City of Edmond

Notice of Public Meeting

The City of Edmond encourages participation from all its citizens. To request an accommodation due to a disability, please contact the ADA Coordinator at least 48 hours prior to a scheduled meeting. The ADA Coordinator can be contacted by email: ADAcoordinator@edmondok.gov or phone: 405-359-4518.

Parks and Recreation Advisory Board
Regular Meeting Agenda
2733 Marilyn Williams Drive, Edmond, Oklahoma
4:00 p.m., Thursday, December 18, 2025

Notice to the Public

Official action can only be taken on items which appear on the agenda. The Parks and Recreation Advisory Board may discuss, adopt, approve, amend, reject, deny, strike or continue any item listed on the agenda. When more information is needed to act on an item, the Parks and Recreation Advisory Board may refer the matter to City of Edmond staff for additional study. Under certain circumstances, items are deferred/continued to a specific later date or stricken from the agenda entirely.

1. Call to Order.

2. Consideration of Approval of Meeting Minutes: November 20, 2025.

3. City Trails Naming Project:

    1. Discussion of Recommended Names for City Trails.
    2. Discussion and Consideration to Select a Representative to the Trails Naming Committee.

4. Discussion and Consideration of Parks and Recreation Advisory Board Strategic Goals.

5. Updates and Discussion of Parks & Recreation Activity Reports and Projects, Including:

    - A.C. Caplinger
    - Pelican Bay
    - Superlative Asset Valuation
    - Mitch Park Master Plan
    - Hafer Park Projects
    - Lamb Nature Preserve
    - KickingBird Pickleball
    - Westborough Park
    - Edmond Trail Projects

- Luminance
- Liaison Reports

6. Citizen Comments.

This is an opportunity for residents and non-residents to address the Parks and Recreation Advisory Board on Parks and Recreation Advisory Board related matters not on the agenda or scheduled for a public hearing. All remarks must be directed to the Chair of the meeting, are limited to three minutes or less, and must otherwise be made in accordance with Section I of the City Council / Public Works Authority rules, available here and upon request at the City Clerk's Office.

Please note that members of the Parks and Recreation Advisory Board cannot respond to issues brought up in Citizen Comments if they are not on the agenda, in accordance with state law.

7. Comments from the Parks and Recreation Advisory Board Chair and Members.

8. Adjournment.

PARKS AND RECREATION ADVISORY BOARD
November 20, 2025

1) **Meeting called to order** by Taylor Hildenbrand at 4:04 p.m. at the MAC, Parks and Recreation Administration, 2733 Marilyn Williams Drive, Edmond, Oklahoma. The agenda for this meeting was posted in City Hall on November 17, 2025, at 9:55 a.m. Parks & Recreation Advisory Board members present: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley. City staff present: Sean Wallace. Parks and Recreation staff present: Brad Raney, Frank Hale, Amanda Thomas, Zach Paty, Aaron Cain, Emily Young, and Cheryl Tettleton.
Absent: Laura Robertson, Jerel Cowan, Gena Money, and Chris Anderson

2) **Consideration of Approval of Meeting Minutes – October 16, 2025.** Ashley Bradley motioned to approve the minutes; Saundra Naifeh seconded the motion. **Motion carried as follows:**
AYES: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley
NAYS: None

3) **Presentation and Consideration of a Memorandum of Understanding (MOU) with the Oklahoma Monarch Society Regarding the Receipt of Grant Funds.** Introduced by Brad Raney and Amanda Thomas. Edmond was approached by the Oklahoma Monarch Society because of the work we already do to support pollinators. Katie Hawk, Stafanie Leland, and Dr. Patrick Bell were present to speak for the Monarch Society. Katie Hawk said the organization had been operating for nine years, commonly known as Okies for Monarchs. Monarchs serve as the "canary in the coal mine" for pollinators, and the U.S. Dept. of Fish and Wildlife is considering adding monarchs to the endangered species list. The OK Monarch Society received a grant from the Kirkpatrick Foundation, and they will use those funds to partner with two municipalities to enhance their existing pollinator programs and then use them as showcases for other communities. Edmond is first and Norman will likely be second. The grant provides up to $11,000 in supplies and materials to support installing new pollinator habitat with educational signage, an 8-foot monarch-themed mural painted by local artist Rick Sinnett (who also designed Oklahoma's monarch license plate), and community engagement activities. Saundra questioned the impact on pollinators from golf courses and their pesticides. The USGA has a program, "Monarchs in the Rough", to improve this. Amanda is working with the Visual Arts Commission regarding placement of the mural, and Aaron Cain (parks maintenance) is developing a detailed plan for the new habitat. Aaron stated that Mitch Park and all of the city's west-side gardens are pollinator-supporting gardens. They remove invasive trees to support these areas. When an area is brush-hogged, the seed heads go right back into the soil to promote new growth. The parks department is looking at a site near Whispering Heights Park for installation of the new garden. It has tall grass prairie around it. The budget in the MOU document is conceptual. Municipalities will set their own budget. The I-35 corridor is roughly the main path for migration. The butterflies will travel from areas to the east to get to this corridor before heading south. There are 26 types of milkweeds for Oklahoma. Saundra suggested hosting informational meetings for nurseries and lawn companies. Patrick Bell stated that native plants serve as the best fuel source. Amanda mentioned the need for pollinators to have access to a variety of plants to support their need for a kitchen (food source), a nursery (lay eggs), and a living room (resting place). Rick Smith

motioned to support the MOU; Gary Bartley seconded the motion. **Motion carried as follows:**
AYES: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley
NAYS: None

