F.7. MODIFICATION OF TERMS

A Participating Agency who wishes to piggyback on this Contract may present alternate terms to the applicable Participating Dealer as a condition of their intended purchase transaction. If the Participating Dealer chooses to accept the alternate terms, it shall be as a condition of the Participating Agency's purchase transaction and shall not constitute a modification of this contract.

H. STANDARD TERMS AND CONDITIONS

H.15. EXCLUSIVE POSSESSION

Payment shall be made within 90 days from presentation of City's findings to Contractor.

If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, City may recoup the costs of the audit work from the Contractor. The City's rights under this provision shall survive the expiration or termination of the Contract.

H.42 TERMINATION OF CONTRACT

This Contract may be terminated at any time by mutual written consent, or by the City, with or without cause, upon giving thirty (30) days written notice. Dear Ms. Thompson,

Thank you for your request for clarification regarding our proposal for RFP 212816. We have engaged with the local dealer, Empire Machinery, to answer your questions as they were very specific to the Los Reales Landfill. Please find the response in the additional attachment.

As a reminder, Empire is the local dealer for the City of Tucson. The responses they have submitted may not apply to other agencies found in other local dealer territories. The answers would be specific to the needs of the local agencies and the capabilities of the local Cat Dealers.

We look forward to hearing from you as you bring your evaluations to a close.

Request for Proposal no. 212816 Heavy Equipment, Parts, Accessories Supplies and Related Services

Question #1: What is the rental availability for a Waste Handler Compactor and Dozer, the same size and type of model currently used at the Los Reales Landfill, within 24 – 48 hours, upon request?

EMPIRE RESPONSE

With the current availability issues that all manufacturers are facing today, Empire is not able to state with 100% confidence that we can provide a rental solution, within 24 – 48 hours, for a Waste Handler Compactor, or a Waste Handler Dozer.

Typically, Empire does not stock Landfill Compactors or Waste Handler Dozers in our standard rental fleet, but that doesn't mean we don't rent Landfill Compactors or Waste Handler Dozers to our clients.

We currently own one (1) 836 size Compactor (same size as used at Los Reales Landfill) that is available to rent, but as of today it is on rent to another client. We have no Waste Handler Dozers available in stock at this time, but are actively looking for another Waste Handler Dozer to add to our inventory.

Over the last four (4) years, Empire has owned five (5) Landfill Compactors and five (5) Waste Handler Dozers that either were, or could be available, for rent to provide relief to landfills when they were in need of a rental machine.

In the event Empire does not have a waste handling machine available in stock for the City of Tucson, Empire will use every resource possible to locate a machine including, but not limited to:

- Empire will leverage every relationship we have, with other local Governmental landfill clients, and attempt to re-rent a machine from them to help provide a rental machine to the City of Tucson. We have been successful with this approach, numerous times with other Governmental agencies.
- Empire will leverage every relationship we have with other CAT Dealers, as well as other suppliers, to search for a machine to re-rent to the City of Tucson.

Empire supports the majority of landfills in Arizona and has historically been relied upon to provide the best solutions to our Governmental clients when a waste handling machine is down for repairs, or when a rental machine is needed.

Question #2: What is the transport fee per mile, including fuel charges, to transport a Waste Handler Compactor and Dozer, to the Los Reales Landfill?

EMPIRE RESPONSE

The cost per hour calculation is based on the machine being located at Empire's facility in Eloy, Arizona.

- 836 Landfill Compactor cost per hour, including fuel, is \$25.00 per mile
- D9 Waste Handler Dozer cost per mile, including fuel, is \$20.00 per mile

Question #3: What are the loading and unloading fees for a Waste Handler Compactor and Dozer the same size and type of model currently used at the Los Reales Landfill?

EMPIRE RESPONSE

Empire rental rates include these charges.

Question #4: Provide a Sample Quote which includes responses to questions 1, 2 and 3 for evaluation.

EMPIRE RESPONSE

The sample quote that is provided is for a machine that Empire owns. If Empire does not have a waste handling machine in stock, and locates a machine as described in the two (2) bullet points in question 1, these rental(s) will be quoted with the best rates Empire can negotiate, and could be higher or lower than a machine Empire owns.

What is not included in Empire's sample quote is, any damage, machine fuel cost, or cleaning (labor cost) of the machine before the machine is called off rent. These will only be charged if applicable and quoted after the machine is called off, or returned.

RE: Request for Proposal Number 212816, Heavy Equipment, Parts, Accessories, Supplies and Related Services

On behalf of Caterpillar Inc, the Cat Dealer Network and Empire Southwest, LLC dba Empire Machinery, we sincerely appreciate the opportunity to participate in RFP #212816 from the City of Tucson. We believe the current contract, #161534, is a very successful contract for all parties: City of Tucson, OMNIA Partners and Member Agencies, Caterpillar and CAT Dealers.

