2. Authorize the City Engineer to file a Notice of Completion with the County Recorder.

DISCUSSION

In May 2023, the City Council awarded a construction contract to Macadee Electrical Construction to replace over 50 fluorescent illuminated street name signs with new light emitting diode (LED) illuminated signs. Unique street name signs require custom fabrication and therefore have long lead times. Installations began in December 2023 and were completed in April 2024.

Public Works will release the Labor and Materials Bond and the Faithful Performance Bond upon expiration of the required lien period.

BUDGET IMPACT

The original estimated cost of design, construction, and inspection was $220,969, and final project costs total $211,396, as summarized in the attached table. Sufficient amounts are budgeted in the Lighting District Fund for the project.

CITY COUNCIL REPORT

City Council Regular **6.**

FROM: Douglas Dancs, Director of Public Works

DATE: 08/26/2024

SUBJECT: **Approve Plans and Specifications and Award Contracts for Orange Avenue Rehabilitation, Project 315**

RECOMMENDATION

1. Approve Plans and Specifications for Orange Avenue Rehabilitation, Project 315; and

2. Award a contract to Hardy & Harper, Inc. for $617,000 and authorize a contingency of $92,550; and

3. Approve a Task Order for Construction Inspection Services and Materials Testing to FCG Consultants, Inc., for $48,688.92 and authorize a contingency of $7,300.

DISCUSSION

Many projects within the Capital Improvements Program (CIP) are part of a regular multi-year program to ensure City infrastructure is adequately funded and maintained. The Orange Avenue Rehabilitation project is part of the annual CIP to ensure proper street maintenance.

This project will resurface approximately two lane miles of pavement and replace 1,400 square feet of sidewalk, 430 linear feet of curb and gutter, and replace nine trees along Orange Avenue between Moody Street and Denni Street. Proper rehabilitation of streets and sidewalks, at timely intervals, is the most effective strategy to maintain the surface in good condition and saves money in the long run by preventing deterioration that would require more costly treatments.

In January 2022, the City Council adopted a Resolution authorizing the project be eligible to receive $200,000 in federal funding through the Orange County Transportation Authority (OCTA) 2021 Pavement Management Relief Funding (PMRF) program. In 2023, Congress passed the Fiscal Responsibility Act of 2023 which withdrew this funding. Earlier this year, Caltrans committed to replace the rescinded funds with State Highway Funds. The one-time funding amount remains the same at $200,000 and there are no matching requirements.

On July 9, the City received five bid proposals for the project with Hardy & Harper, Inc. as the

low bidder. FCG Consultants, Inc., the City's on-call construction manager, will inspect the project. A summary of project award information is attached.

BUDGET IMPACT

The estimated construction and construction management costs for the project are $765,538.92 and sufficient amounts are budgeted in the Measure M2 Fund for this project. The City will be reimbursed $200,000 in State funding to pay a portion of construction costs, with the balance of the project paid for using restricted Measure M2 monies.

CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **7.**

FROM: Douglas Dancs, Director of Public Works

DATE: 08/26/2024

SUBJECT: **Approve Plans and Specifications and Award Contracts for Arterial Street Rehabilitation, Project 377**

RECOMMENDATION

1. Approve Plans and Specifications for Arterial Street Rehabilitation, Project 377; and

2. Award a contract to All American Asphalt for $2,496,688 and authorize a contingency of $374,500; and

3. Approve a Task Order for Construction Inspection Services and Materials Testing to FCG Consultants, Inc., for $97,101 and authorize a contingency of $14,565

4. Approve a Cooperative Agreement with the City of Buena Park to share the cost of asphalt overlay improvements on Valley View Street; and

5. Approve a $155,000 increase in Estimated Revenues in the RMRA Gas Tax Fund for estimated reimbursements from the City of Buena Park.

DISCUSSION

Many projects within the Capital Improvements Program (CIP) are part of a regular multi-year program to ensure City infrastructure is adequately funded and maintained. The arterial street rehabilitation project is part of the annual CIP to ensure proper street maintenance.

This arterial rehabilitation project will resurface approximately 13 lane miles of pavement, including Valley View Street (Katella Avenue to Ball Road), Ball Road (Bloomfield Street and Denni Street), and Orange Avenue (Bloomfield Street and Denni Street). Proper rehabilitation of streets, at timely intervals, is the most effective strategy to keep the pavement in good condition and saves money in the long run by preventing deterioration that would require more costly treatments.

On August 9, the City received six bid proposals for the project with All American Asphalt as the low bidder. FCG Consultants, Inc., the City's on-call construction manager, will inspect

the project. A summary of project award information is attached.

A small portion of Valley View Street falls within Buena Park. On August 13, the Buena Park City Council approved the cooperative agreement to add their street section to the scope of work. Buena Park will reimburse Cypress an estimated $155,000. The actual cost will be determined based on final quantities and prices.

Construction will begin late-September with completion in November.

BUDGET IMPACT

Sufficient amounts are budgeted in the RMRA Gas Tax Fund for project construction. The total project cost of $3,056,854 includes construction, inspection, in-house labor, and contingency, and is within the $3,100,000 adopted budget. Buena Park will reimburse Cypress an estimated $155,000 for the portion of work within their boundaries.

LEGAL REVIEW

The City Attorney has reviewed and approved the agreement as to form.

CITY COUNCIL REPORT

City Council Regular **8.**

FROM: Douglas Dancs, Director of Public Works

DATE: 08/26/2024

SUBJECT: **Award Contract for Traffic Signal System Software and Components - Phase Two, Project 352**

RECOMMENDATION

Award a contract to SWARCO McCain, Inc. for $939,432.38, for the purchase of Traffic Signal System Software and Components – Phase Two.

DISCUSSION

The FY 2024-25 Capital Improvement Program includes the second phase of a project to replace existing traffic signal system software, equipment, and components citywide. The manufacturer no longer supports the 25-year-old signal controller hardware and software system. Replacing it with a modern system will improve signal operations and increase reliability. It will also provide engineers and technicians with access to new advanced technologies and features.

A total of 61 traffic signals citywide will have equipment and components removed and replaced in two phases. In March 2024, the City Council approved the purchase of replacement materials for the first phase of 29 intersections. Phase Two will consist of the remaining 32 intersections.