4) **Presentation and Consideration of Recommended Bicycle Trail Names.** Presented by Sean Wallace of the city's Planning Department and representative of the Edmond Bicycle Committee. A committee was formed to simplify the trail names around the city. Currently, trail segments are given a nickname during development and construction (e.g., Creek Bend or Northwest Connector). The committee included representatives from Parks, Engineering, Planning, Visit Edmond, and the Bicycle Committee. Groups of trail segments would be renamed to reflect the broader location of the trail. Some examples: The trail segments around Arcadia Lake would collectively be called the Arcadia Lake Trail, including the current Route 66 Trail, the Northwest Connector, and other future segments planned to complete the loop. The planned Post to Pops/Westminster trail would take the Route 66 Trail name. The Spring Creek Trail would run from Spring Creek Park to Hafer Park when complete. The Crosstown Trail would run from Hafer Park to Covell at Broadway. Some trails include a combination of side paths, shared lanes, bike lanes, and trails. The new trail names are part of an integrated long-term plan, combining the Bicycle Master Plan and the Edmond Shift mobility plan. There was discussion about using medallions on the trails rather than signs to identify trail names/ location markers. There are currently medallions on the Spring Creek Trail. Gary Bartley motioned to support the trail names as presented; Ashley Bradley seconded the motion. **Motion failed as follows:**
AYES: Gary Bartley, Anthony Rose, and Ashley Bradley
NAYS: Earl London, Rick Smith, Saundra Naifeh
ABSTAIN: Taylor Hildenbrand

Saundra Naifeh motioned to continue this item to the next meeting; Gary Bartley seconded the motion. **Motion carried as follows:**
AYES: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley
NAYS: None

Sean Wallace agreed to return for continuation of the discussion at the next meeting. Saundra also requested that Amanda Thomas attend, as she was the parks representative on the committee.

5) **Presentation and Consideration of the Parks and Recreation Advisory Board's Strategic Planning Goals.** Taylor Hildenbrand presented. Two separate work groups met in recent weeks to discuss ideas. The document provided to the board contains the priorities determined by each group. Gary stated that the board's previous goals (developed in 2022) were presented to Council, and he felt it was important to do that again. Some discussion about how and when to do it. Council will meet on December 2 and 3 to develop their strategic goals. It was decided it would be best to provide a draft of the board's goals to Council prior to their planning meetings and then arrange a workshop with them in January or February for more in-depth conversation. Items included on the board's goals were completion of the Lamb Nature Preserve, park maintenance, developing and implementing park improvement/master plans, developing additional funding sources, and supporting sports fields as well as open and natural

spaces. There was a lot of overlap in priorities developed by each group. Taylor went through them with the board and will create a single list of five or six priorities for presentation to Council. Saundra Naifeh motioned to support the updated draft of the strategic planning goals; Earl London seconded the motion. **Motion carried as follows:**
AYES: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley
NAYS: None

6) **Updates and Discussion of Parks & Recreation Activity Reports and Projects, including:** Presented by Brad Raney and Frank Hale.
   - **A.C. Caplinger** – Moving along well. A small issue in the discovery of an unknown sewer line from Vista Lane trailer park behind the park maintenance building where a pond is to be installed. Synthetic turf installation is expected around Christmas.
   - **Pelican Bay** – Moving along. Meeting tomorrow. Large change order on next Council agenda regarding items that were suspected but not known until ripping up the decking, like electrical components encased in the concrete. The change order will add about 30 days to the contract but should not negatively impact the planned Memorial Day weekend opening date.
   - **Chitwood Park & Barnett Field** – No update.
   - **Westborough Park** – Playground equipment colors have been selected and equipment ordered, with installation expected this winter.
   - **Mitch Park Master Plan** – Went from about 90 survey responses to over 1,000 after social media promotion and the offer of a gift card prize. The designers will bring a couple of concepts to Luminance to get attendee input.
   - **Hafer Park Projects** – Pavilion and deck design is in process and developing cost estimates, which are looking favorable. The passive lounge area design agreement was approved by Council. We are applying for a TSET grant to fund the project. The city has done a lot of work to make us eligible for TSET funds. An item was on the last Council agenda to complete our eligibility. We are also applying for a TSET planning grant for a park/recreation/open space plan for our whole system. Prescribed maintenance as per the Urban Forestry parks tree inventory is ongoing. Some large volunteer trees were removed, which caused concern for some area neighbors. Parks and Urban Forestry staff have a meeting planned near the old Shakespeare stage area with a citizen on Dec. 5 at 10:30 a.m. to discuss the maintenance. Anyone else interested may attend.
   - **Lamb Nature Preserve** – The cultural resource survey associated with our grant funding is currently underway. A path will be cleared in the next couple of weeks to facilitate access for the geotechnical survey equipment. The cleared area will overlap with the planned trail alignment to minimize impact. A lot of time has been spent on designing the trail alignment for tree preservation. The overall project is moving at the speed of the grant. The $800K grant is a 50/50 matching grant and was based on a $1.6 million budget. If costs come in higher, we can request additional grant funds. Our hope is that the funds will not only help us to build it, but also to take care of it forever.
   - **KickingBird Pickleball** – Still working.
   - **Edmond Trail Projects** – Northwest Connector groundbreaking scheduled to take place on Dec. 4. Construction is expected to begin on Jan. 19.

