IDEMIA is pleased to provide El Mirage Police Department with the following quotation for IDEMIA’s cutting-edge mobile technology product, MorphoIDent™. The IDEMIA MorphoIDent is listed in the **State Contract # ADSP018-00008040** (ref. CTR040047) executed between the State of Arizona, Division of Purchase and Property and IDEMIA.

MorphoIDent promotes officer safety with its ease of use and overall intuitiveness, and minimizes training requirements. The MorphoIDent Device (“MorphoIDent”) provides excellent visibility – even in direct sunlight – with its large 2-inch LCD screen.

The MorphoIDent captures an individual’s fingerprints and submits a data packet to the MorphoMobile Software on the El Mirage Police Department workstation via the Bluetooth/USB connection.

The MorphoMobile Software generates a Arizona Department of Public Safety (AZ-DPS)-compliant ANSI/NIST file and submits the search request to the AZ-DPS AFIS system for identification.

Results are returned to the MorphoMobile application screen and to the MorphoIDent for notification and positive identification, if available.
