**Re: March 2025 Budget Monitoring Report**

Dear Honorable Members:

Please find attached the Budget Monitoring Report (BMR) for the period ending March 31, 2025. Additionally, please see a position vacancy report as of March 31, 2025.

The BMR shows that for the first three (3) months of 2024 the County has a \$14,145,622 positive variance and can be attributed to several key factors.

As noted last month, the County is running a significant positive variance for sales tax as a result of the uniquely positive first quarter reconciliation adjustment. While March only showed modest growth of approximately 1%, through the first quarter (Jan – Mar) of the year, sales tax receipts grew by 8% or \$10.9 million versus the first quarter of 2024. Year-to-date growth stands at 7.75% or \$12.4 million. As positive as these early sales tax receipts are, I don't think we can assume this trend will continue due to the economic instability being caused at the federal level by the current Administration.

Also on the positive, Interest Earnings revenue is nearly \$2.2 million over budget for the period and nearly half of the total budgeted amount (\$4.7 million of \$10 million budget) for the year. While we should expect Interest Earnings to continue to be a significant source of overall positive variance within the 2025 Adopted Budget, reduced cash available for investments as appropriated funds are expended coupled with reduced interest rates will reduce overall earnings compared to the past few years.

Additionally, the County has realized \$1.5 million in county-share savings for the period on total personnel related costs which can be mostly attributed to vacancy savings. This is despite being more than \$725,584 over budget on overtime expenses, almost exclusively within the Sheriff's Police Services Division having expended nearly 37% of their annual budget at the first quarter mark. Other notable departments demonstrating negative overtime trends include: the Sheriff's Jail Management Division by \$70,922, Clerk's Auto Bureau by \$42,507, Buildings & Grounds by \$37,721, Youth Detention by \$34,761, Health Division by \$33,126 and Emergency Medical Services Division by \$28,896.

On the negative side, we have exceeded our Disproportionate Share Hospital (DSH) payment budget of \$35.3 million by nearly \$5 million as a result of a late February payment of \$40.2 million. This is, however, only temporary as we expect a net credit of \$6.7 million due back later this year to reconcile prior period over payments related to SFY 2021-22 and 2022-23.

Additionally, as a result of the Legislature's removal of the Clerk's Office Budget Book Resolution seeking certification of \$1.6 million in expenses related to the collection of mortgage tax required by New York State, the County is unable to withhold any revenues for its own purposes and must, instead, remit all collections to the NFTA, SONYMA and the various local municipalities proportionately. Despite the Legislature, subsequently, adopting INTRO 5-8 (2025), which certified \$672,302 in mortgage tax collection expenses and thus allowing for the retention of a like amount, the Clerk's Office has, thus far, declined to withhold any mortgage tax revenues, which would result in a year-end negative variance of \$1.6 million.

As the year progresses, we will continue to closely monitor sales tax receipts and growth trends and report to your Honorable Body.

I think it is also important to note that despite the early first quarter positive variance, we continue to be concerned about the potential costs associated with further federal aid cuts including those as part of the Concurrent Resolution on the Budget for FY25 (House Concurrent Resolution 14 or the "One Big Beautiful Bill Act") passed out of the House Budget Committee early this morning and expected to be voted on by the full House of Representatives this week. In a briefing hosted by NYSAC today, the loss of federal funding and programmatic cost shifts to New York State for Medicaid included in this legislation are estimated to be at least \$13.5 billion annually and will result in at least 1.5 million New Yorker's losing health insurance. While the specific impacts of these cuts to Erie County are not able to be quantified and will be entirely dependent on state actions, it is reasonable to assume that a significant portion of the costs will be shifted to the counties and, depending on the severity, may necessitate mid-year action.

As always, I am available to attend a meeting of your Honorable Body's Finance and Management Committee to report on the March BMR or any other fiscal matters.

Sincerely,

Mark Cornell  
Director of Budget and Management
