MODEL

520

THE UNDISPUTED REFUSE CHAMPION.

Available in four driving configurations, the Model 520 is the clear choice for automated front loader, side loader and rear loader operations. The rugged all-aluminum cab provides exceptional durability and low maintenance. Powertrain options include the PACCAR MX-11, PX-9 and several natural gas options ideally configured for your specific application. An RP170 connection as well as a joystick mounting pad come standard for seamless body integration. The driving position and ergonomic dash and center console provide an optimum work environment with commanding views of the road and easy access to instruments and controls. Whether for commercial or residential refuse applications, the Model 520 is proven like no other low cab forward in the market today.

The center console features angled control panels that allow full visibility and easy access to controls from either side of the vehicle.

The Model 520s center console provides excellent connectivity for body controls and allows easy access to service points for maximum uptime.

The Model 520 comes standard with the PACCAR 20K steer axle. Designed for demanding vocational applications, the PACCAR steer axle is lightweight and durable and provides excellent maneuverability.

The Model 520 standard halogen headlamps deliver class-leading forward illumination, while pantograph wipers provide expansive windshield coverage for outstanding visibility.

The Model 520 is designed for maximum versatility and is available in left-hand drive, right-hand drive, dual-seated and right-hand stand-up configurations.

The interior features an ergonomic dash design with LED-backlit gauges, a driver information display and easy-to-reach rocker switches.