Local governments use cooperative government purchasing programs to directly purchase items and receive discounted pricing unavailable to contractors. When contractors purchase amenities, they generally pay retail prices and mark up the cost by 10%-20%. As with the purchases associated with the first phase, the City will utilize the Houston-Galveston Area Council (H-GAC) cooperative agreement to purchase the traffic signal system hardware and software. Municipal Code Section 21A-10(e) allows the use of cooperative purchasing programs as a more efficient and cost-effective method of competitively-bid procurement by receiving volume type pricing.

Due to long lead times in the receipt of the phase one system components, the items purchased as part of phase two are expected to be delivered soon after phase one. As a result, the components for both phases will be installed concurrently. Public Works will solicit

bids for the installation of components for both phases and will bring a recommendation for a contract award to City Council this fall.

BUDGET IMPACT

The cost of the phase two traffic signal system software and components is $939,432.38 and sufficient amounts are budgeted in the Lighting District Fund. Additional amounts are expected to be available in the budget for the installation of the system, which is expected to be awarded later this year.

Public Works estimates direct procurement of the software and controls will save roughly $140,000 when compared to purchasing the items through the contractor awarded the contract for installation. It is also anticipated annual cost savings for on-call traffic signal maintenance will be realized by upgrading and modernizing system components.

LEGAL REVIEW

None required.

ARTICLE 23: CONTRACT PRICE ADJUSTMENTS

Price Decreases
If Contractor's Direct Cost decreases at any time during the full term of this award, Contractor must immediately pass the decrease on to H-GAC and lower its prices by the amount of the decrease in Direct Cost. (Direct Cost means Contractor's cost from the manufacturer of any item or if Contractor is the manufacturer, the cost of raw materials required to manufacture the item, plus costs of transportation from manufacturer to Contractor and Contractor to H-GAC. Contractor must notify H-GAC of price decreases in the same way as for price increases set out below. The price decrease shall become effective upon H-GAC's receipt of Contractor's notice. If Contractor routinely offers discounted contract pricing, H-GAC may request Contractor accept amended contract pricing equivalent to the routinely discounted pricing

Price Increases
Contractors may request a price increase after twelve (12) months from the bid opening date of the bid received by H-GAC. The amount of any increase will not exceed actual documented increase in Contractor's Direct Cost and will not exceed 10% of the previous bid price. Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges, or other economic factors.

Price Changes
Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g. 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes. For published catalogs and price sheets as part of an H-GAC contract, requests to amend the contract to reflect any new published catalog or price sheet must be submitted whenever the manufacturer publishes a new document. The request must include the new catalog or price sheet.

All Products shall, at time of sale, be equipped as required under any then current applicable local, state, and federal government requirements. If, during the course of any contract, changes are made to any government requirements which cause a manufacturer's costs of production to increase, Contractor may increase pricing to the extent of Contractor's actual cost increase. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

Requesting Price Increase/Required Documentation
Contractor must submit a written notification at least thirty (30) calendar days prior to the requested effective date of the change, setting the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must include H-GAC Forms D Offered Item Pricing and E Options Pricing, or the documentation used to submit pricing in the original Response and be supported with substantive documentation (e.g. manufacturer's price increase notices, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to the Bids and Specifications manager, William Burton, at William.Burton@h-gac.com

Review/Approval of Requests
If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. If H-GAC does not approve Contractor's price increase, Contractor may terminate its performance upon sixty (60) days advance written notice to H-GAC, however Contractor must fulfill

DocuSign Envelope ID: 6CD6B187-4A93-4031-89C5-94071BF044D5

SPECIAL PROVISIONS

Incorporated by attachment, as part of the whole agreement, H-GAC and the Contractor do, hereby agree to the Special Provisions as follows:

ARTICLE 1: BIDS/PROPOSALS INCORPORATED

In addition to the whole Agreement, the following documents listed in order of priority are incorporated into the Agreement by reference: Bid/Proposal Specifications and Contractor's Response to the Bid/Proposal.

ARTICLE 2: END USER AGREEMENTS ("EUA")

H-GAC acknowledges that the END USER may choose to enter into an End User Agreement ("EUA) with the Contractor through this Agreement, and that the term of the EUA may exceed the term of the current H-GAC Agreement. H-GAC's acknowledgement is not an endorsement or approval of the End User Agreement's terms and conditions. Contractor agrees not to offer, agree to or accept from the END USER, any terms or conditions that conflict with those in Contractor's Agreement with H-GAC. Contractor affirms that termination of its Agreement with H-GAC for any reason shall not result in the termination of any underlying EUA, which shall in each instance, continue pursuant to the EUA's stated terms and duration. Pursuant to the terms of this Agreement, termination of this Agreement will disallow the Contractor from entering into any new EUA with END USERS. Applicable H-GAC order processing charges will be due and payable to H-GAC on any EUAs, surviving termination of this Agreement between H-GAC and Contractor.

ARTICLE 3: MOST FAVORED CUSTOMER CLAUSE

Contractor shall provide its most favorable pricing and terms to H-GAC. If at any time during this Agreement, Contractor develops a regularly followed standard procedure of entering into agreements with other governmental customers within the State of Texas, and offers the same or substantially the same products/services offered to H-GAC on a basis that provides prices, warranties, benefits, and or terms more favorable than those provided to H-GAC, Contractor shall notify H-GAC within ten (10) business days thereafter, and this Agreement shall be deemed to be automatically retroactively amended, to the effective date of Contractor's most favorable past agreement with another entity. Contractor shall provide the same prices, warranties, benefits, or terms to H-GAC and its END USER as provided in its most favorable past agreement. H-GAC shall have the right and option at any time to decline to accept any such change, in which case the amendment shall be deemed null and void. If Contractor claims that a more favorable price, warranty, benefit, or term that was charged or offered to another entity during the term of this Agreement, does not constitute more favorable treatment, than Contractor shall, within ten (10) business days, notify H-GAC in writing, setting forth the detailed reasons Contractor believes the aforesaid offer is not in fact most favored treatment. H-GAC, after due consideration of Contractor's written explanation, may decline to accept such explanation and thereupon this Agreement between H-GAC and Contractor shall be automatically amended, effective retroactively, to the effective date of the most favored agreement, to provide the same prices, warranties, benefits, or terms to H-GAC and the END USER.

