

Surprise Auto Network LLC

Surprise Auto Network, LLC is a small used car dealership. Our office is currently located at 43rd Ave and Glendale, Phoenix City. Our initial inventory will be maximum of 10 vehicles and our operation and sales is online based and by appointment only. I do online advertisement through social media and marketplace and will communicate with clients, set time and date to visit in the lot.

I will visit the office few times a week for a short period of time, just to have a close look of the inventory and make sure no intruders around and all is good. The office will be open Saturday and Mondays at least for four hours as required by Arizona Department of Transportation and Motor Vehicle Division. During this time, I will get all my sales paperwork done.

All our inventories will be mechanically fixed and detailed with our offsite contractors and will be brought to the lot ready for the sale. We would not use this lot for any other type of activities such as car washing, car fixing, Bodyshop, dent and paints ...etc
