WE MAKE THE CITY BETTER

25 years plus!!!

Joe Almendarez is the City's Wastewater Collection Supervisor and has been with the City for twenty-seven years.

Joe oversees ten employees in Wastewater and Stormwater Collections. He has been successful this year with the annual preventative maintenance program, emergency response, and combining the wastewater and stormwater collection crews on post-fire flooding assistance and cleanup. His team has done an amazing job with the open and closed channel stormwater maintenance.

Thanks to the team and congratulations Joe on your 27 years with Team Flagstaff!

25 years plus!!!

Richard Hearne, better known as Richie is the City's Streets Manager and he has been with the City for thirty-six years this month.

Richie continues to be the heartbeat of the Streets Section, supporting and managing all things Streets operations and administration. His experience, knowledge and patience with his team continues to build a strong and thriving culture. Over this past year Richie has been critical to the success of balancing Streets staff time between disaster response and their daily maintenance work, not an easy task. In addition, Richie has been supporting the development of the Streets strategic plan by balancing work programs and staffing needs. Sam Beckett shared, "I greatly appreciate all that Richie does for his team and our community."

Congratulations on your 36th work anniversary Richie!