EXCEPTION: This clause shall not be applicable to prices and price adjustments offered by a bidder, proposer or contractor, which are not within bidder's/proposer's control [example; a manufacturer's bid concession], or to any prices offered to the Federal Government and its agencies.

ARTICLE 4: PARTY LIABILITY

Contractor's total liability under this Agreement, whether for breach of contract, warranty, negligence, strict liability, in tort or otherwise, is limited to the price of the particular products/services sold hereunder. Contractor agrees either to refund the purchase price or to repair or replace product(s) that are not as warranted. Contractor accepts liability to repay, and shall repay upon demand to END USER, any amounts determined by H-GAC, its independent auditors, or any state or federal agency, to have been paid in violation of the terms of this Agreement.

ARTICLE 5: GOVERNING LAW & VENUE

Contractor and H-GAC agree that Contractor will make every reasonable effort to resolve disputes with the END USER in accord with the law and venue rules of the state of purchase. Contractor shall immediately notify H-GAC of such disputes.

ARTICLE 6: SALES AND ORDER PROCESSING CHARGE

Contractor shall sell its products to END USERS based on the pricing and terms of this Agreement. H-GAC will invoice Contractor for the applicable order processing charge when H-GAC receives notification of an END USER order. Contractor shall remit to H-GAC the full amount of the applicable order processing charge, after delivery of any product or service and subsequent END USER acceptance. Payment of the Order Processing Charge shall be remitted from Contractor to H-GAC, within thirty (30) calendar days or ten (10) business days after receipt of an END USER's payment, whichever comes first, notwithstanding Contractor's receipt of invoice. For sales made by Contractor based on this Agreement, including sales to entities without Interlocal Agreements, Contractor shall pay the applicable order processing charges to H-GAC. Further, Contractor agrees to encourage entities who are not members of H-GAC's Cooperative Purchasing Program to execute an H-GAC Interlocal Agreement. H-GAC reserves the right to take appropriate actions including, but not limited to, Agreement termination if Contractor fails to promptly remit the appropriate order processing charge to H-GAC. In no event shall H-GAC have any liability to Contractor for any goods or services an END USER procures from Contractor. At all times, Contractor shall remain liable to pay to H-GAC any order processing charges on any portion of the Agreement actually performed, and for which compensation was received by Contractor.

ARTICLE 7: LIQUIDATED DAMAGES

Contractor and H-GAC agree that Contractor shall cooperate with the END USER at the time an END USER purchase order is placed, to determine terms for any liquidated damages.

ARTICLE 8: INSURANCE

The minimum Single Occurrence limit is $500,000.00 and the General Aggregate limit must be at least two times the Single Occurrence limit. This insurance may be carried in several ways, e.g. under an Inland Marine policy, as art of Automobile coverage, or under a Garage Keepers policy. f. If any Product(s) or Service(s) will be provided by parties other than Contractor, all such parties are required to carry the minimum insurance coverages specified herein, and if requested by H-GAC, a separate insurance certificate must be submitted for each such party.
g. H-GAC reserves the right to contact insurance underwriters to confirm policy and certificate issuance and document accuracy.

ARTICLE 9: PERFORMANCE AND PAYMENT BONDS FOR INDIVIDUAL ORDERS

THIS AMENDMENT modifies the above referenced Contract as follows:

Clarifies Articles 26, 27, and 28 in Special Provisions of the above referenced Agreement (#6676) should read as follows:

ARTICLE 26: CONTRACT WORK HOURS AND SAFETY STANDARDS

As per the Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708), where applicable, all Customer Purchase Orders in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **9.**

FROM: Douglas Dancs, Director of Public Works

DATE: 08/26/2024

SUBJECT: **Approve a Lease with the County of Orange Public Libraries System for the City-Owned Building at 5331 Orange Avenue**

RECOMMENDATION

Approve a 10-year lease with the County of Orange Public Libraries System for the City-owned building at 5331 Orange Avenue.

DISCUSSION

Cypress is a member of the Orange County Public Libraries system, which operates libraries throughout the county on behalf of member cities. The County has operated its Cypress library at the City-owned building located at 5331 Orange Avenue since 1974. The Cypress library underwent significant renovation in 2021, including new flooring, lighting, HVAC, furniture, and other interior improvements. The previous lease expired on July 1 and the County and City have operated on a month-to-month agreement since.

The recommended 10-year lease (which includes two option five-year extensions) is largely consistent with the previous lease. The City maintains responsibility for landscaping and maintenance, while the County operates the library and pays for utilities. The recommended lease requires the County to provide janitorial and custodial services (saving the City $15,000 annually) and to replace all lights and fixtures (estimated to save the City $70,000 over the next decade). The recommended lease allows the City to use the Library's community room, and the City can terminate the lease at any time and for any reason (including a reduction in library hours). Consistent with the previous lease and other city-County library leases, no rent is required.

BUDGET IMPACT

Sufficient amounts are available in the General Fund budget to provide all anticipated maintenance through June 30, 2025 under the recommended lease.

LEGAL REVIEW

The City Attorney has reviewed and approved the lease agreement as to form.

This Lease sets forth the entire agreement between City and County and any modification must be in the form of a written amendment.

43. PARTIAL INVALIDITY (5.2 SA)

If any term, covenant, condition, or provision of this Lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby.

44. CIRCUMSTANCES WHICH EXCUSE PERFORMANCE (5.3 SA)

If either Party hereto shall be delayed or prevented from the performance of any act required hereunder by reason of Force Majeure as defined below in Clause 55 (FORCE MAJEURE), performance of such act shall be excused for the period of the delay; and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay. Financial inability shall not be considered a circumstance excusing performance under this Lease.

45. STATE AUDIT (5.4 SA)

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Lease involves expenditures and/or potential expenditures of State funds aggregating in excess of ten thousand dollars ($10,000), City shall be subject to the examination and audit of the Auditor General of the State of California for a period of three years after final payment by County to City under this Lease. The examination and audit shall be confined to those matters connected with the performance of the contract, including, but not limited to, the costs of administering the contract.

