

# APS Take Charge AZ EV Charging Stations

August 27, 2019

## APS's Take Charge AZ Pilot Program

- ▶ Provides EV Charging stations at municipal buildings.
- ▶ Will assess EV charging behavior and its effects on electricity usage and rates.
- ▶ Supports fleet conversions to EVs.

## Charging Stations at City Hall

- ▶ Four charging stations in the City Hall west parking lot.
- ▶ Upgrading to **networked chargers**.
- ▶ Will support the City's growing electric vehicle fleet.
  - First two EVs purchased this summer.

## Charging Stations at City Hall

- ▶ Supports the Climate Action and Adaptation Plan goals related to:
  - Electric fleet vehicles
  - Charging infrastructure
  - Greenhouse gas emissions from transportation.
- ▶ Charging stations will also be available to the public when the lot is publicly accessible.
