As President of the Rex E. Allen Heritage Holdings, Corporation, it is my honor to provide the memorabilia for the Rex Allen Arizona Cowboy Museum in Willcox, Arizona.

The Rex Allen family owns the contents of the museum and we are proud to provide our father's historical memories not only to the museum but the people of Willcox and Cochise County.

I have recently learned of a major problem affecting the museum building. The roof of the historical building needs to be replaced. Currently the roof is leaking in five places putting the irreplaceable historical contents in jeopardy. Not only can the contents not be replaced, but their loss or damage would be catastrophic to the people of Willcox, Cochise County, Arizona and the world.

Your help will save a much loved and appreciated Arizona landmark.

Thank you for your consideration.

Rex Allen Jr.