46. WAIVER OF RIGHTS (5.5 SA)

The failure of City or County to insist upon strict performance of any of the terms, conditions, and covenants in this Lease shall not be deemed a waiver of any right or remedy that City or County may have, and shall not be deemed a waiver of any right or remedy for a subsequent breach or default of the terms, conditions, and covenants herein contained.

47. HOLDING OVER (5.6 SA)

In the event County shall continue in possession of the Premises after the Term or any Extension Term of this Lease, such possession shall not be considered a renewal of this Lease but a tenancy from month to month and shall be governed by the conditions and covenants contained in this Lease.

48. EARTHQUAKE SAFETY (5.7 SA)

City hereby confirms that to the best of City's knowledge, the Premises was in compliance with all applicable seismic safety regulations and building codes at the time of construction.

49. QUIET ENJOYMENT (5.8 SA)

City agrees that, subject to the terms, covenants and conditions of this Lease, County may, upon observing and complying with all terms, covenants and conditions of this Lease, peaceably and quietly occupy the Premises.

50. ADMINISTRATIVE COSTS (5.9 SA) - *Intentionally Omitted*

51. GOVERNING LAW AND VENUE (6.0 SA)

This agreement has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this agreement, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure section 394.

52. ATTORNEYS' FEES (6.1 SA)

In the event of a dispute between City and County concerning claims arising out of this Lease, or in any action or proceeding brought to enforce or interpret any provision of this Lease or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorneys' fees and costs.

53. TIME (6.2 SA)

Time is of the essence of this Lease.

54. INSPECTION OF PREMISES BY A CERTIFIED ACCESS SPECIALIST (6.3 SA)

In accordance with California Civil Code 1938(e), "A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The Parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises."

Pursuant to California Civil Code section 1938, City hereby represents that the Premises has not undergone an inspection by a certified access specialist and no representations are made with respect to compliance with accessibility standards. However, if it is determined that a violation of handicapped access laws (including the Americans with Disabilities Act) existed at the Premises as of the Commencement Date, City shall correct such non-compliance at City's cost, unless such non-compliance is due to alterations made by County or the placement of County's furniture, fixtures or equipment by County in which case, County shall correct such non-compliance at County's cost.

55. FORCE MAJEURE (6.4 SA)

For purposes of this Lease, the term "**Force Majeure**" means any of the following events which are beyond the control of either Party: act of God, unavailability of equipment or materials (but only if such equipment and materials were ordered in a timely fashion), enemy or terrorist act, act of war, riot or civil commotion, strike, lockout or other labor disturbance, fire, earthquake, explosion, governmental delays (including

nonstandard delays in issuance of any permit or other necessary governmental approval or the scheduling of any inspections or tests), nonstandard delays by third party utility providers, or any other matter of any kind or character beyond the reasonable control of the Party delayed or failing to perform under this Lease despite such Party's best efforts to fulfill the obligation. "**Best Efforts**" includes anticipating any potential force majeure event and addressing the effects of any such event (a) as it is occurring and (b) after it has occurred, to prevent or minimize any resulting delay to the greatest extent possible. Force Majeure shall not include inability to obtain financing or other lack of funds. City and County shall be excused for the period of any delay in the performance of any obligation hereunder when such delay is occasioned by causes beyond its control.

56. CONDEMNATION (6.5 SA)

If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively, "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If all or a material portion of the rentable area of the Premises are taken by Condemnation, County may, at County's option, to be exercised in writing within ten (10) days after City shall have given County written notice of such taking (or in the absence of such notice, within ten (10) days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. City shall also have the right to terminate this Lease if there is a taking by Condemnation of any portion of the Building or property which would have a material adverse effect on City's ability to profitably operate the remainder of the Building. If neither Party terminates this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining. Condemnation awards and/or payments shall be the property of City, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken or for severance damages. County hereby waives any and all rights it might otherwise have pursuant to Section 1265.130 of the California Code of Civil Procedure, or any similar or successor Laws.

57. CONSENT OR APPROVAL (6.6 SA)

Unless expressly stated otherwise, where the consent or approval of a Party is required, such consent or approval will not be unreasonably withheld, conditioned or delayed.

58. UNENFORCEABLE PROVISIONS (6.7 SA)

If any paragraph or clause hereof shall be determined illegal, invalid or unenforceable by a court of competent jurisdiction, it is the express intention of the Parties hereto that the remainder of the Lease shall not be affected thereby, and it is also the express intentions of the Parties hereto that in lieu of each paragraph or clause of this Lease which may be determined to be illegal, invalid or unenforceable, there may be added as a part of this Lease a paragraph or clause as similar in terms to such illegal or invalid or unenforceable paragraph or clause as may be possible and may be legal, valid and enforceable.

59. NOTICES (6.8 SA)

All written notices pursuant to this Lease shall be addressed as set forth below or as either Party may hereafter designate by written notice and shall be deemed received upon personal delivery, delivery by facsimile machine, electronic mail, or seventy-two (72) hours after deposit in the United States Mail.

CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **10.**

FROM: Matt Burton, Director of Finance and Administrative Services

DATE: 08/26/2024

SUBJECT: **Approve a Renewal Agreement for Fiber Internet Services**

RECOMMENDATION

Approve a three-year renewal agreement for fiber internet services with Spectrum Enterprise for $41,364.

DISCUSSION

The City's agreement for fiber internet services expires in August 2024. These services provide the primary internet connection at City Hall and all internet traffic from City facilities are routed through the connection. Due to the high volume flowing through City Hall, it is necessary to have sufficient bandwidth to handle the traffic and provide enhanced reliability and availability for all facilities. Adding to these needs, the City continues to invest in new technologies and transition existing solutions to cloud-based applications and systems, which has created a demand for additional internet bandwidth.

