MEMORANDUM

To: Honorable Members of the Erie County Legislature
From: Department of Environment and Planning
Re: Payment in Lieu of Taxes (PILOT) Agreement for Solar Energy System – 0 Stolle Road, Town of Marilla
Date: December 12, 2025

SUMMARY

The resolution authorizes the County Executive to execute a PILOT Agreement with RPNY Solar 10, LLC (“Developer”).

The Developer is seeking a PILOT agreement from Erie County in connection with the development and operation of an approximately 4.9-megawatt solar photovoltaic facility (“Project”) located at 0 Stolle Road (SBL # 148.00-1-3.112, SBL # 148.00-1-1, and SBL # 148.00-1-2) in the Town of Marilla (“Site”). Given the nature of the Project, it is otherwise exempt from taxation pursuant to Real Property Tax Law (RPTL) § 487 unless the taxing jurisdictions enter into a PILOT Agreement with the Developer. The Town of Marilla and Iroquois Central School District have opted out of RPTL § 487 and will not be signatories on this agreement.

FISCAL IMPLICATIONS

Under RPTL § 487(2), solar energy facilities are tax exempt. Notwithstanding such exemption, RPTL § 487(9)(a) states that certain taxing jurisdictions, including counties, towns, and school districts, may require the owner of a property that includes a solar energy system to enter into a PILOT agreement that provides for annual payments to the taxing jurisdictions.

The PILOT agreement proposed by the Developer provides for total annual payments to Erie County of \$6,721.33. This is based on a price of \$6,000 per megawatt with an annual escalation factor of 2%. The payments represent the County’s pro rata share of the total tax levy. These payments will be made each year over a 15-year term.

REASONS FOR RECOMMENDATION

The intent of entering into the PILOT agreement with the owner is for the County to receive tax payments that it would not otherwise receive due to the tax exemption applicable to the Project.

BACKGROUND INFORMATION

The Developer is proposing the development of an approximately 4.9-megawatt solar photovoltaic facility as described below in the Town of Marilla, Erie County:

SBL	Address	Acres
148.00-1-3.112	0 Stolle Road	31.2
148.00-1-1	0 Stolle Road	21.2
148.00-1-2	0 Stolle Road	87.1

Under RPTL § 487, a partial tax exemption is available for properties which are developed for solar and wind renewable energy systems. RPTL § 487(2) exempts from real property taxation “any increase in the value [of real property] by reason of the inclusion of a [solar and wind energy system] for a period of fifteen years.” Erie County has not opted out of the RPTL § 487 exemptions and therefore may require renewable energy systems to enter into a PILOT agreement to replace a portion of the tax revenue. Erie County was notified of the Developer’s intent to construct a solar project in October 2025.

CONSEQUENCES OF NEGATIVE ACTION

Without the PILOT, pursuant to RPTL § 487, the County would receive no property taxes from the solar development project.

STEPS FOLLOWING APPROVAL

The County Executive will enter into a PILOT Agreement with the noted parties.
