

# RedSky

The RedSky team has been serving Arizona and Nevada customers since 2010. We're very proud to be part of the fire and emergency community here, and are always looking for ways we can help our customers, and future customers.

RedSky is the authorized sales and service representative HME Ahrens-Fox (<http://redskyfiretrucks.com/products/hme-ahrens-fox/>), Alexis Fire Equipment (<https://redskyemergencyvehicles.com/products/alexis-fire-apparatus/>), Demers Ambulances (<http://redskyfiretrucks.com/products/demers-ambulances/>), Braun Ambulances (<http://www.braunambulances.com/>), and Crestline Ambulances (<http://www.cc1150.com/>). We are headquartered in Phoenix with service partners throughout Arizona and Nevada to serve you. Our newest location, RedSky Emergency Vehicles, opened in Rancho Cordova, CA, in late 2017 and exclusively represents our ambulance brands.

The RedSky team has more than 60+ years of firefighting experience and 85+ years of fire industry experience. We're professionals who like to offer our customers more than you'd expect. A knowledgeable perspective on fire apparatus and ambulance configurations, and the latest technologies/features that will work for you. We take the time to listen and learn along the way. And we take pride in making your experience with us and our manufacturers professional, productive and enjoyable.

---

## HME Ahrens-Fox

**Smart. Tough. Driven.** HME Ahrens-Fox provides the power of innovation and the strength of experience. They have a drive for excellence that shines through with each fire truck delivered, and offer a full line of pumpers, aerials, platforms, wildlands, tenders and rescues.

## Crestline Ambulances

Since 1975, Crestline has manufactured the safest and most reliable ambulances in the industry. As an ambulance manufacturer, Crestline distributes products that provide the best value, quality, performance, and safety to their customers. Their goal is to make a meaningful difference in the lives of their customers and the patients they serve. These ambulances are built to last,

providing great value to their customers. To ensure that your ambulance is the safest and most durable that it can be, Crestline performs a series of tests in-house and at certified testing facilities. These tests include structural integrity, equipment retention, seating, electrical systems, and more.

### Braun Ambulances

**Built for Life.** As their slogan "Built for Life" implies, we believe Braun Industries manufactures some of the highest quality ambulances offered on the market today. Not only do they boast an impressive selection of standard ambulance models, but they build custom-designed units to meet your specific needs. When we work with you, it's important for us to know exactly how you plan to use your emergency vehicle. Using this information, we collaborate with Braun Industries to build the perfect ambulance for your budget. There is truly no design challenge they aren't willing to tackle, which makes them a unique ambulance manufacturer and the key to limitless possibilities for your next vehicle. Whether it's a standard model or custom unit, every ambulance they build is packed full of the great innovations they've come to be known for, such as their SolidBody™ Construction, EZ Glide™ Sliding Door, and MasterTech™ Electrical System.