A review of the two major providers of fiber internet services available in the area was conducted. Spectrum Enterprises, the existing provider of fiber internet services to the City, was determined to provide the appropriate level of service at the most reasonable cost. The Spectrum proposal provides double the amount of bandwidth when compared to the existing agreement. By opting for a three-year agreement, the annual cost of service is $13,788 which is $3,500 (25%) less than the price offered under a one-year agreement. Therefore, it is recommended a three-year agreement with Spectrum Enterprise be approved. The agreement will cover the period September 2024 through August 2027.

BUDGET IMPACT

The annual cost for service in the recommended agreement represents a modest decrease (about two percent) when compared to the current agreement and sufficient amounts are available in the FY 2024-25 budget.

LEGAL REVIEW

None required.

Spectrum ENTERPRISE™

Spectrum Enterprise
Fiber Internet Access Service Level Agreement

This Service Level Agreement ("SLA") for Spectrum Enterprise ("Spectrum") Fiber Internet Access (referred to herein as "FIA" or the "Service") is a part of, and hereby incorporated by reference into the Spectrum Enterprise Service Agreement (including the terms and conditions, attachments, and Service Orders described therein, the "Service Agreement"). To the extent any provision of this SLA conflicts with the Service Agreement, this SLA shall control. Performance goals for the Services ("SLA Targets") are set forth in the tables below. Capitalized words used but not defined herein shall have the meanings assigned to them in the Service Agreement.

I. Priority Classification and Definitions

Priority classifications for Service Disruptions and Service Degradations are described as follows:

Priority	Criteria
Priority 1	• Service Disruption resulting in a total loss of Service; or • Service Degradation to the point where Customer is unable to use the Service (each a "Priority 1 Outage")
Priority 2	• Service Degradation where Customer is able to use the Service
Priority 3	• A service problem that does not impact the Service; or • A single non-circuit specific quality of Service inquiry

As used in this SLA, the following terms have the meanings assigned below:

"Service Disruption" is defined as an outage, disruption, or degradation, other than an Excluded Disruption, that interferes with the ability of a Spectrum network hub to: (i) transmit and receive network traffic on Customer's dedicated access port at the Spectrum network hub; or (ii) exchange network traffic with another Spectrum network hub. The Service Disruption period begins on the earlier of (i) when Spectrum opens a trouble ticket in connection with a Service Disruption that Spectrum detects and verifies, or (ii) when Customer reports a Service Disruption by contacting Enterprise Technical Support, and then Spectrum validates that the Service is affected and creates a corresponding trouble ticket. The Service Disruption ends when the affected Service has been restored.

"Service Degradation" means a degradation of the Service, such as failure of the Service to achieve the SLA Targets for Latency/Frame Delay, Jitter/Frame Delay Variation, or Packet Delivery.

"Excluded Disruptions" means (i) planned outages, (ii) routine or urgent maintenance, (iii) time when Spectrum is unable to gain access to Customer's Service Location to troubleshoot, repair or replace equipment or the Service, (iv) Service problems resulting from acts or omissions of Customer or Customer's representatives or agents, (v) Customer equipment failures, (vi) Customer does not release the Service for testing, and (vii) Force Majeure Events.

II. SLA Targets for FIA Service

Service Availability	Mean Time To Restore ("MTTR")	Latency / Frame Delay (Roundtrip)	Jitter / Frame Delay Variation	Packet Delivery
End to End: 100%	Priority 1 Outages within 4 hours	≤ 35ms	≤ 1ms	≥ 99.99%

SLA Targets are measured from Customer's Service Location to the location where Spectrum Enterprise ("Spectrum") has local access to the Internet (i.e., the Spectrum point of presence) at the individual circuit or Service level, and any applicable credits are issued only for the affected FIA circuit or Service (the "Affected Service").

©2017-2024 Charter Communications. All Rights Reserved. Not all products, pricing and services are available in all areas. Pricing and actual speeds may vary. Restrictions may apply. Subject to change without notice.

III. SLA Calculations

1. Service Availability

"Service Availability" is calculated as the total number of minutes in a calendar month, less the number of minutes in the calendar month that the Service is unavailable due to a Priority 1 Outage ("Downtime"), with such difference divided by the total number of minutes in the calendar month, and expressed as a percentage.

Service Availability per calendar month is calculated as follows:

$$\text{Service Availability} = \frac{\text{Total number of minutes in the calendar month - Downtime}}{\text{Total number of minutes in a calendar month}} \times 100$$

2. Mean Time to Restore ("MTTR")

The MTTR SLA Target is applicable to Priority 1 Outages and is measured, each calendar month, as the average time for Spectrum to restore Priority 1 Outages calculated as the cumulative length of time it takes Spectrum to restore a Service following a Priority 1 Outage divided by the corresponding number of trouble tickets for Priority 1 Outages opened during the respective calendar month for the Service.

MTTR per calendar month is calculated as follows:

$$\text{Mean Time to Restore} = \frac{\text{Cumulative length of time to restore Priority 1 Outage(s) per Service in the calendar month}}{\text{Total number of Priority 1 Outage trouble tickets per Service in the calendar month}}$$

3. Latency/Frame Delay

Latency or Frame Delay is the average roundtrip network delay, measured every five (5) minutes during a calendar month (except during an Excluded Disruption), to adequately determine a consistent average monthly performance level for frame delay for each Service. The roundtrip delay is expressed in milliseconds (ms).

Latency/Frame Delay is calculated as follows:

$$\text{Latency or Frame Delay Average (ms)} = \frac{\text{Sum of the roundtrip delay measurements for a Service in the calendar month}}{\text{Total number of measurements for a Service in the calendar month}}$$

4. Packet Delivery

Packet Delivery is defined as the percentage of frames that are successfully received compared to the total frames that are sent in a calendar month (except during an excluded Disruption). The percentage calculation is based on frames that are transmitted from a network origination point and received at a network destination point.

Packet Delivery is calculated as follows:

$$\text{Packet Delivery (\%)} = \frac{\text{Number of frames delivered in the calendar month}}{\text{Total frames sent in the calendar month}} \times 100$$

5. Jitter/Frame Delay Variation

Jitter or Frame Delay Variation is defined as the variation in delay for two consecutive frames that are transmitted (one way) from a network origination point and received at a network destination point. Spectrum measures a sample set of frames every five (5) minutes during a calendar month (except during an Excluded Disruption), and determines the average delay between consecutive frames within each sample set. The monthly Jitter/Frame Delay Variation is calculated as the average of all of the frame delay variation measurements during such calendar month and is expressed in milliseconds (ms).

