MEMORANDUM

To: Honorable Members of the Erie County Legislature
From: Department of Homeland Security & Emergency Services
Re: Authorization to Accept 2024 & 2025 State Interoperable
Communications Targeted (SICG-Targeted) Grant Program Funds
Date: January 16, 2026

SUMMARY

Legislative authorization is requested to accept \$560,800 in funding from the NYS Department of Homeland Security and Emergency Services, for the Fiscal Years 2024 & 2024 & 2025 State Interoperable Communications Targeted (SICG-Targeted) Grant Program (January 1, 2026 – December 31, 2029). This funding will be used to enhance public safety operations by strengthening communications infrastructure, which is critical in emergency situations, and ensuring that public safety personnel are prepared as they respond to calls for service.

FISCAL IMPLICATIONS

The funding for this action is derived entirely from 100% State Aid dollars. No County tax dollars are necessary to support this request.

REASONS FOR RECOMMENDATION/BACKGROUND INFORMATION

The Department of Homeland Security & Emergency Services has been awarded \$560,800 of NYS Department of Homeland Security and Emergency Services funds. This funding is to enhance public safety communications and will do so to broaden and strengthen Erie County's existing communications infrastructure and interoperability by filling identified gaps and adding power back-ups. This funding will provide equipment to communicate with National Interop Sites and with surrounding counties on their National Interoperability Channels during critical incidents or planned events; all of which aligns with a trunked radio system.

CONSEQUENCES OF NEGATIVE ACTION

The Department of Homeland Security and Emergency Services would be required to find other funding sources for the communications equipment to fill gaps in public safety communications.

STEPS FOLLOWING APPROVAL

The Department of Homeland Security and Emergency Services will work with the Division of Budget and Management to amend the 2026 Adopted Budget amounts.
