

# HERITAGE PRESERVATION

## MEMORANDUM

**Date: 12/22/2020**

**To: Tiffany Antol, Planning Director and Alexandra Pucciarelli, Planning Manager, Community Development**

**From: Mark A. Reavis, Heritage Preservation Officer, AICP, NCARB**

**Subject: Waive 2<sup>nd</sup> Public Neighborhood Meeting for Whispering Winds Motel Sign Restoration, Landmark Overlay Map Amendment.**

---

*Please Waive the 2<sup>nd</sup> public Neighborhood Meeting requirement of the Whispering Winds Motel Sign Restoration for the Landmark Overlay Map Amendment. The first meeting was advertised in the paper, the sign posted, and adjoining neighbors notified. The Heritage Preservation Commission conducted the formal public hearing on Wednesday October 21<sup>st</sup>, 2020 and no public comment was received.*

*I feel that a 2<sup>nd</sup> meeting would not yield any additional comment since the Historic Landmark Overlay is so specific and narrow focused and isolated to the sign only. I believe that the intent of the Neighborhood meeting has been met.*

*The historic overlay allows for the historic restoration of a unique Route 66 feature by reestablishing the upper portion of the sign that would otherwise not be allowed by our sign code. The sign restoration is an important aspect of the historic motel's rehabilitation underway and its promotion.*
