

TOWN OF ALDEN

7/17/2025

To Whom It May Concern,

As Supervisor of the Town of Alden, I fully support the proposed project and accompanying local law regarding the sale of the Erie County Home property, which has sat vacant for the past 20 years.

This is an exciting opportunity for our community. The Town is eager to see this long-neglected property improved and repurposed in a way that creates jobs, stimulates economic development, and restores the property to the tax rolls.

We look forward to the positive impact this project will have on Alden's future.

Sincerely,

Colleen Pautler
Supervisor, Town of Alden