©2017-2024 Charter Communications. All Rights Reserved. Not all products, pricing and services are available in all areas. Pricing and actual speeds may vary. Restrictions may apply. Subject to change without notice.

Jitter/Frame Delay Variation is calculated as follows:

Jitter or Frame Delay Variation Average (ms) =	**Sum of the Frame Delay Variation measurements for a Service in the calendar month** **Total number of measurements for a Service in the calendar month**

IV. Remedies

1. Service Credits

If a Service fails to satisfy the SLA Targets during any calendar month and Customer is in compliance with the terms of the Service Agreement and this SLA, then Customer may request credit equal to the corresponding percentage of monthly recurring charges ("MRC") for the Affected Service as set forth in the tables below. Any credit to be applied will be offset against amounts due from Customer to Spectrum in the billing cycle following the date Spectrum makes its credit determination. Credit requests must be submitted to Spectrum within thirty (30) days of the calendar month in which the SLA Target was missed. Spectrum will exercise commercially reasonable efforts to respond to such credit requests within thirty (30) days of receipt thereof.

Service Availability Credits		
Downtime		**Service Credit**
> 0	< 1 hour	10% of MRC
≥ 1 hour	< 2 hours	20% of MRC
≥ 2 hours	< 4 hours	30% of MRC
≥ 4 hours	< 8 hours	40% of MRC
≥ 8 hours	< 12 hours	50% of MRC
≥ 12 hours	< 16 hours	80% of MRC
≥ 16 hours		100% of MRC

Mean Time To Restore ("MTTR") Credits		Latency/Frame Delay (Roundtrip) Credit	Jitter/Frame Delay Variation Credit	Packet Delivery Credit
MTTR > 4 hours < 8 hours	40% of MRC	50% of MRC	50% of MRC	50% of MRC
MTTR ≥ 8 hours	50% of MRC			

All SLA Targets are monthly measurements, and Customer may request only one credit per SLA Target per month for the Affected Service. Should one event impact more than one SLA hereunder, Customer shall receive the single highest of the qualifying credits only. Service Credits hereunder shall not be cumulative per Service. The aggregate credit amount due to Customer in any month will not exceed 100% of the MRC for the Affected Service. Except as set forth below, the credits described in this SLA shall constitute Customer's sole and exclusive remedy, and Spectrum's sole and exclusive liability, with respect to any missed SLA Targets.

2. Chronic Priority 1 Outages

If Customer experiences and reports three (3) separate Priority 1 Outages where the Downtime exceeds four (4) hours during each Priority 1 Outage within three (3) consecutive calendar months, then Customer may terminate the Affected Service without charge or liability by providing at least thirty (30) days written notice to Spectrum; provided, however, that (i) Customer may only terminate the Affected Service; (ii) Customer must exercise its right to terminate the Affected Service by providing written notice to Spectrum within thirty (30) days after the event giving rise to Customer's termination right; (iii) Customer shall have paid Spectrum all amounts due at the time of such termination for all Services provided by Spectrum pursuant to the Service Agreement, and (iv) the foregoing termination right provides the sole and exclusive remedy of Customer and the sole and exclusive liability of Spectrum for chronic Priority 1 Outages and Customer shall not be eligible for any additional credits.

V. Network Maintenance

Maintenance Notice:
Customer understands that from time to time, Spectrum will perform network maintenance for network improvements and preventive maintenance. In some cases, Spectrum will need to perform urgent network maintenance, which will usually be conducted within the routine maintenance windows. Spectrum will use reasonable efforts to provide advance notice of the approximate time, duration, and reason for any urgent maintenance outside of the routine maintenance windows.

Maintenance Windows:
Routine maintenance may be performed Monday – Friday 12 a.m. – 6 a.m. local time.

CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **11.**

FROM: Peter Grant, City Manager

DATE: 08/26/2024

SUBJECT: **Approve Task Orders for Communications Support and Marketing**

RECOMMENDATION

1. Approve a Task Order to Communications LAB for $120,000 for City Communications Support and Marketing Services for FY 2024-25; and

2. Approve a Task Order to Communications LAB for $60,000 for Recreation and Park District Communications Support and Marketing Services for FY 2024-25.

DISCUSSION

The City Council approved a five-year on-call agreement with Communications LAB for marketing and communications support following a competitive process in 2021. Communications LAB manages social media, email and newsletter content, provides communications support, maintains website content, produces *The Progress*, among other assignments. They have improved social media reach and interactions, the quality of video production, and created a unified marketing and communications voice for Cypress. They have also created new, recurring video segments, including *Minute with the Mayor, Cypress Says* and *Made in Cypress.*

Communications LAB implemented a new social media strategy for the City in January 2023. From January 2023 to August 2024, the City has seen the following changes in interactions on our two most popular platforms, Facebook and Instagram:

Facebook

Followers	5,524	53% increase
Reach	389,200	328% increase
Profile Visits	64,900	354% increase

Instagram

Followers	4,760	26% increase
Reach	242,900	495% increase

Profile Visits	21,200	465% increase

The attached task orders for FY 2024-25 will provide the same levels of service as FY 2023-24 for both the City and Recreation and Park District. Communications LAB has staffing flexibility which enables a higher level of service, at roughly the same annual cost as the previously funded Communications and Marketing Analyst position.

BUDGET IMPACT

Sufficient appropriations for contract services are available in the City's and District's General Fund budgets to pay for the task orders for Fiscal Year 2024-25.

CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **12.**

FROM: Mark Lauderback, Chief of Police

DATE: 08/26/2024

SUBJECT: **Award On-Call Contract for Police Department Pre-Employment Background Investigation Services**

RECOMMENDATION

Award an on-call contract for Police Department pre-employment background investigations services to JL Group.