We believe Caterpillar's offer in RFP #212816, if awarded, has three major benefits to all parties.

- 1) Capitalizing on the momentum of Contract #161534
Contract #161534 continues to gain momentum with the Cat dealer network. We currently have solid plans in place to continue growth through the contract and look forward to continuing the same plans through RFP #212816. Our growth goals can only be reached if RFP #212816 is awarded as a single award for heavy equipment products. As a demonstration of our commitment to growing with OMNIA, we are pleased to propose an increased administrative fee versus the fee under contract #161534 (See exceptions document attached). Additionally, Caterpillar recognizes that the City of Tucson and other participating agencies will have needs outside of the range of products offered by Caterpillar and its dealer network. Therefore, a non-competitive "multi-award" is acceptable to grow the volumes of this contract.
- 2) Caterpillar's product offering far exceeds any other manufacturer
Our best professional estimate is that Caterpillar offers 142 more individual machine models to the governmental market than our next closest competitor. The depth and breadth of these additional units represents three times more machines to service The City of Tucson's and member agency's needs. The result is more revenue through the contract.
- 3) Cat Dealers have a larger infrastructure footprint
Cat Dealers have an infrastructure -- in stores and people -- greater than all our competitors combined. Cat Dealer Sales Managers and Salespersons are discovering two major benefits of the City of Tucson/OMNIA Partners contract: 1) A nationally recognized municipality as the Lead Agency and 2) The value of a single award.

When these features are presented, procurement staff and operating departments have much higher confidence and trust in the cooperative contract bid process. U.S. Cat dealers continue to increase their presentations and visibility of the contract and thus secure adoption by new and/or existing OMNIA Partner members. Empire continues to experience an increased level of engagement with counterparts at other dealerships who request guidance and best practice suggestions.

Our response includes two sources. The first is from Caterpillar Inc., prepared by the Corporate Governmental Account Team, based in Peoria, Illinois. Caterpillar's responses pertain to the scope of Caterpillar's responsibility, while remaining cognizant that each dealership and respective territory have their own business rules and local regulations. Caterpillar is not at liberty to make commitments in this response on behalf of all Cat dealers. Caterpillar's commitment is the pricing discount from their published list price on machines they manufacture. These will be available to every Caterpillar dealer in the United States when a local agency requests to purchase from this contract. The local Cat dealer must still agree to any additional terms and conditions the member agency may still require.

The second source for our response is Empire Machinery's input. Empire approached its submission as if preparing the proposal solely for the City of Tucson. Empire's business relationship with the City of Tucson is highly valued and is our primary focus. The Empire Machinery section should only be considered as a commitment of what Empire will provide the City of Tucson and other agencies in its authorized territory. If this submission provides value, it may be used in the OMNIA marketing effort to potential agencies in understanding what a Caterpillar dealership is capable of, but in no way is meant to imply or represent that any other dealers can or will provide the exact scope or elements that Empire offers the City of Tucson.

Empire also represents several products that Caterpillar does not manufacture, but were requested in the RFP. We refer to non-Caterpillar products at Empire as "Allied" products. Allied products enhance or complete the machines for applications our customers need. Additional information is included in the Empire section entitled "Allied Products".

In addition to our response, there are three attachments which will include: City of Tucson RFP #212816 Amendment acknowledgments, a compilation of documents that were requested in the RFP, and our exceptions request.

Thank you for the opportunity to participate in this solicitation for the City of Tucson and OMNIA Partners.

Sincerely,

Tirena Pavelka

A. INTRODUCTION

A.1. Summary

The City of Tucson (herein referred to as the City) is requesting proposals from qualified and experienced firms to provide **HEAVY EQUIPMENT, PARTS, ACCESSORIES, SUPPLIES AND RELATED SERVICES**. The City requires a contractor who provides a diverse and extensive supply of equipment for purchase and/or rental to various locations in the Tucson metropolitan area and Participating Public Agencies, as well as representative(s) to provide product and service consultations, demonstrations, and training.

Heavy equipment will include, but not be limited to, the following equipment categories: Landfill, Construction, and Material Handling. The City has approximately 150 pieces of heavy equipment that falls under the heavy equipment category. The Contractor will have a sophisticated infrastructure including strategically located nationwide distribution centers and employ professional sales representatives to provide effective, timely service to the City of Tucson and to Participating Public Agencies.

Requirements and qualifications are defined in detail in the Scope of Services Section of this Request for Proposal (RFP).

A.2. Background

NATIONAL CONTRACT REQUIREMENTS

The City of Tucson as the Principal Procurement Agency, defined in Attachment A, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The City of Tucson is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Attachment A, or as otherwise agreed to. Attachment A contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries and affiliates, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education, and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's

products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (Attachment A).

