Ms. Amanda Howard  
Support Services Manager  
Tolleson Police Department  
8350 W Van Buren St  
Tolleson, AZ 85353

Dear Ms. Howard:

The El Mirage Police Department intends to participate in a law enforcement data sharing program through Peregrine Technologies as appropriated in Arizona Senate Bill 1735. The Tolleson Police Department currently houses the El Mirage Police Department's Motorola Flex (Spillman) Records Management System on their server. In order to contribute El Mirage Police Department data to the Peregrine platform, the El Mirage Police Department gives permission to the Tolleson Police Department to provide Peregrine Technologies access to our data through the Flex system.

Thank you for your assistance with this project.

Sincerely,

A handwritten signature in blue ink that reads "Paul Marzocca".

Paul Marzocca  
Police Chief
