health priorities identified through the Arizona Statewide Needs Assessment and MCH statewide needs assessment. This IGA is intended to provide flexibility to the Local County Health Department to meet the needs of local communities through high impact strategies that align with the 2020-2025 MCH health priorities, the identified national performance measures and administrative functions.

3. OBJECTIVES:

3.1. Counties will implement evidence-based/evidence-informed strategies at the local community level that:

3.1.1. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for pregnant women, mothers and infants up to age one (1) for the Women/Maternal and Perinatal Infant population domains,

3.1.2. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for the Child Health, Adolescent Health and Children with Special Health Care Needs population domains,

3.1.3. Enhance family, youth, and community engagement for all five (5) population domains in the Title V MCH Block Grant including children and families with special health care needs, and

3.1.4. Promote and implement evidence-based or evidence-informed strategies that enhance cross-cutting and system building infrastructure.

4. SCOPE OF WORK:

4.1. Counties can select to implement strategies within population domains and/or in National Performance Measures.

4.1.1. Population domains include:

4.1.1.1. Women/Maternal Health – women ages eighteen (18) to forty-four (44), before, during, and beyond pregnancy; and across the life course;

4.1.1.2. Perinatal/Infant Health – infants during the time surrounding childbirth, particularly three (3) months before and one (1) year after;

4.1.1.3. Child Health – children one (1) to ten (10) years of age;

4.1.1.4. Adolescent Health – young people ages ten (10) to nineteen (19) years of age;

- 4.1.1.5. Children/Youth with Special Health Care Needs – children/youth with a diverse range of needs ranging from behavioral and emotional conditions to chronic conditions, to more medically complex health issues;
- 4.1.1.6. Cross-cutting and Systems Building - priority need such as oral health, access to care, injury prevention, etc. that is related to program capacity and/or systems-building as it applies to all/any of the MCH population domains; or
- 4.1.1.7. Emerging Issues - projects and/or strategies that become prominent and are unique to a particular County, for example, reassignment of staff to address the COVID-19 pandemic or any other public health emergency, conducting focus groups to determine how to improve services for children/youth with special health care needs, etc.
- 4.1.2. NPMs selected by the State and identified through the findings of a five (5) year needs assessment include:
 - 4.1.2.1. NPM #1 - Well-woman visits - Percent of women, ages eighteen (18) through forty-four (44), with a preventive medical visit in the past year, and family planning services;
 - 4.1.2.2. NPM #4 Breastfeeding – A) Percent of infants who are ever breastfed and B) Percent of infants breastfed exclusively through six (6) months of age;
 - 4.1.2.3. NPM #6 Developmental Screening - Percent of children, ages nine (9) through thirty-five (35) months, who received a developmental screening using a parent-completed screening tool in the past year;
 - 4.1.2.4. NPM #9 Bullying - Percent of adolescents, ages twelve (12) through seventeen (17), who are bullied or who bully others;
 - 4.1.2.5. NPM #10 Adolescent well visits - Percent of adolescents, ages twelve (12) through seventeen (17), with a preventive medical visit in the past year;
 - 4.1.2.6. NPM #12 Transition - Percent of adolescents with and without special health care needs, ages twelve (12) through seventeen (17), who received services necessary to make transitions to adult health care; and
 - 4.1.2.7. NPM #13 Preventive dental visits for pregnant women, children and adolescents - A) Percent of women who had a dental visit during pregnancy; and B) Percent of children, ages one (1) through seventeen (17), who had a preventive dental visit in the past year.
- 4.1.3. If strategies selected by the Counties do not align with the State selected NPMs listed above, BWCH in partnership with Counties will develop State Performance Measures (SPMs) as needed to measure priority needs that have not been addressed through the selected NPMs, and
- 4.1.4. Counties may elect to provide Family Planning Services which would qualify under NPM #1 and the Women/Maternal Health population domain:
 - 4.1.4.1. Implement a clinic based reproductive health program which enhances maternal and child health;

- 4.1.4.2. Provide accessible, comprehensive education, screening and contraceptive services to underserved individuals of reproductive age; and
- 4.1.4.3. Adhere to the [ADHS Family Planning Policy and Procedure Manual](https://www.azdhs.gov/prevention/womens-childrens-health/womens-health/index.php#family-planning) (available on the ADHS website: <https://www.azdhs.gov/prevention/womens-childrens-health/womens-health/index.php#family-planning>).