The City anticipates spending approximately \$8.5 million over the full potential Master Agreement term for Heavy Equipment, Parts, Accessories, Supplies and Related Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of heavy equipment, parts, accessories, supplies and related services purchased under the Master Agreement through OMNIA Partners is approximately \$25,000,000. This projection is based on the current annual volumes among the City of Tucson, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

Other/Miscellaneous/Allied

There are other product lines that don't fall neatly into the categories above. Should the City of Tucson have a need for them, they are included as part of this contract and can be offered for sale.

Additionally, Cat dealers often carry lines of complementary products not manufactured or marketed by Caterpillar that can be sold to the City of Tucson as allied machines. Most of the products listed in this RFP can be provided either through Cat dealers as a branded Caterpillar product, or as allied equipment.

Dealer Response

All Caterpillar Dealers, including Empire Machinery, represent the full line of products that Caterpillar describes in their response.

As the table below illustrates, Caterpillar offers the largest number of individual models in the construction and governmental industry. With 241 different models, Caterpillar offers 142 more machine options than their closest competitor. No matter what the need is, big or small, Caterpillar offers more machine options/configurations to help our customers optimize each machine to a customer's specific application, in order to help achieve maximum utilization.

For the City of Tucson and the extended Empire Machinery dealer territory, Empire Machinery offers a line of equipment and work tools that Caterpillar does not market nor manufacture. These products are commonly referred to in the industry as “Allied Products”.

Empire alone has more resources than all of our competitors combined. We firmly believe Empire is the only supplier in Arizona uniquely and exclusively qualified to provide the City of Tucson with the lowest Life Cycle Cost/Lowest Cost per Operating Hour.

Empire also offers a worldwide consignment service that has an 89% success rate, with an average days-on-market of 90 days. The majority of the remaining 11% of consignments that do not fall into the “success rate” are made up of machines that the consignor put back to work or non-typical machines such as pavers, curb machines and similar niche products that require a longer marketing time. When you consider historical methods of disposing of older and/or unused machines, this is a good option to consider.

Empire will consign **any brand of equipment** that falls into the scope of machines offered in our proposal. The consignment rate to the City of Tucson will be 9% of the actual transaction price.

For the fee, Empire will be responsible for all aspects of marketing, writing the advertising, advertising worldwide on the internet and in print, where appropriate. We will promote locally in our territory and manage all leads for the agreed upon consignment period. Empire will also be responsible for invoicing and collecting the payment from the buyer. Empire will pay seller within 48 hours of payment (typically less than 24 hours).

We have six (6) dedicated international salesmen, plus 22 in-territory salesmen that actively and aggressively sell our consignment machines. Our consignment program has been a significant portion of our business for over nine years. Disposing of equipment via Empire Consignment realizes an estimated 12%-20% higher net return over a typical disposal using an auction service.

6. Do you offer color choices for each product listed?

Caterpillar Response (only)

Caterpillar machines are painted Caterpillar yellow, which is a copyrighted color and is proprietary. Caterpillar will meet customers' unique paint color requirements for an additional fee, which must be quoted and agreed to prior to the start of build.

b. Describe descriptions, catalog(s) or website links for accessories, parts and supplies offered, including:

1. Types of warranties available (by category or equipment).

Caterpillar Response

Caterpillar is proud to offer the most robust warranty in the industry. Our machines come with standard warranties against defects in material and workmanship. Warranty inclusions and exclusions will vary by product and details can be provided at any point in the purchase process.

Most of the new machines included under this solicitation will qualify for 12 months/unlimited hours. Some products, notably compact track loaders, mini excavators, and skid steer loaders qualify for 24 months/2000 hours.

Two examples of typical warranty statements are attached to this proposal in the ATTACHMENTS section of this RFP.

Dealer Response

Empire/Caterpillar Warranty Offerings:

Caterpillar offers a wide range of warranties that can be custom built to best match the needs of our customers. There are two (2) basic Caterpillar warranties available: Standard and Extended

- **Caterpillar Standard Warranty** - All new Caterpillar manufactured machines come with Caterpillar's "Premier" warranty for 12 months, with unlimited hours, at no additional cost to the buyer. (See warranty details below under "Caterpillar Extended Warranty".)
- **Caterpillar Extended Warranty** – Begins at expiration of Standard Warranty. Caterpillar Insurance and Caterpillar dealers provide a vast array of optional warranties that can be customized by the length of time (from 2 - 7 years) and/or by the hours (2,000 - 10,000 hours).

There are three (3) types of extended warranties available from Caterpillar:

- **Powertrain Only** – Covers the components that are used to either produce, transmit or control engine horsepower for propelling (moving) the machine; such as engine, transmission, final drives, axles, and brakes.
- **Powertrain and Hydraulics** – Covers all the items above plus hydraulic hoses, lines, pumps, valves, cylinders, hydraulic coolers, and hydraulic filter mounts.
- **Premier** – Includes all of the above with the addition of starters, alternators, pulleys, AC condensers, air conditioning compressors, fuel lines, fuel tanks and associated parts, water piping, radiators, mufflers, electrical indicators, gauges, instruments, wiring harness, switches, joysticks, relays, circuit breakers, frames and chassis, and weldments.