- **Luminance** – Kicks off tomorrow night at 4:00 p.m. with entertainment, food trucks, mayor & Council members. A drone show will begin at dark. The second event night will be Saturday, Dec. 13.
- **Liaison Reports –**
  - Golf Advisory – Ashley reported that Brian had a meeting with the Finance and Budget Reform Committee about how to use restricted reserve funds, and that they are looking at renegotiating the contract with The Lookout (Hole in One Food & Bev.) due to a substantial increase in restaurant revenue.
  - Arcadia Lake – Rick was unable to attend the meeting but noted that there are three new members on the lake commission.
  - Park Conservancy – Saundra said the Uncommon Ground project is progressing, with new sculptures, and some of the artwork is lighted. They continue to raise funds. A foundation is in place to provide funds to assist the city with maintenance of this park.

7) **Citizen Comments.**
   - Jackie de los Santos lives near Hafer Park, was involved in advocating for acquisition of the Preserve land and has participated in the ELC meetings. She was concerned about "development" of the park and said the citizens and ELC want the paths and education area to be rustic. The group mantra was "nature first, people second". Frank noted that he communicates regularly with Derek and Barrett of ELC. Design plans are at about 65% and support the group's vision of minimal impact. There is no concrete.
   - Sharon Gregory was also part of the Preserve group but is present tonight due to concerns about the amount of tree work occurring at Hafer Park. She stated that people love the park because of its natural, less manicured, look.
   - Taylor Wilson encouraged staff to remember to budget for maintenance of amenities and to also consider that cost when reviewing the concepts for the Mitch Park master plan. He mentioned the iNaturalist app in relation to the Monarch item. He was also supportive of trail medallions vs. signs and confirmed the existence of a long-term trail plan.

