Variance Application

Zoning regulations regulate land use, control the types of structures allowed, and maintain a certain level of consistency within a community. These regulations are intended to apply equally to all properties. However, in some circumstances a particular property is unfairly burdened by the general rules, creating an unnecessary hardship for the owner. In Cochise County, the Board of Adjustment considers all variance requests. A zoning variance, if granted by the Board of Adjustment, allows a property owner to use their land or property in a way that deviates from the established zoning regulations.