General Warranty Information

Coverage - Inclusions, Exclusions

Standard machine warranty and extended warranties between manufacturers and dealers are not equal. There is no industry standard of items "to be included or excluded" in the scope of either coverage.

Repairs and/or replacement of components excluded by competitive manufacturers can present a significant expense or savings to the overall ownership of a machine. The breadth of coverage provided through Caterpillar's coverage plans re-emphasizes the confidence Caterpillar has in its products, as well as ensuring the lowest total cost solution for our customers.

Warranted claims will be presented by the customers to the supporting Caterpillar Dealer and will be administered at the local level. Empire will then file a claim with Caterpillar to be reimbursed for all warranted services rendered to the customers.

PH: (520) 837-4134

Caterpillar machine warranties are the most comprehensive, covering more parts, more expensive parts, and excluding fewer items, in the industry. This results in lower expense exposure to the owners of Caterpillar equipment.

In comparing major manufacturers' stated warranty coverage listed in publicly available warranty documents, here is an example of parts (including their replacement labor) that are excluded by many manufacturers, but are included by Caterpillar Standard Warranty:

- Radiators
- Mufflers
- Starters
- Alternators
- AC Condenser/Compressor
- Fuel lines
- Hydraulic hoses and lines
- Gauges
- Wiring harnesses
- Frames and structures

Each of these individual items vary between different manufacturers, but they provide evidence that a buyer should consider the coverage of each to fully understand the true scope of their exposure, and calculate that exposure into the total machine price, from an operating cost perspective.

Beyond the firm boundaries of inclusions and exclusions of warranty, Caterpillar dealers utilize a "Fair Value" policy. Fair value is simply the process and procedures that rely on ethical and reasonable decisions to participate in a repair expense beyond warranty coverage. Fair value rules are not described in any written form; they take place when a Caterpillar Dealer and end user experience an event where both feel that the failed part did not meet expected life in a given application.

Once misapplication, abuse or misuse conditions are excluded, fair value reimbursement comes in a variety of forms: From full reimbursement to a shared expense, based on remaining normal life of the failed part, between Caterpillar Inc., Empire and the customers.

Additionally, Caterpillar warranties cover consequential damages. Some major and most minor brands do not. Example: A turbo fails, injects a part from the turbo into the cylinder head, and then destroys the head and piston; piston fracture penetrates the engine block. The turbo is the root cause, but Caterpillar warranty covers the entire repair of consequential damages.

Allied Product Warranty

Allied products are excluded from the above terms and conditions. All Allied products will be sold with the manufacturer's standard warranty. This warranty differs from manufacturer to manufacturer. If extended warranty is available and the City of Tucson requests extended options from an Allied manufacturer, Empire will provide the price on a case by case basis.

2. Description of your warranty claims procedures.

Caterpillar Response

Caterpillar warranty is administered by the Caterpillar Dealers, the organization that knows the customer best. They are best positioned to see that the customer receives outstanding service for their warranty repairs. With an outstanding reputation for fairness, regardless of warranty limits, with the backing from the world leading manufacturer of construction equipment, the customer has every reason to feel secure in the value of their purchase.

Warranted claims will be presented by the customer to the supporting Cat Dealer and will be administered at the local level. The supporting Cat Dealer will then file a claim with Caterpillar to be reimbursed for all warranted services rendered to the customer.

Dealer Response

Empire Service utilizes a highly structured, fact based and scientific Root Cause Failure Analysis process that is followed by Empire's Service Department. The process ensures the customer that Empire and Caterpillar fully understand the cause, and what role each affected part played in the failure, in order to help prevent it in the future.

The warranty process for Caterpillar machines is unique to the industry, allowing Empire to decide through its due diligence alone, if the failed part is covered under the scope of warranty. In the event of a warranty repair, Empire is responsible for repairing the machine. Once the repair is completed, the warranted parts and labor is charged to Caterpillar.

Any non-warranty covered items (such as oil antifreeze; fluids that cannot be reused) will be the responsibility of the owner. In the event that Caterpillar concludes a different root cause and believes it was caused by misapplication or misuse and rejects reimbursement, and Empire does not, Empire will absorb the expense.

3. Description of your policy addressing warranty issues related to:
- i. Major Component Failures
 - ii. Engineering Deficiencies
 - iii. Describe your firm's standard response time to address warranty failure issues.

Caterpillar Response

Caterpillar is proud to offer the most robust warranty in the industry.

All defects in materials and workmanship are fully covered under the warranty period. All claims will be investigated by the supporting dealer and determined whether they fall under the warranty policy or under the category of normal repair and maintenance.