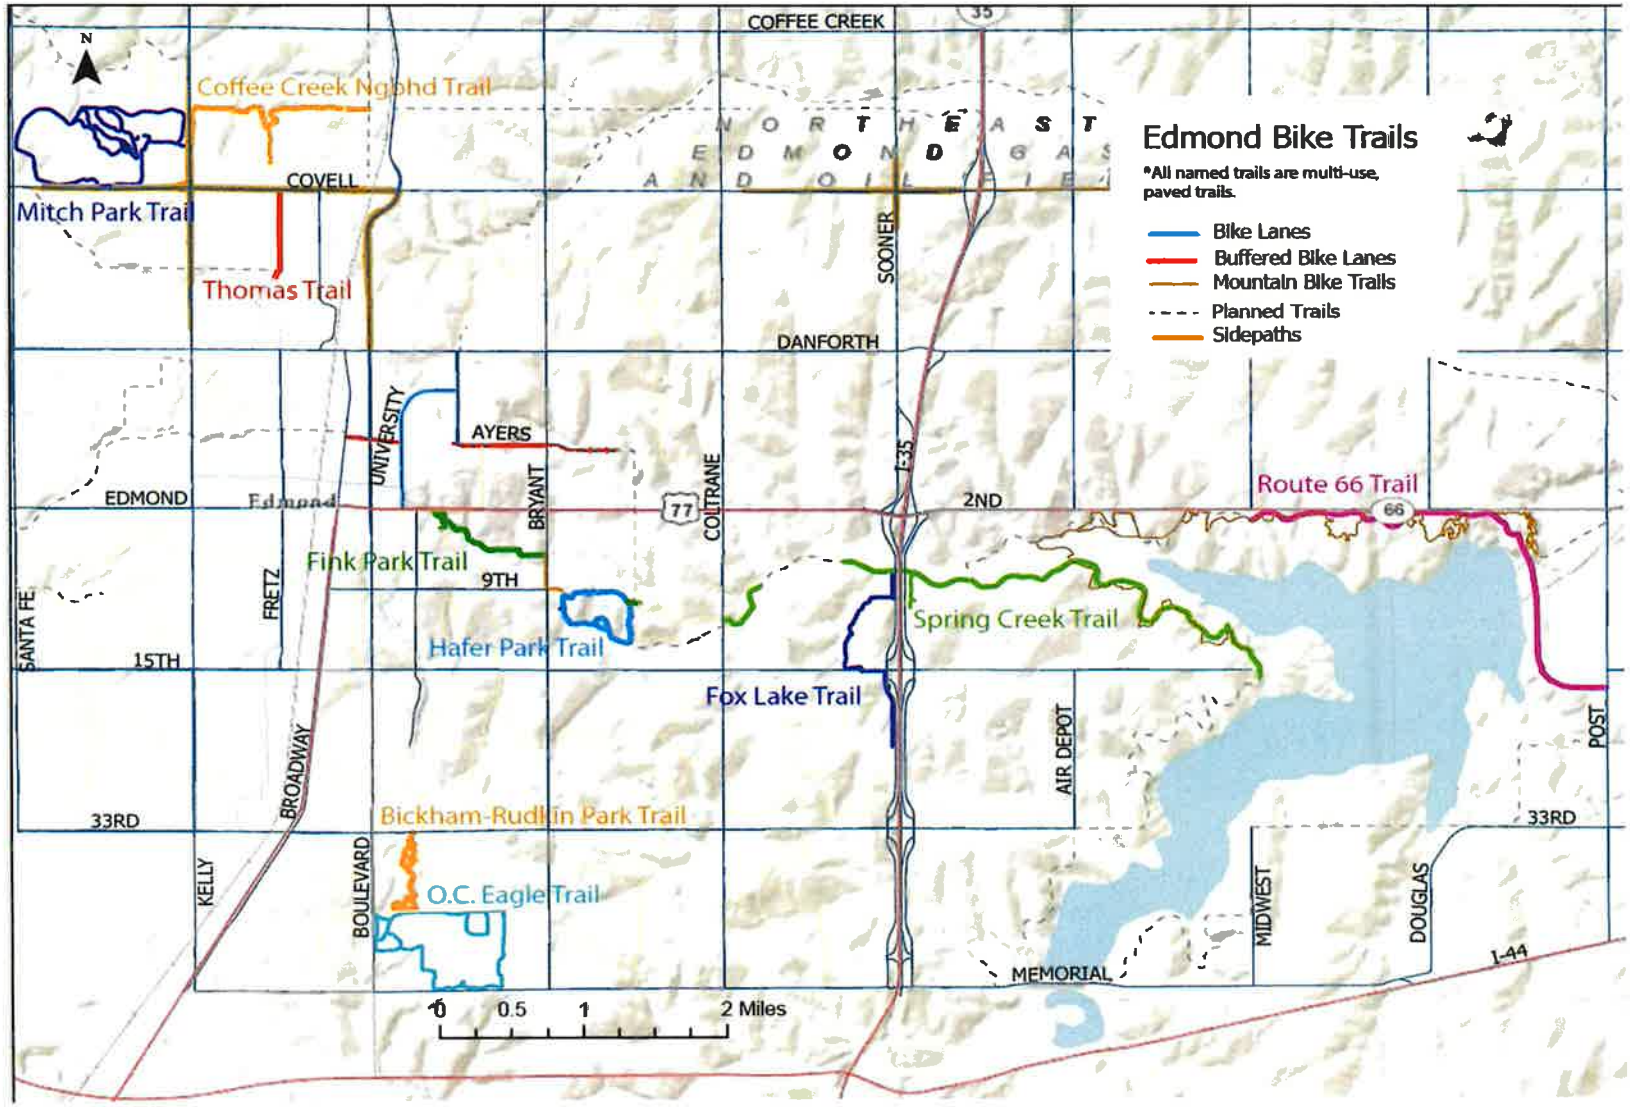

8) **Comments from the Parks and Recreation Advisory Board Chair and Members.** Rick is a member of the Edmond AMBUCS. They have established a committee to look at designs and funding for replacing the Mitch Park AMBUCS playground, which is 25 years old. Saundra is also participating in the committee. They will be going to Kingfisher tomorrow to look at their AMBUCS playground. Zach recommended Joe Scamman as a good staff member to consult.

