SUBJECT: Sole Source Distributor
DATE: November 16, 2021

Please note Stryker, Inc is the only authorized supplier of LIFEPAK 15 heart monitor/defibrillators in the country. We are therefore unable to obtain the 3 required quotes for the requested purchase.

In addition, El Mirage Fire Department would like to continue to utilize the LIFEPAK series of heart monitor/defibrillators for the following reasons:

- Suppression personnel are currently proficient using the Stryker LIFEPAK brand. The basic functionality and layout of controls of the new Stryker LIFEPAK monitor/defibrillators are comparable, thereby reducing training time needed to introduce the new monitors.
- Staying with the same brand equipment will reduce ongoing cost through interchangeability of a number of accessories.
- Stryker, Inc manufactured all the El Mirage Fire Department's current inventory of monitor/Defibrillator and has consistently delivered outstanding customer service and performance reliability.

Good morning,

For the public safety positions startup costs, specifically NET Team and 40 hour paramedic firefighters, please code the startup costs to the ARPA activity number. (See the prior memo for more information.) These eligible costs can be charged to the grant and will come off the total amount allocated at the end of the grant.

Thank you,

Autumn