If there is a major component failure significantly earlier than its predicted life, the dealer will investigate to determine the cause of failure. Should the cause be determined to be design or manufacturing related, the customer, dealer, and a Caterpillar representative will work together to find a solution that is agreeable to all parties.

There is not a nationwide response time guarantee because machines, applications, repair requirements and availability needs will vary by geography and customer. In every situation, the dealer will work to resolve warranty issues as quickly as possible and/or provide an interim working solution.

Dealer Response

As America's #1 dealer rebuild center, Empire inventories new complete components, along with remanufactured components, for replacement when a machine is down and the customer requires an emergency complete component replacement. Beyond Empire's extensive parts inventory, Caterpillar parts distribution warehouses across America and the globe also inventory an extensive selection of new components and remanufactured components.

Excluding emergency complete component replacement, Empire will bring to bear as many resources as possible to tear down and reassemble the down component, to return the machine to production as fast as humanly possible. This includes our staff working three shifts and/or weekends continuously or "around the clock" to achieve the turnaround if warranted.

Normal warranty coverage will only cover normal (non-overtime) shop labor rates, during normal service hours. Normal service hours are from 5:00 a.m. to 12:00 midnight, Monday-Friday and from 6:00 a.m. until 12:00 noon on Saturdays.

Warranty repairs may be performed in the field by Empire's highly trained field service technicians (travel charges may apply).

Overtime rate is charged for all hours worked on holidays. No other competitor that we are aware of provides this expanse of available normal service hours. When requested, Empire will work overtime with the incremental overtime fee charged to the City of Tucson. Normal warranty coverage only includes shop labor rates during normal business hours and thus could result in overtime charges to the customer. Additionally, parts that are not normally stocked may include a customer charge for additional freight or handling, depending on circumstances.

Engineering Deficiencies: Empire and our customers benefit from a long relationship with Caterpillar Engineering for new machines and product improvement testing. Because of our unique Arizona/Imperial County, California and territory, Caterpillar engineers prefer to test new machines and product improvements in Empire's territory because of the range and access to high ambient temperature, high altitude, sea level altitude, abrasive dust, hard caliche and granites soil and sand (dune) conditions. Our applications range from farming to forestry harvesting, to hard rock mining.

This multi-decade experience has provided Empire staff with a wealth of knowledge, experience, relationships and access to Caterpillar's engineering staff around the world. It has provided our customers with purpose-built machines and components tested here to perform here. This experience helps our staff identify a deficiency, quickly begin to test our possible solution, and offer it to Caterpillar; or fabricate, install and test Caterpillar's solutions.

Empire's standard response times are based on the fact that our customer purchases a new machine because unscheduled downtime creates critical disruption to their production. Most customers expect that we will handle every machine-down warranty event like an emergency. We are "built for it". Empire invests and maintains the staffing capacity to provide customers two shifts per day, plus single shift on weekends and on-call staff for holidays to respond to these events with the utmost urgency.

Beyond this, a failure on Empire's part to deliver expected or promised service is always taken into account before any request for additional charges are presented to a customer. We take pride in the fact that Empire's owner expects all employees to consider first how we may have contributed to increasing a customer's expense or downtime. We are empowered, at all levels, to make ethical and fair charge adjustments before approaching a customer about additional expense to warranty coverage.

Costs for these extended plans vary by product, type of coverage, machine application and length of coverage. Because Cat Dealers are independently owned businesses with widely varying geographic territories, the actual costs associated to supporting such warranties will vary and cannot be quoted on a national scale by Caterpillar as fixed amounts. Such factors include but are not limited to the individual dealer's shop labor rates, transportation costs both for the machine as well as the technician and many others. It is recommended that warranty and extended protection plan considerations be clearly stated and agreed to prior to any transaction because of this contract taking place.

Dealer Response

With over 360 different Caterpillar products covered in this solicitation, and with over 65 different options for each of those machines with time and hour combinations, the matrix of extended warranty pricing would be too large to provide in this format.

Additionally, because of the competitive exposure, we are not at liberty to provide for public record, all of Caterpillar Insurance Extended Warranty pricing. For this proposal, we will provide requested rates on a model by model, term and hour specified basis.

- e. Describe how your firm is anticipating and ensuring compliance with the Environmental Protection Agency (EPA) emission changes.

Caterpillar Response

Caterpillar fully supports the efforts of the Environmental Protection Agency and we are proud to offer the largest number of machines meeting Tier 4 final emissions requirements. All new machines are fully compliant under current emissions regulations which do vary by horsepower and intended use.

Managing a broad global product line is challenging so to ensure we are properly prepared for any additional regulations; Caterpillar has a dedicated team of experts that works very closely with EPA officials.