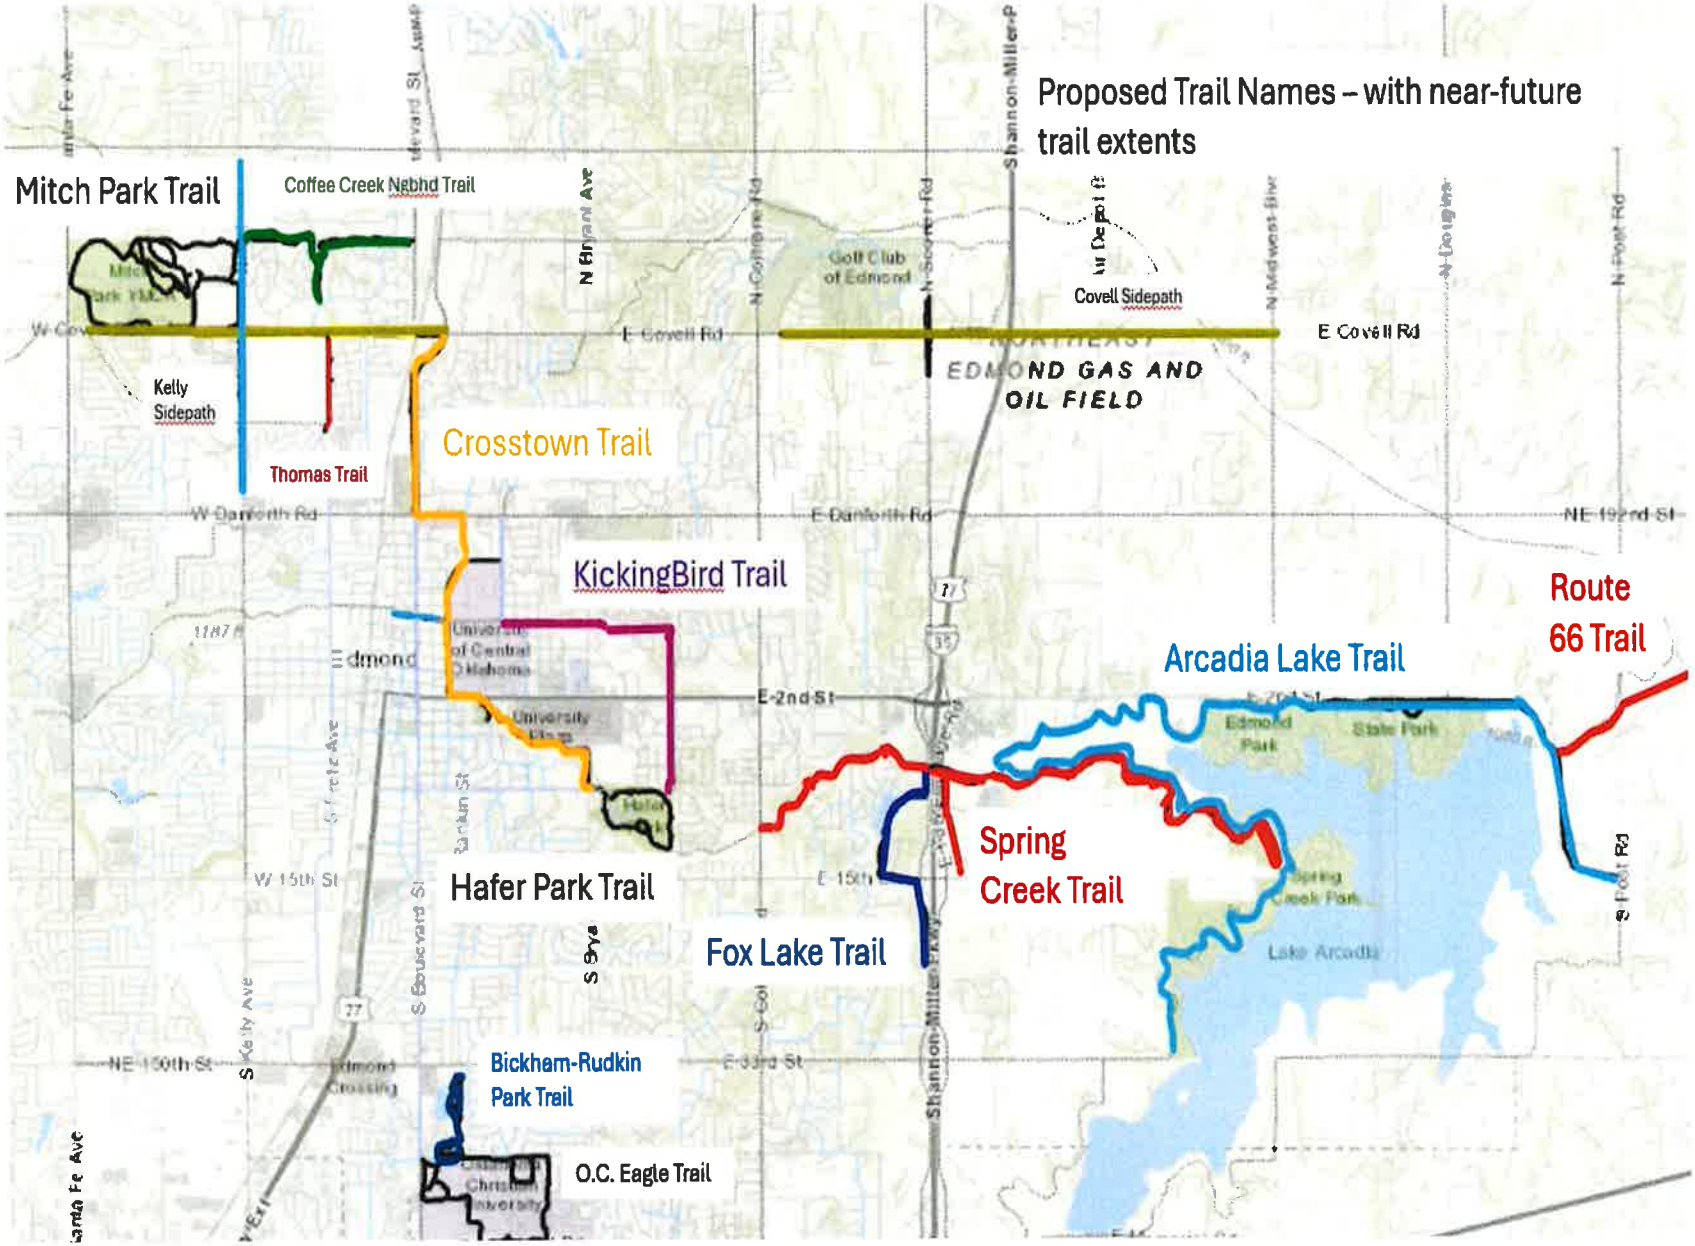

9) **Adjournment.** Rick Smith motioned for adjournment of the meeting at 5:45 p.m.; Saundra Naifeh seconded the motion. **Motion carried as follows:**
   AYES: Taylor Hildenbrand, Gary Bartley, Saundra Naifeh, Earl London, Rick Smith, Anthony Rose, and Ashley Bradley
   NAYS: None

Edmond Bicycle Trail-Naming Subcommittee Recommendations:

- The planned loop trail encircling the lake would be known as the "Arcadia Lake Trail." This would refer to the paved bicycle and shared-use trail. There would also continue to exist at the Lake numerous mountain-biking trails, an equestrian trail, and hiking and walking paths. Arcadia Lake Staff would continue to manage the trails and direct people to them.
    - As part of this proposal, what is currently known as the "Route 66 Trail" would become the "Arcadia Lake Trail."
    - The "Northwest Connector Trail" (in design) would simply become an extension of the Arcadia Lake Trail.
    - The "Post to Westminster Trail" (in design) would become the "Route 66 Trail." It is proposed to run as a sidepath along Route 66 to Westminster Rd (Pops).
    - The "Spring Creek to Carl Reherman Trail" (in design) would become an added portion of the Arcadia Lake Trail.
- The Spring Creek Trail would run from Spring Creek Park to Hafer Park.
    - As part of this idea, what is currently referred to as the "Creek Bend Trail" would simply become an extension of Spring Creek Trail, as would any trail that connects through the Chimney Hill neighborhood.
    - The (in design) connection to the Ybrary would also just be an extension of the Spring Creek Trail, just like the Integris Hospital extension is today.
- The "Crosstown Trail" is proposed to run from Hafer Park to Covell Road at Broadway. This trail would consist of sidepaths, shared lanes, bike lanes and would include the Fink Park Trail.
- The "KickingBird Trail" is proposed to run from the UCO campus utilizing the Ayers St. protected bike lanes, plus the (in design) Kickingbird Road bike lanes, and the (in design) "Vista Lane to Kickingbird Trail" and (in design) "Vista Lane to Hafer Park Trail." This trail would consist of protected bike lanes, trails, sidepaths and would cross 2nd Street.
- The "Chisholm Creek Trail" is a future trail that is proposed to run from University Dr. along Ayers St. and then head west on Thatcher St. through the Edmond Public Schools transportation center property west towards Chisholm Creek.
    - "Dooley Trail" terminology would no longer be used, nor would "Chisholm Creek Tributary Trail."

Parks & Recreation Advisory Board

2026 Strategic Goals

Draft approved by board 11/20/25

1. Complete the Charles Lamb Nature Preserve
    a. Communicate Progress
2. Develop additional funding and charitable sources for Edmond's Parks system
    b. Uncommon Grounds responsibilities and obligations
    c. Naming Rights
    d. Develop mechanism to accept and dedicate charitable gifts
    e. Pursue Foundation designation for Grants
3. Support and Promote the Uncommon Ground Sculpture Park
4. Develop Improvement Plans for Parks
    f. Investigate all abilities parks
    g. Pursue Citizen Survey on Parks and Recreation interests
    h. Support Social Media Promotion of parks
    i. Support park pedestrian connectivity (trails)
5. Increase Maintenance of existing parks
    j. Maintenance Schedules for Park assets
    k. Maintenance Plan for Uncommon Ground
    l. Support existing fields and future sports facilities
    m. Raise awareness for and champion open space, nature, and preservation activities
    n. Quantify standards for safety, beautification, ecology (harmony with nature), and shade across parks system.

Arcadia Lake Monthly Revenue Report Nov 25

Weather Conditions for current month	
Average Monthly Temp.	55
Highest for month	85
Precipitation data	1.3
Low for month	23

Revenues are on track for Nov, when compared to the same period last year. Carl Reherman and Edmond Park closed on Nov. 1 for the off season and will re-open on April 1st.

Edmond PARKS AND RECREATION

MONTHLY ACTIVITY REPORT

Arcadia Lake — A PLACE FOR ALL SEASONS

Reporting Period:	11/1/2025 to 11/30/2025
Submitted By:	Nick Garrett, Arcadia Lake Maintenance Supervisor

Maintenance Report:

- Vehicle and equipment inspections.
- Custodial duties. Trash collection, litter clean up, restroom facilities, pavilions, disc golf course, greenway trails, grills and fire ring cleaning.
- Regular maintenance on restroom facilities and pavilions. Inspect lift stations weekly.
- Wildlife management hunt continued. 16 Antlered and 24 Antlerless harvested to date.
- Storybook forest event disassembled and stored for next year.
- Close CRP and EP for the off season. Added barricades to CRP entrance roadway.
- Winterize EP restrooms.
- 50-amp breaker replaced at site 507.
- Repair red trash cart pedestal brackets.
- Reorganize storage area for extra trash carts.
- Assist Edmond Fire department with the use of storybook seating and fire rings for Winter's Night event.
- Water hydrant repairs CSP site 506, 511, and EP site 19.
- Parking line and handicap logo painting at Creek Pavilion restroom, Kingsnake restroom, Scissortail #1 restroom and parking spaces in Scissortail campground west loop.
- Replace outdoor light fixture at EP rent house.
- Spread millings on the drive to the boat house.
- Mow the CSP rent house field.
- Prepare location in EP for trail construction groundbreaking event.

Notes:

- Community service project with 46 labor hours collecting 37 bags of debris.

ACTION TO BE TAKEN:	☐ *Discussion Only*	☐ *Procedural Change*
	☒ *Information Only*	☐ *Possible City Council Policy Recommendation*

December 2025

IN THE NEWS

NEW INDOOR COURTS POLICY

As many of you know, our courts—especially the indoor courts—see a tremendous amount of play. As the facility has aged, we've noticed increasing staining on the court surfaces. Unfortunately, cleaning tennis courts is challenging and can risk damaging the surface or removing texture, which impacts ball speed and overall playability.

