The City may also exercise its right to either perform the work itself or use another City approved landscape maintenance contractor to perform the work. The cost of any work done in this manner will be deducted from the monthly billing in addition to the prorated deduction for unfinished work. These actions will in no way alleviate the responsibility of the Contractor to continue the maintenance of the sites once the area has been recovered.
- C. Contractor recognizes, acknowledges and understands that its failure to comply with the service requirements and specifications set forth below will result in financial loss and damage to the City and that the City's ability to prove the actual amount of such damage and loss will be expensive and difficult. Therefore, instead of requiring proof of the actual amount of such damage and loss, Contractor and City hereby agree that as liquidated damages, and not as a penalty or forfeiture, Contractor shall pay to City, as a deduction from any amounts owed by City to Contractor, the amounts set forth below for the violations specified.
1. No Picture I.D. or uniform as required: \$10.00/per incident

This paragraph covers the weekly trash and litter pickup required in the contract.
 3. Trees, Shrubs, and Groundcover: \$150/per day/per area until the area is back in compliance. If any tree(s) or shrub(s) are pruned, raised, or removed contrary to the scope of work described in the contract documents or the City of El Mirage Landscape Maintenance Guidelines (latest version) without permission from the Public Works Director, Parks & Recreation Director or designee, the Contractor shall, at their sole expense, provide compensation for and/or replacement of the tree(s) or shrub(s) subject to the sole discretion of the Public Works Director or designee.

7. Equipment and/or Employees: Any equipment and/or employees not meeting the standards and conditions set forth in the contract documents or City of El Mirage Landscape Maintenance Guidelines will be required to leave the job site until basic work standards are met. This shall not alleviate the Contractor from fulfilling its responsibility to adhere to the schedule established with the Public Works Director, Parks & Recreation Director or designee.
8. Contractor shall not be subjected to deductions that exceed their monthly service rate.

DEFINITION OF TRASH AND LITTER:

Any item not installed as part of the landscape or hardscape at the time the Contractor began the contract. Additionally, it will cover any and all trash or litter, which may have been, windblown and includes such things as cigarette butts and tumbleweeds.

Should the City point out the inadequacy of warning and protective measures, such an action of the City shall not relieve the Contractor from any responsibility for public safety and abrogate his obligation to furnish and pay for those devices. Nothing in this section is intended, nor shall be construed, to abrogate the Contractor's sole and ultimate responsibility for performing the operations pursuant to this agreement in a safe

manner. The installation of any general illumination shall not relieve the Contractor of his responsibility for furnishing and maintaining any protective facility.

Two lanes of traffic on major streets shall be maintained open for traffic at all times. Local access shall be maintained at all driveways.

- A. SCHEDULING OF WORK: The nature of this work may require scheduling work at times which will least impact traffic. This may include weekend and/or night work. Under no circumstances will the Contractor be allowed to impede vehicular or pedestrian traffic, without written permission from the Public Works Director, Parks & Recreation Director or designee.

The Public Works Director, Parks & Recreation Director or designee shall work with the Contractor to establish a written schedule. The Public Works Director, Parks & Recreation Director or designees will have the authority to change this schedule with two (2) weeks written notice.

PLEASE NOTE, it is very important for the Contractor to stay on schedule and to visit the sites during the hours and dates mentioned in the schedule.