In 2020, Caterpillar was once again named to the prestigious Dow Jones Sustainability Index (DJSI) List, marking the 21st time we have been included in the DJSI. Caterpillar leads its global peers in the Capital Goods sector in the areas of innovation management, risk and crisis management, labor practices and human rights, as well as corporate citizenship and philanthropy.

Dealer Response

Empire's technical resource group (similar to all Caterpillar dealers) has been engaged with Caterpillar engineers throughout the development of Tier 1, Tier 2, Tier 3, Tier 4i, Tier 4 Final, and future emissions requirements since the Federal regulations were implemented. Empire's (and our customers') ongoing participation of Caterpillar "Field Follow" program of prototype machines operated by customers in our territory, provides Empire both a first look and a wealth of experience in service support before production machines are ever produced for sale or delivered to a customer. Additionally, Caterpillar offers remanufactured exchange filters and Empire stocks them.

As of this submittal, it is becoming more apparent that exchange emission filters available from our parts department are faster, safer, more environmentally responsible and more economical for the customer than the other option of maintaining a DPF cleaning machine at our dealership stores. For redundant support, in the event of an unexpected supply disruption from Caterpillar, Empire owns and operates two (2) DPF cleaning machines at our Phoenix store.

Along with the above service capacity, Empire provides on-line information, updated regularly, for the City of Tucson managers, supervisors and operators to help them understand how the technology works. Tips and warnings are constantly updated to help our customers stay informed and reduce the risk of emissions solutions damage. Empire requires continuing education for our Sales and Product Support staff as an incremental resource that helps customers stay informed. Our operator trainer staff is always available to our customers for on-the-job operator education of the technology.

4. Service

Offerors shall provide the proposed services that will meet the Service Requirements section of the Scope of Work outlined in this solicitation. For each proposed category, describe and/or provide details explaining your capabilities. In your response include information such as:
1. Provide detailed information explaining your service capabilities.

Caterpillar Response (only)

Caterpillar takes great pride in our foundation of outstanding product and customer support. While the actual service and support of products sold through this contract will be conducted by the selling dealer, Caterpillar supports their efforts through many channels.

We start by designing durable, reliable, long-lived products with ease of operation and service in mind. These products are thoroughly tested to validate the design. When approved for production, a very strict protocol is put into place to ensure strict adherence to the build plan. Quality inspections occur throughout the manufacturing process and again when it arrives at the local dealership.

Prior to first shipment, Caterpillar will ensure that dealer has access to Owinging & Operating Manuals, Service Manuals, Parts Books, Disassembly & Assembly instructions and that their service technicians are properly trained on maintenance and repair procedures.

Every dealer has a process in place to troubleshoot and diagnose problems. Caterpillar also maintains a field force of technical representatives to ensure customer downtime is minimized. Factory service engineers work very closely with dealers in situations where a problem cannot be easily resolved and engage all resources necessary for problem resolution.

2. Provided detailed information explaining the service capabilities of your authorized dealers.

Caterpillar Response

Caterpillar leads the industry in offering outstanding product support. Field Service trucks with resident field technicians and parts drops provide a level of service unmatched in the industry to reduce downtime and increase productivity.

All participating Dealers employ trained, experienced technicians to support Caterpillar's full range of products. Dealer Technical Communicators (TCs) provide additional support to field/shop technicians to aid in rapid product or application resolution. Dealer TCs have a direct line of communication with Caterpillar Inc. through the Dealer Solution Network to expedite problem solving.

Caterpillar's North American dealer network currently employs over 59,000 employees of which approximately 70% are dedicated to the product support business. With nearly 700 dealer branch locations and approximately 7,000 field service personnel, these highly skilled and trained Cat dealer technicians are in close proximity to provide unmatched service capabilities to meet your servicing requirements. As a commitment to servicing our customers, Cat dealers invest over \$75 Million annually in technician, parts counter, and product support representative training. Over the last 96 years, our philosophy has been to provide our customers with a level of product support unequalled in our industry through a financially healthy and viable dealer network that is dedicated to the business of our customers.

Caterpillar's ability to meet 24-hour service needs is based on servicing dealer discretion at time of transaction. However, most dealers offer a 24-hour emergency service call-out option with a price based on local market rates.

- Describe the maintenance programs offered. If a maintenance program is selected by the City, will your firm provide a loaner or rental machine if the machine is down for more than 24 hours?

Caterpillar Response

All Cat dealers can offer Customer Value Agreements (CVAs), these can be customized based on customers' individual needs. When a service or maintenance program is created, the terms of the program supported by the local Cat Dealer will outline any replacement / loaner options.