After conducting research and consulting with colleagues nationwide, we have decided to implement a new policy allowing water with lids only on the indoor courts. Food, gum, and sports drinks are no longer permitted.

You will also see that we've placed mats under all benches. We ask both customers and staff to keep water bottles on these mats to help protect the courts. If by chance you spill your water on the mat or on the court, please notify staff immediately and they will clean it up.

We understand this may be an inconvenience, but these steps will help us maintain the quality of our courts for everyone's enjoyment. Thank you for your cooperation.

GIVING BACK TO OUR COMMUNITY THROUGH CCC

Edmond Center Court is proud to partner with Citizens Caring for Children for this year's Giving Tree!

Together, we're working to bring comfort, joy, and essential items to children in foster care this holiday season. You can participate by bringing new, unwrapped gifts and placing them in the blue collection bins or under the Giving Tree in our lobby. See wish list below for what CCC is needing.

Every donation helps brighten a child's holiday. Thank you for supporting Citizens Caring for Children and making a meaningful impact in our community!

Citizens Caring for Children (CCC) is a nonprofit organization dedicated to supporting children and young adults in foster care throughout Oklahoma. When children first enter foster care — often having to leave home with nothing — CCC helps meet their basic needs by providing new clothing, shoes, hygiene supplies, books, and other essentials. Through programs like their Resource Center, Back-to-School events, and holiday drives, CCC also works to restore dignity, hope, and a sense of normalcy for foster children.

Wish list:

- New Pants/Jeans
- New Shorts
- New Shirts (short and long-sleeve)
- New Shoes
- New Stuffed Animals
- New Socks and Underwear
- New Pajamas
- New Coats
- New Duffel Bags/Luggage
- New Blankets
- New Books
- New Full-Size Toiletry Items (shampoo, conditioner, body wash, deodorant, brushes, combs, baby lotion, toothpaste and toothbrush)

UPCOMING EVENTS

JUNIOR TENNIS TALK

REMINDERS

PLAY REPLAY

Have you noticed the monitors on all 6 indoor courts? In partnership with USTA Missouri Valley, we've recently installed PlayReplay on all 6 of our indoor courts, bringing state-of-the-art technology to our customers and coaches. PlayReplay is an advanced smart-court system for tennis (and increasingly other racquet sports) that combines electronic line calling (ELC), shot and movement analytics, and real-time tracking of both players and balls. Coaches can use the system to give immediate feedback, enhance instruction, and make every practice more effective. This upgrade transforms our training experience—helping players of all levels see, learn, and improve like never before! This system is completely free and we encourage all of you to try it out. If you have any questions, please reach out to any of or teaching staff.

SAVE MY PLAY

We're excited to announce that Save My Play has been installed on outdoor courts 3-4. This innovative system lets players record and relive their matches with ease. For just $20 per match, you can capture every point, rally, and highlight to review or share later. Simply scan the QR code located on your assigned court to start your recording before play begins. It's an easy and affordable way to analyze your game, celebrate great shots, and keep your memories on the court!

MONTHLY ACTIVITY REPORT

Reporting Period:	11/01/25 to 11/30/2025
Submitted By:	Brian Soerensen, Director of Golf

Activities:

Golf Course Activities:

- We hosted the Level 1 & 2 Teaching Seminars for the Professional Golf Management Program at UCO on Saturday and Sunday, November 1st and 2nd.
- We hosted Donna Kunneman's Baby Shower on the East Patio on Saturday, November 1st from 11:00am – 1:00pm.
- We hosted Kourtney Dean's Birthday Party on Saturday, November 1st in the Boardroom from 6:00pm-9:00pm.
- We hosted Laura Propester 40th Birthday on the East Patio on Saturday, November 1st from 7:00pm-10:00pm.
- Edmond Electric started to move utilities for the new employee parking lot on Wednesday, November 5th.
- We hosted Professional Moms Health and Wellness in the Event Center from 11:00am-2:00pm.
- We hosted Edward Jones in the Boardroom on Wednesday, November 5th from 11:00am – 1:00pm.

- We hosted the Edmond Women's Club in Ballroom A of the Event Center from 6:00pm-9:00pm on Thursday, November 20th.
- We hosted Oklahoma Christian School's Junior Retreat (100 students) on Friday, November 21st from 8:00am-2:30pm in the Event Center,
- We hosted the Fairway Golf Tour on Saturday, November 22nd.
- We hosted Brandy Isbell's rehearsal dinner in the Boardroom on Saturday, November 22nd from 6:00pm-9:00pm.
- We hosted the Buersmeyer Anniversary party in Ballroom A of the Event Center on Sunday, November 23rd from 12:00pm-4:00pm.
- We hosted the Caperton Rehearsal Dinner in the Boardroom on Sunday, November 23rd from 6:30pm-9:30pm.
- The golf course was CLOSED on Thanksgiving Day.

Rounds of Golf Played:

- 3,656 total rounds played – 3,526 paid rounds generating $227,080 in revenue after taxes removed.