4.2. This IGA offers a variety of evidence-based and evidence-based informed strategies designed to promote and positively impact the health status and outcomes of the MCH population in Arizona. Contingent upon available funding, Local County Health Departments are expected to implement at multiple levels, in accordance with local community needs infrastructure activities that integrate and build on each other to optimize the health improvements of the community. Counties have the option to select from a menu of evidence-based/evidence-informed strategies (Attachment B) or to propose their own evidence-based/evidence informed strategies that are identified as a need in their communities;

4.3. MCH has created Skill Sets in each of the NPMs to support implementation and further assist with thinking not only about evidence and strategies to make change but the capacity of the workforce to carry out activities (Attachment B); and

4.4. Where applicable, strategies shall be inclusive of children with special health care needs. Though counties are not required to implement strategies to specifically target this population, strategies designed for children, adolescents, and families assume an integrated approach that includes this population.

5. EVALUATION:

5.1. Performance measures and evaluations allow the counties and ADHS to collaboratively track progress, process indicators, outcomes measures, and impacts. As part of the local evaluation plan, the counties will be responsible for measuring the short term, and intermediate outcomes. Monitoring progress on short-term outcomes provides an opportunity for the counties to make adjustments to strategies to ensure increased long-term impact. ADHS in coordination with the counties will be responsible for measuring the long-term and impact outcomes. Process indicators, outcomes measures, and impacts must clearly relate to the selected strategies and activities identified within each County's Annual Action Plan; and

5.2. ADHS will provide technical support to counties on selecting the appropriate indicators to measure process and outcomes as they align with the new Title V MCH Priorities and Performance Metrics.

6. APPROVALS:

6.1. The quarterly reports, annual action plans, annual budget workbook, and monthly CERs with receipts supporting expenses billed for in-state and out-of-state travel and equipment purchases of \$250 or more, as required and/or requested shall be approved by ADHS prior to payment reimbursement;

6.2. Upon approval of the Action Plan, any changes to the approved activities, or strategies must be resubmitted to ADHS for review and approval prior to implementation;

6.3. Any requests to provide additional information on quarterly reports will require resubmission of the report for ADHS review and approval prior to payment reimbursement;

- 6.4. Purchases of Capital Equipment (single item purchase of \$5,000 or more) will require approval prior to purchasing;
- 6.5. All marketing materials (the use of ADHS logo, brochures, posters, public service announcements, paid media, videos, etc.) which have been developed, written, published, or recorded by the Counties and paid for with funds from this award must be first approved by ADHS prior to the dissemination of such materials or airing or use of such announcements;
- 6.6. All County local emerging issues and related supporting documentation must be approved by ADHS prior to implementation;
- 6.7. Any evaluation or study to be conducted that involves human subjects must be approved by ADHS prior to conducting; and
- 6.8. Request approval in writing to the MCH HAF IGA Program Manager for purchases of single items of capital equipment at or above the purchase price of five thousand dollars (\$5,000.00);
 - 6.8.1. Requests can be made via email and shall include the following information:
 - 6.8.2. Type of equipment requesting to be purchased,
 - 6.8.3. Cost of equipment, and
 - 6.8.4. How the proposed purchase supports the current approved scope of work and annual action plan.

7. TASKS:

- 7.1. The Local County Health Department Contractor shall for the overall IGA:
 - 7.1.1. Develop and submit an Annual Budget Workbook due January 15th of each year for the following year's budget period, including the federally approved indirect rate letter,
 - 7.1.2. Develop and implement an Annual Action Plan within the first forty-five (45) days of each budget period,
 - 7.1.3. Implement the selected approved evidence-based and/or evidence-informed strategies outlined in County Action Plans,
 - 7.1.4. Participate in all calls (monthly, bi-monthly, quarterly), technical assistance calls, webinars, meetings, and training, and
 - 7.1.5. Participate in the development of a shared comprehensive evaluation plan and report out on any performance measures related to the implementation of their activities (process and/or intermediate), or as defined by the funding sources.
- 7.2. Complete tagging and inventory of equipment in compliance with the policy in the State of Arizona Accounting Manual, <https://gao.az.gov/sites/default/files/2535%20Stewardship%20190304.pdf>;
 - 7.2.1. Submit documents to the MCH HAF Program Manager pertaining to the asset, i.e., receiving papers, invoice, purchase order, receipt, etc., and
 - 7.2.2. Documents shall include the make, model, serial number, and acquisition date of the asset.