A CVA is a hassle-free ownership plan to get the most from your Cat® equipment. Genuine Cat® Parts delivered right on time and right to your door, with instructions for hassle-free maintenance. You get the security of an Equipment Protection Plan (EPP) to avoid unexpected costs for unplanned repairs. All the keys to machine health management conveniently display on your phone. And it all can roll in with your monthly machine payment. It's one easy plan to leverage Cat value — beyond the machine — to maximize your investment and lower ownership cost. As described in Caterpillar's response, Empire and other Cat Dealers can customize maintenance programs to fit the specific needs of our customers.

The pricing for maintenance services explained below can vary based on the model, hours of usage, and duration of agreement, and can be quoted on an individual basis.

The following are some examples of the different maintenance agreements that are available:

- **PM (Preventative Maintenance) Services**

PM services are broken into five (5) categories and follow the manufacturer's service recommendations, or can be customized to meet customers' needs.

- PM1 – Services the manufacturer recommends at 250 hours
- PM2 – Services the manufacturer recommends at 500 hours
- PM3 – Services the manufacturer recommends at 1,000 hours
- PM4 – Services the manufacturer recommends at 2,000 hours
- PM5 – Services the manufacturer recommends at 4,000 hours

Empire and participating dealers can offer different options for these hour intervals including:

- Parts only agreements
- Parts and fluids only agreements
- Parts, fluids, and labor agreements

Please see generalized chart below for the services performed at each PM interval.

We do not provide loaner machines. Empire will provide a down machine rental discount program (see details below).

For dealers representing any brand, contractual loaner guarantees have an incalculable financial risk. No dealer can guarantee 100% of the time that they will have a like-kind machine available and ready at any given moment.

But this deserves more explanation:

Our highly valued relationship with the City of Tucson demands we consider loaners in certain circumstances. However, that decision must remain solely at Empire's discretion and it will be one of several possible solutions for a down machine that creates a critical hardship.

At a minimum, Empire will provide a subsidized rental machine that is either an exact match or based on the City of Tucson's input, adequately sized unit at a 50% discount from Empire's rental rate. The City of Tucson will be responsible for the normal rental wear items associated with a rental for the duration of time the down machine is under warranty.

Additionally, if a down machine is causing a hardship to the City of Tucson from a habitual issue that Empire has not yet solved, the probability is high that Empire will provide a loaner at no cost to the City of Tucson, other than wear items. But again, that decision must remain solely with Empire.

Field Service trucks with resident field technicians and parts drops provide a level of service unmatched in Empire's territory to reduce down time and increase productivity.

Empire only employs trained, experienced technicians to support Caterpillar's full range of products. Empire Technical Communicators (TC) provide additional support to field/shop technicians to aid in rapid product or application issue resolutions. Empire TC's have a direct line of communication with Caterpillar Inc., through the Dealer Solution Network, to expedite problem solving.

Empire currently employs over 2,200 employees, of which approximately 73% are dedicated to product support. Over the last 70 years, our philosophy has been to provide our customers with a level of product support unequalled in our industry, through a financially healthy and viable company that is dedicated to the business of our customers.

4. Describe your training programs, addressing, at a minimum, the following:
- i. How will equipment training be conducted?
 - ii. Describe the training curriculum for the equipment operators.
 - iii. Describe the training curriculum for the service technicians.
 - iv. How will you accommodate various work shifts?
 - v. What type of documentation is provided with the proposed training?
 - vi. Is a "train the trainer" program available? Is this training different than the regular initial training? Can training sessions be recorded for future use by the agency?
 - vii. Is the training provided by the manufacturer, dealer or both?

Caterpillar Response

Cat Dealers support a variety of training options. Upon delivery of the machine, operators as well as technicians will be given basic equipment orientation, operating procedures, and service maintenance information required to put the machine into service. Should an agency require additional training, such consideration can be included in the customer's equipment quotation.

Caterpillar also offers a variety of operator training classes that provide certification to those agencies that require a higher level of operational expertise. For additional information on these and other training options, please visit: http://www.cat.com/en_US/support/operations/cat-training.html

ii. Describe the training curriculum for the equipment operators.

Empire offers comprehensive operator training for all Caterpillar machines by our Certified Dealer Instructors (CDI). CDI's are dedicated full time to this process. CDI's are Caterpillar Certified on various applications for individual machine groups. Empire does not depend on a service technician or machine salesman to provide this critical task. CDI's begin the ownership experience by providing customers the most thorough "in-service" training and orientation in the industry. This service is provided at delivery of ALL new Caterpillar machines.

The operator training includes complete machine walk-around inspections, discussion regarding daily maintenance/checklists and hands-on operational instruction, along with comprehensive coverage of the Operations & Maintenance Manual. Proper operator understanding is a significant advantage to help reduce the operating cost per hour of the machine life cycle.