Golf Advisory Board:

- The Golf Advisory Board met on Wednesday, November 19, 2025. The board chair, Kevin Leonard, called the meeting to order and the minutes of the previous meeting were approved. He then turned it over to Brian to introduce Taylor Wilson from the Edmond Finance Board, future KWGA Representative Cindy Sheffield, and new Parks and Recreation Board liaison, Ashley Nicole Bradley. Brian then gave a brief review of Revenue and Expenses for October. There were 4,783 total rounds of golf played and 4,460 paid. Dollar per player was $67.22 per player for the month. The restaurant hit their revenue number resulting in a revenue share check of $11,678 for the month. Highlighted expenses for the month were $77,616 for the rehabilitation of Water Well #16, $1,728 for new tee markers, and $1,327 for Fall Festival supplies. Total revenues for month of October were $313,285 and total expenses were $322,465 resulting in a loss of $9,180 for the month. Brian then gave his staff report with the following highlights. City Council approved the Supplemental Appropriation of $94,000 at the November 10th meeting. Funds will be used for lighting the Lookout Sign and North Patio, installing a new dishwasher and sink in Special Event center prep kitchen, new mini split heat and air units in the indoor teaching facility, and adding new security cameras. Edmond Electric has moved all utilities in preparation for new employee parking just south of indoor pickleball facility. Frequent Players cards will go on sale on Friday, November 28th through Wednesday, December 24th. Mike Payne, Assistant Golf Course Superintendent, mentioned that Monument pre-emergent was being applied to the course. Maintenance staff has also started painting the target greens on the range and has been rolling more than mowing to minimize stress on the turf around the greens. Brian then recognized Rick Lashley for seven years of service on the Board and Dr. Gerry Pinston for six years of service. Brian then presented a new South Central Section PGA HOPE and Hero Program designed to raise funds for veterans and active-duty military. They would set up on a Par 3 during regular play day and run a Closest to the Pin competition. The Board approved and recommended doing the events on holidays such as Memorial Day, Fourth of July, Labor Day, or Veteran's Day. The final item of business was the discussion of revising KickingBird's agreement with Hole in One Food and Beverage, LLC which operates the restaurant and special events. There was a good discussion about operational

hours, services, rent and revenue sharing and Brian informed the Board he will keep them updated as negotiations continue. As there was no other business, the meeting was adjourned. For more information, please contact Brian Soerensen, Director of Golf at 405-216-7421.

Recreation Bullets for November 2025

- Noticing Nature was November 8 at Arcadia Lake. Participants learned mindfulness techniques and practiced them during a hike. We observed a red-tailed hawk, a baby rat snake, found signs of deer via rubbings on tree bark and tracks, and more. Baseline heart rate was measured, and throughout the program as we first used screens to take photos, then intentionally disengaged from technology for a portion of time, everyone present had a reduction in heart rate. It was thought provoking and interesting, and we are grateful to Danyelle and Cody, our guest experts from the OSU Extension, for leading this wonderful program. Our next Pop-Up Nature Center is covering the topic of Falcons on December 13 with guest expert Samantha, a falconer who will be bringing some hawks along to help us learn more about these fascinating creatures.
- ORPS 2025 provided good skill sharing and networking. Aaron Cain won the ORPS Citation for his continued efforts in conservation that not only beautify our properties, but provide crucial resources for wildlife as well. Aaron's work directly supports the movement to help save the monarch butterfly, which is particularly significant given Oklahoma's location in the monarch's migration path. Thanks to Aaron's direction and the work of the entire maintenance team, vital fall blooming nectar sources are increasingly present in our parks and properties, providing islands of respite for this threatened species during their journey.
- Our monthly Seeds + Starts Swap provides a fun, passive way to share with all types of gardeners and plant enthusiasts in your community! Our next *swapportunity* will run from December 8-12. Details and swap times for each day of this come-and-go program can be found at https://edmondok.civicrec.com/OK/edmond-ok-parks-recreation/catalog?filter=c2VhcmNoPTE2OTAxNTk=

MONTHLY ACTIVITY REPORT

Reporting Period:	11/1/2025 to 11/30/2025
Submitted By:	Emily Harmon, Marketing and Special Events Coordinator / Farmer's Market Manager

1. The 2025/2026 Indoor Winter Market kicked off on Saturday, November 1st in the Senior Center at Mitch Park. Each weekend the market was busier than the previous, and the vendors are extremely happy with the foot traffic and their sales.
2. The 2026 Market Application Packet is in work. The application will open online on January 1, 2026.
3. The sales data for the Outdoor Portion of the 2025 Season is in! Vendors reported sales totaling $1.46 million. This exceeded the goal for the season of $1.25 million in sales. Despite the rainy season, vendors continued to bring their best and the shoppers continued to spend their money at the market.
4. The average number of vendors represented in November: 32.
5. November Hot Sellers: Pork, Beef, Pre-Order Thanksgiving Sides and Baked Goods, Honey.

SPECIAL EVENTS

1. The Luminance season kicked off on Friday, November 21st. Everything was amazing and the feedback from attendees was overwhelmingly positive and full of gratitude! People absolutely loved the 2 new displays.
    a. Sales Data: Merry Marketplace and Food Trucks - $24,336.60
    b. Foot Traffic: According to data provided by Placer Ai (free demo), the park saw an increase of 8700 visitors from 4pm-10pm on Friday, November 21, 2025. Peak time was 6pm-7pm for visitors. Average stay time was 53 minutes.
