

# CONSTRUCTION NOTICE

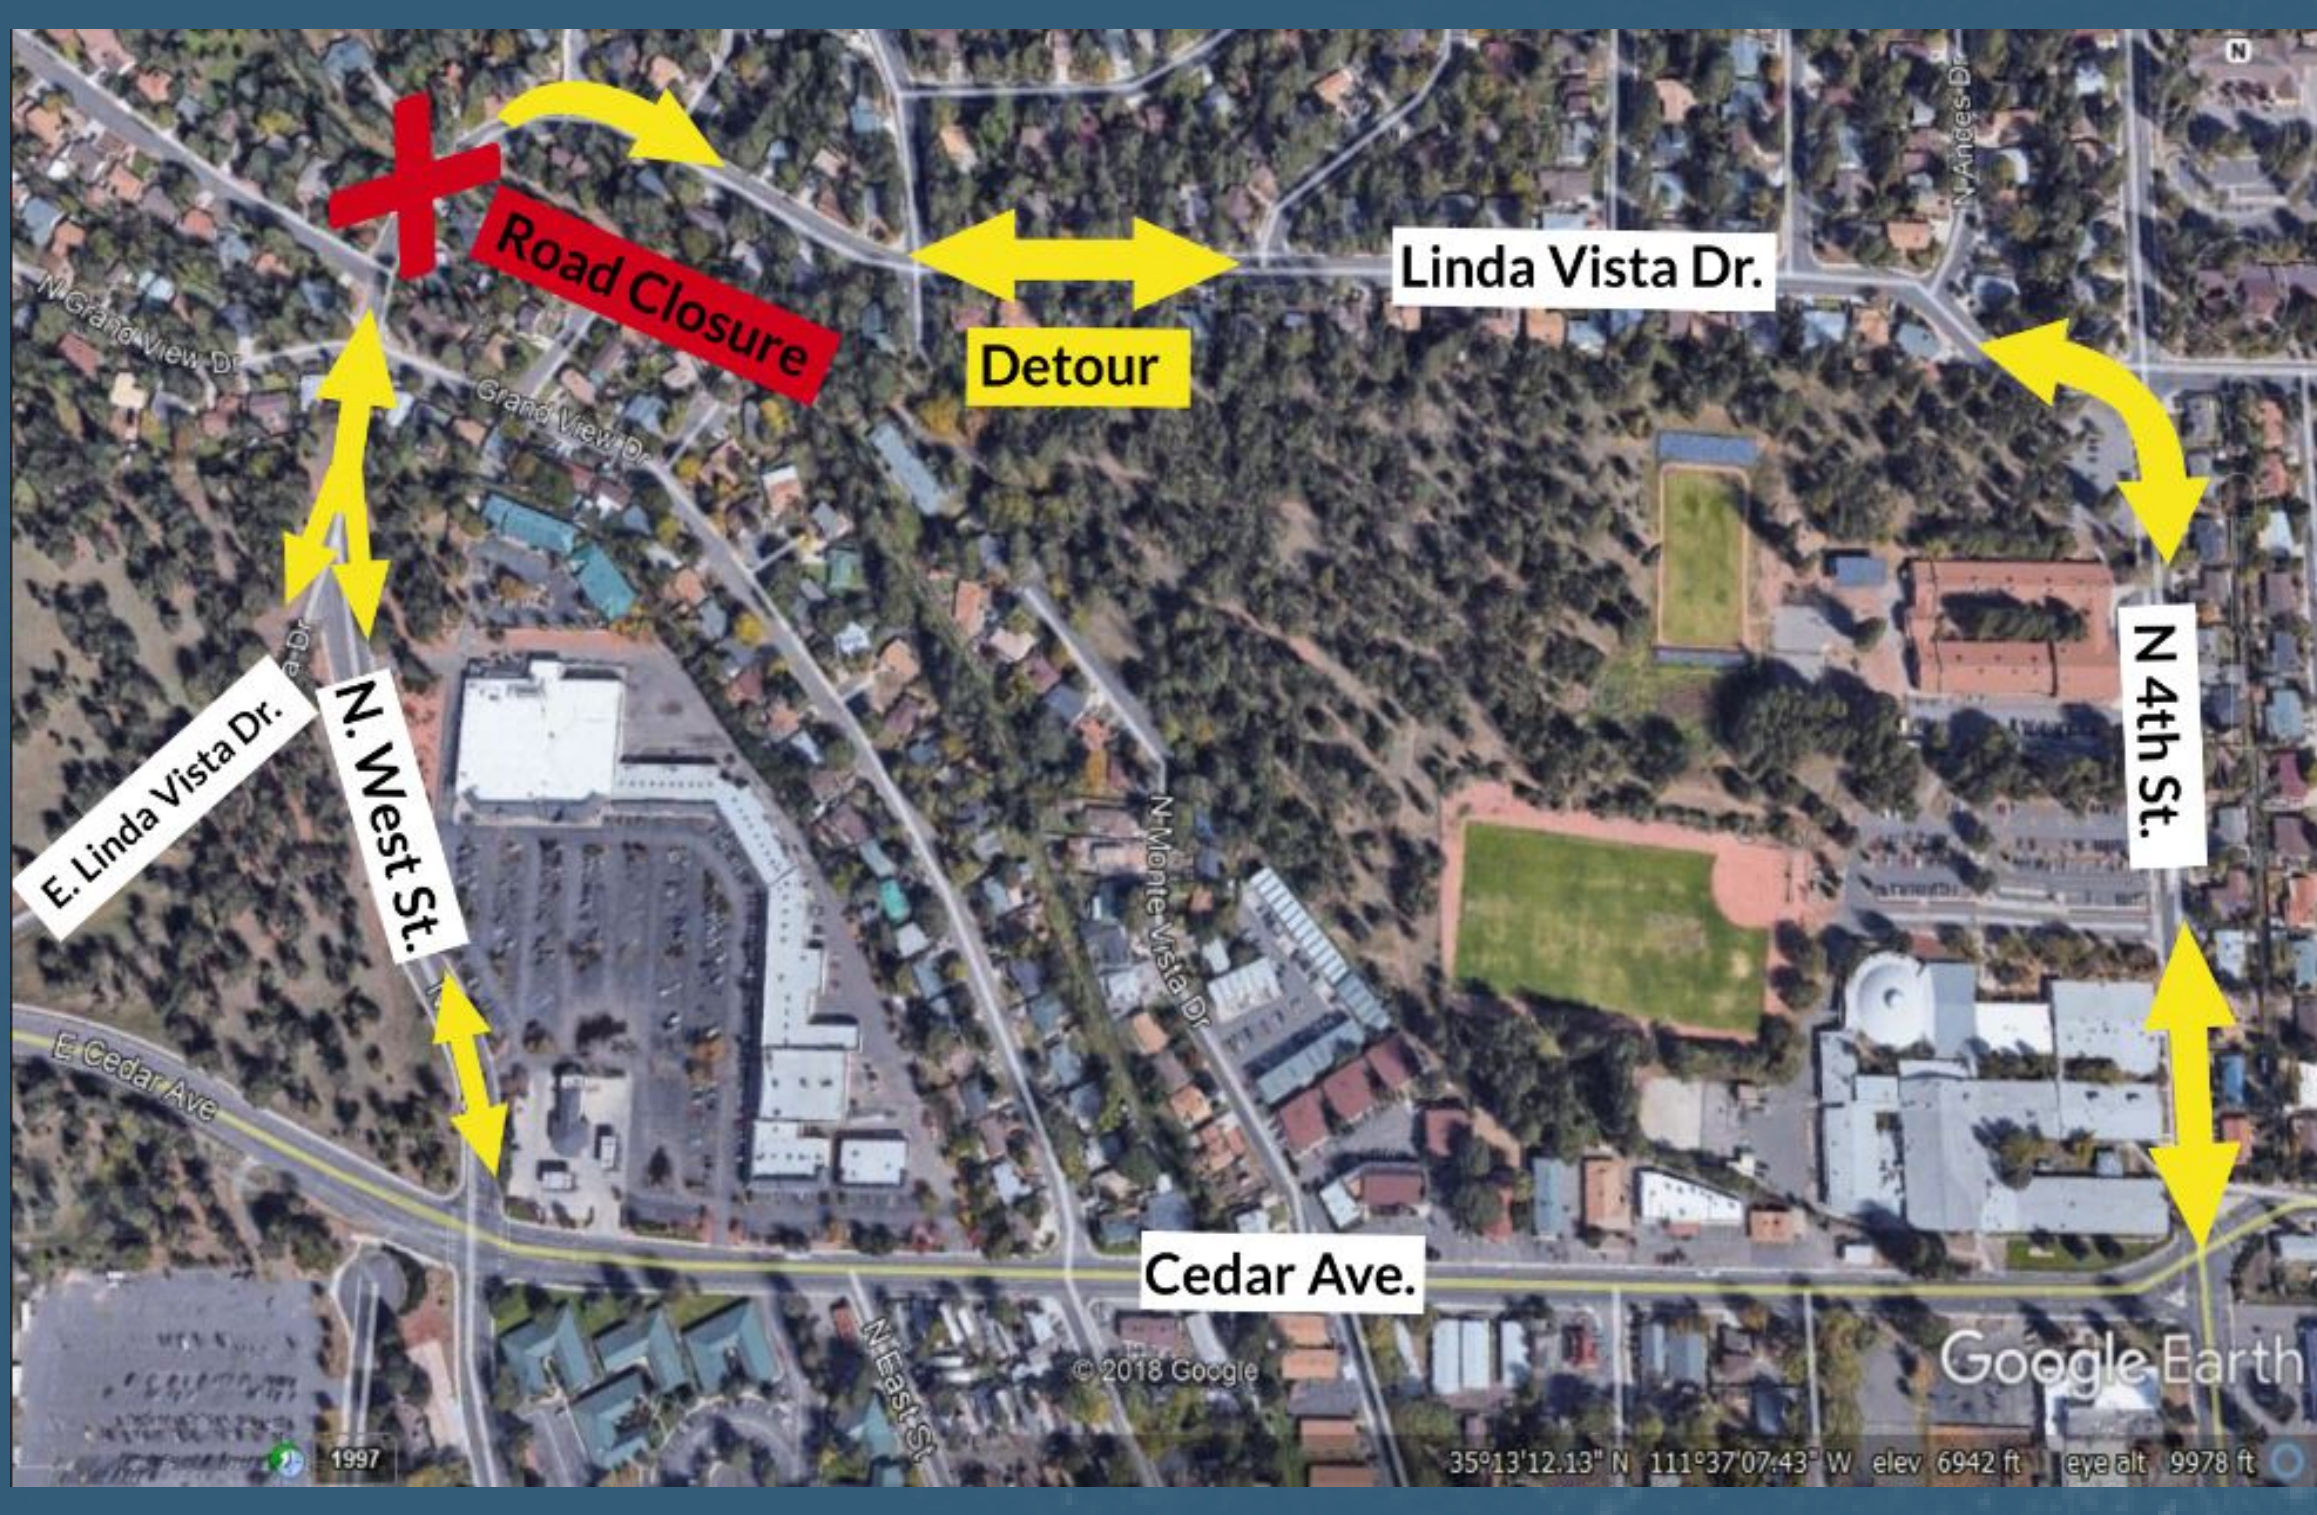

## LINDA VISTA DRIVE

MARCH 2ND TO APRIL 1ST, 2020

As a part of an ongoing effort to upgrade aging infrastructure, Water Services will be replacing a pressure control valve on Linda Vista Drive between North Paradise Road and North Adrienne Way.

### ROAD CLOSURES

The project will cause road closures or delays on Linda Vista Drive between North Paradise Road and North Adrienne Way intermittently during the construction period, from March 2nd to April 1st. Those affected by these road restrictions should access Linda Vista Drive via North Fourth Street (see map below).

For residents north of Linda Vista Drive, please see reverse side for details on reduced water pressure in your home.

## REDUCED WATER PRESSURE

Residents north of Linda Vista Drive, between North Paradise Road and Grindelwald Way should expect reduced water pressure for five consecutive days during the construction period.

## WE ARE HERE TO HELP

We understand that construction may interfere with residential life in the area for a brief time, but this upgrade will enhance the reliability of your water service and increase staff safety in the long term.

If you have questions or concerns regarding the construction, contact the Water Services Project Manager at **(928) 607-2541**

*We are Water*

## STAY INFORMED