DISCUSSION

The Police Department is required to conduct pre-employment background investigations on all new employees. Due to the complexity of these investigations and the importance of remaining fair and impartial, background investigations are largely handled by outside third-party firms. Having three on-call contracts to provide pre-employment background investigations provides the Police Department with a pool of resources and options necessary to complete these investigations as quickly as possible. In the current law enforcement job market, the ability to process new employees efficiently is critical. The City utilizes similar on-call contracts for a variety of services throughout all departments, including within the Police Department for internal affairs investigations.

Earlier this year, the City conducted a Request for Proposals (RFP) for on-call background investigation services and the City Council approved contracts with the three highest-rated firms in February. One of these vendors, Horsemen Investigations, went out of business earlier this summer. The next highest ranked firm from the RFP process is JL Group, LLC. JL Group is located in Orange County and has conducted background investigations for neighboring cities such as Anaheim, Buena Park, Fountain Valley and Seal Beach. It is recommended JL Group be added to the list of on-call investigation firms, with an initial on-call contract for three years with two optional one-year extensions.

BUDGET IMPACT

There must be amounts available in the budget before a vendor can be authorized to initiate any work under an on-call contract. Sufficient amounts are expected to be available in the FY 2024-25 Budget to perform all required background investigation services through June 30, 2025.

LEGAL REVIEW

The City Attorney has approved the agreement as to form.

CITY OF CYPRESS
AGREEMENT FOR CONTRACT SERVICES FOR POLICE DEPARTMENT BACKGROUND INVESTIGATIONS

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into this 1st day of September 2024, by and between the CITY OF CYPRESS, a California municipal corporation ("City") and JL Group LLC, a Limited Liability corporation, a California based company (herein "Contractor").

NOW, THEREFORE, the parties hereto agree as follows:

1. SERVICES OF CONTRACTOR

1.1 Scope of Services. In compliance with all of the terms and conditions of this Agreement, the Contractor shall perform the work or services set forth in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by reference. Contractor warrants that it has the experience and ability to perform all work and services required hereunder and that it shall diligently perform such work and services in a professional and satisfactory manner.

1.2 Compliance With Law. All work and services rendered hereunder shall be provided in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental agency of competent jurisdiction.

1.3 Licenses, Permits, Fees and Assessments. Contractor shall obtain at its sole cost and expense such licenses, permits, and approvals as may be required by law for the performance of the services required by the Agreement.

1.4 Special Requirements. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

2. COMPENSATION

2.1 Contract Sum. For the services rendered pursuant to this Agreement, Contractor shall be compensated in accordance with the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference, but not exceeding available amounts contained in the City Council approved budget for services and purchases herein (See Exhibits "B" and C") (the "Contract Sum").

2.2 Invoices. Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Contractor is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall

also be detailed by such categories. Contractor shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within forty-five (45) days of receipt of Contractor's correct and undisputed invoice; however, Contractor acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission. Review and payment by the City of any invoice provided by the Contractor shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.3 Additional Services. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum for the actual cost of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation of up to ten percent (10%) of the Contract Sum but not exceeding a total contract amount of Five Thousand Dollars ($5,000) or in the time to perform of up to ninety (90) days may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. No claim for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

3. PERFORMANCE SCHEDULE

3.1 Time of Essence. Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Contractor, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding thirty (30) days cumulatively.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is

justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term. Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) year from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

4. COORDINATION OF WORK

4.1 Representative of Contractor. Jeffrey B. Love, Principal is hereby designated as being the representative of Contractor authorized to act on its behalf with respect to the work and services specified herein and make all decisions in connection therewith. All personnel of Contractor and any authorized agents shall be under the exclusive direction of the representative of Contractor. Contractor shall utilize only competent personnel to perform services pursuant to this Agreement. Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, and shall keep City informed of any changes.

4.2 Contract Officer. Support Services Division Captain, or such person as may be designated by the City Manager, is hereby designated as being the representative the City authorized to act in its behalf with respect to the work and services specified herein and to make all decisions in connection therewith ("Contract Officer").

4.3 Prohibition Against Subcontracting or Assignment. Contractor shall not contract with any entity to perform in whole or in part the work or services required hereunder without the express written approval of the City. Neither this Agreement nor any interest herein may be assigned or transferred, voluntarily or by operation of law, without the prior written approval of City. Any such prohibited assignment or transfer shall be void.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner, mode or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth. Contractor shall perform all services required herein as an independent contractor of City with only such obligations as are consistent with that role. Contractor shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City, or that it is a member of a joint enterprise with City.

5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages. The Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) Commercial General Liability Insurance (Occurrence Form CG0001 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence

basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, either the general aggregate limit shall apply separately to this contract/location, or the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Contractor against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Contractor in the course of carrying out the work or services contemplated in this Agreement.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than either (i) bodily injury liability limits of $100,000 per person and $300,000 per occurrence and property damage liability limits of $150,000 per occurrence or (ii) combined single limit liability of $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars, and any other automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional 5-year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(f) Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or officers, employees or agents may apply in excess of, and not contribute with Contractor's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, officers, employees and agents and their respective insurers. The insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled,

the Contractor shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until the Contractor has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsement to all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the City's Risk Manager or other designee of the City due to unique circumstances.

5.3 Indemnification. To the full extent permitted by law, Contractor agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Contractor, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Contractor is legally liable ("indemnitors"), or arising from Contractor's or indemnitors' reckless or willful misconduct, or arising from Contractor's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

a. Contractor will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorney's fees incurred in connection therewith;

b. Contractor will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Contractor hereunder; and Contractor agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

c. In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Contractor for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Contractor hereunder, Contractor agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorney's fees.

Contractor shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Contractor shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This

indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Contractor in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Contractor and shall survive termination of this Agreement.

6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records. Contractor shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services and shall keep such records for a period of three years following completion of the services hereunder. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records.

6.2 Reports. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement or as the Contract Officer shall require.

6.3 Confidentiality and Release of Information.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than the City without prior written authorization from the Contract Officer.

(b) Contractor shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives the City notice of such court order or subpoena.

(c) If Contractor provides any information or work product in violation of this Agreement, then the City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify the City should Contractor be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party

regarding this Agreement and the work performed thereunder. The City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with the City and to provide the City with the opportunity to review any response to discovery requests provided by Contractor.

6.4 Ownership of Documents. All studies, surveys, data, notes, computer files, reports, records, drawings, specifications, maps, designs, photographs, documents and other materials (the "documents and materials") prepared by Contractor in the performance of this Agreement shall be the property of the City and shall be delivered to the City upon request of the Contract Officer or upon the termination of this Agreement, and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by the City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Moreover, Contractor with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law. This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Orange, State of California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Orange, State of California.

7.2 Disputes; Default. In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under this Article.

7.3 Legal Action. In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Contractor shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue any legal action under this Agreement.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 Termination Prior to Expiration of Term. This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon written notice to Contractor. In addition, the Contractor may terminate this Contract at any time for cause, upon sixty (60) days' advance written notice to City. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Exhibit "C". In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 Termination for Default of Contractor. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Contractor covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class in the performance of this Agreement. Contractor shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class

8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Cypress, 5275 Orange Avenue, Cypress, California 90630 and in the case of the Contractor, to the person(s) at the address designated on the execution page of this Agreement.

This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorney's Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees, whether or not the matter proceeds to judgment.

8.8 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

8.9 Counterparts.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

8.10 Warranty & Representation of Non-Collusion. No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be

consistent with State law and shall not include interests found to be "remote" or "noninterests" pursuant to Government Code Sections 1091 or 1091.5. Contractor warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Contractor further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Contractor is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

CITY OF CYPRESS

CITY COUNCIL REPORT

City Council Regular **13.**

FROM: Matt Burton, Director of Finance and Administrative Services

DATE: 08/26/2024

SUBJECT: **Receive and File the Investment Reports for the Months Ended June 30, 2024 and July 31, 2024.**

RECOMMENDATION

Receive and file the attached investment reports.

DISCUSSION

California Government Code Section 53607 and Cypress Municipal Code Section 2-18(f) requires the submission of a monthly investment report to the City Council. Due to the cancelation of two City Council meetings in July and August, two reports are being presented for the periods ending June 30, 2024 and July 31, 2024. As of June 30, 2024, the City had $198.4 million (current market value) in cash and investments and the interest return (yield) on the public funds investments was 4.55%. As of July 31, 2024, the City had $190.8 million (current market value) in cash and investments and the interest return (yield) on the public funds investments was 4.51%. As required by the Government Code, all investments are in conformity with the City's investment policy and sufficient cash flows are available to meet the next six months of estimated expenditures.

The attached Summary of Cash and Investments presents the investments held by the City of Cypress as of June 30, 2024 and July 31, 2024. The Investment Report consists of the following five summaries:

1. Summary of Cash and Investments - Provides the total portfolio of the City.
2. Changes in Cash and Investments - Provides a two-month cash flow analysis by fund type. These separate fund types allow for restricted monies to be segregated and tracked separately. The total ending amount agrees to the current market value shown in the Summary of Cash and Investments.
3. Investments at Market Value by Maturity Date - Provides a list of investments by maturity date, and an indication of the liquidity (ability to turn into cash) of the investments. The California Government Code restricts the type of investments eligible for public funds. The City’s Investment Policy further defines permitted investments. These restrictions on investment types and the terms of allowable investments tend to

result in limited yields on City investments.

4. Interfund Investments - Shows all authorized and outstanding loans between City funds. The loans from the Infrastructure Reserve Fund to the Cypress Recreation and Park District General Fund relate to the construction of Lexington Park and the rehabilitation of Arnold Cypress Park.
5. Summary of Cash and Investments Held In Trust - Shows the investments held in trust by the Public Agency Retirement Services (PARS) for offsetting unfunded pension liabilities. The pension trust amounts can only be used for future pension obligations. The legal restrictions on the allowable investment types are less restrictive than those in the City's portfolio, which provides the ability for the trust to invest in more diverse assets which have the potential to yield a higher long-term rate of return.

As mentioned previously, the City had $198.4 million and $190.8 million (current market value) in cash and investments on June 30, 2024 and July 31, 2024 respectively. The investments include Federal Agencies and US Treasuries Debt ($143.1 million at June 30 and $143.7 million at July 31) and Investment Pools ($53.8 million at June 30 and $44.8 million at July 31). The City's bank accounts held $1.5 million on June 30, 2024 and $2.3 million on July 31, 2024.

A portion of the investment portfolio is with the State Investment Pool (Local Agency Investment Fund or LAIF) in which the State's investment experts provide a diversified investment pool for local agencies to invest. By using the combined size of the participating cities and agencies, the State Pool provides a competitive yield, liquidity and investment diversification and management that would otherwise be unavailable to a single entity.

The amount of cash in the City’s checking accounts fluctuates based on the maturity of investments, daily cash receipts, and when vendors and employees are paid. The daily balances maintained in the checking accounts provide credits which offset monthly bank charges. In addition to the Federal Depository Insurance Corporation (FDIC) which insures the first $250,000, excess checking deposits are secured by banks, government, or mortgage securities valued between 110% and 150% of the deposits.

BUDGET IMPACT

None.

None required.

SUBJECT: **Receive and File Register of Warrants, Transfers, and Wires Issued for the Period of June 8, 2024 through August 9, 2024**

RECOMMENDATION

Receive and file the attached payment register summarized below for the period of June 8, 2024 through August 9, 2024:

- Electronic Funds Transfers 15300 through 15546
- Warrants 65425 through 65865
- Payroll Transfers W1531 through W1535

DISCUSSION

Payments to vendors for goods and services received and/or rendered are initiated and approved by the requesting department in accordance with proper purchasing guidelines. Processing of these payments occurs centrally in the City's Finance Department with payments issued bi-weekly. A register listing of these payments is presented monthly to the City Council for approval. This register also includes any Electronic Funds Transfers (EFT), outgoing payroll transfers or wires issued since the previous register was presented to the City Council. Voided payments (if any) are also identified.

All payments are processed on the City's financial management software system. This system generates a payment batch register, sorted by warrant number (or EFT/Wire number), and presents the invoice amount and a description of the payment issued.

BUDGET IMPACT

Total warrants, transfers, and wires issued (net of any voided payments) during the period of June 8, 2024 through August 9, 2024 are $23,208,226.55.