The orientation will cover the following:

- Coverage of the Operation and Maintenance Manual, including a complete safety and service daily walk-around inspection
- Hands on demonstration of all wet and dry fluid and filter locations and compartments
- All safety decals and their meaning along with examples of incidents
- All machine controls, functions, features
- Live demonstration (where site allows) of machine reaction to control inputs
- Review common operator misuse or abuse habits and resulting damages (i.e. damaging parking brakes)

Additionally, our Operator Training Department permanently staffs a Training Manager with seven Certified Dealer Instructors traveling throughout Arizona, performing new machine delivery training, certified training and refresher courses along with analyzing production improvements for in-specific applications when requested.

Empire provides this for both public and private customers, for an additional charge, when requested.

iii. Describe the training curriculum for the service technicians.

Our service delivery training begins with Safety. Our instructor will cover all the safety decals and their explanation of why, as it's described in the Operation & Maintenance Manual. The following is an outline and agenda for a training session.

Safety: All decals and what they mean along with examples of past events.

In addition to our Service delivery process, Empire offers a dedicated facility and dedicated full time staff in our Training Institute:

The Empire Training Institute (ETI) is one of five Caterpillar Certified Regional Dealer Learning Centers in North America, and one of just three Caterpillar Certified Applied Failure Analysis training facilities. ETI provides both technical and non-technical training programs for Empire employees, customers and other Caterpillar dealers via instructor-led and web-based training courses.

ETI is a dedicated 36,000 square-foot facility with eight fully equipped classrooms and over 10,000 square feet of shop space. Our experienced staff includes eight Caterpillar certified technical instructors, one soft skills instructor and one safety instructor.

Classes can be scheduled and conducted at the Empire Training Institute facility at Empire's Mesa campus or at customer sites. All training courses utilize "pre and post" testing procedures to measure learning and monitor growth, and students are presented with a certificate upon successful completion.

Training topics include, but are not limited to:

- Safety
- Diesel
- Electrical
- Engines
- Applied Failure Analysis I, II and III
- Hydraulics
- Machinery & Equipment
- MSHA for Experienced Miners
- Powertrain
- Preventative Maintenance
- Air Conditioning for EPA Certification

Empire recently added a wide variety of virtual training courses that are available to technicians. These courses were added after the Covid-19 outbreak in 2020, allowing technicians to receive training, regardless of travel restrictions, and/or for those who have limited or no travel budgets for in-person training at Empire's training facility.

iv. How will you accommodate various work shifts?

Empire will provide training and accommodate any shift the City of Tucson requires.

v. What type of documentation is provided with the proposed training?

Caterpillar's Delivery Service Record provides a safety and service daily check list that our CDI's follow at machine delivery orientation. Signatures on the form require a City of Tucson representative to confirm the list was reviewed and completed.

vi. Is a "train the trainer" program available?

Yes.

Is this training different than the regular initial training?

Yes, the training curriculum is focused on the trainer and how to communicate proper operating techniques and safety, and why it is important. Initial training is focused on the student.

Can training sessions be recorded for future use by the agency?

Caterpillar does not permit recording, copying or transferring any of copyrighted material, either at our Operator Training Academy or customer sites. Empire maintains Caterpillar's proprietary information and copyright policies.

vii. Is the training provided by the manufacturer, dealer or both?

Both manufacturer and dealer can provide training.

5. Ordering and Invoices

a. Describe your order process.

Caterpillar Response

Understanding that Cat Dealers have been developing and maintaining customer relationships at the local level for more than 96 years, it is Caterpillar's intent to continue to support this proven model. It will be the local Cat Dealer that will quote, deliver, receive payment, and support the products in this proposal per the terms that have been outlined

Dealer Response

Machine invoices will be generated after receipt of a City of Tucson purchase order at Empire.

The invoice includes:

- Name of agency
- Department receiving (if supplied on purchase order)
- Contact name
- Machine Serial Number
- Machine price
- Applicable taxes
- Freight from Empire to agency
- Machine configuration (if requested)

Machine payments are due 30 days after receipt of invoice.

Terms of our invoices are available at: www.empire-cat.com/sales serviceterms

b. How do agencies work with your firm to determine appropriate equipment needs?

Caterpillar Response

Cat Dealers have sales and application specialists who can help an agency identify the best equipment option to fit the application. Once a need has been identified, it would be in the customer's best interest to consult with the local Cat Dealer to determine the best possible equipment solution. Should additional expertise be required, Caterpillar has expertise within the company that can also help ensure the most favorable outcome.

Page **53** of **91**
CONTRACT OFFICER: CYNTHIA THOMPSON, NIGP-CPP, CPPB
PH: (520) 837-4134

Dealer Response

Initial contact will begin with our Sales Account Manager. A dealer Account Manager has extensive knowledge and experience in machine and attachment applications can assist the City of Tucson personnel in determining the best options.

Beyond this, the Account Manager will help the City of Tucson staff build a cost/benefit analysis to help illustrate why one machine or attachment was selected over other options. If the Account Manager believes the application question needs additional expertise, he is highly proficient at navigating Empire and supplier resources and bringing their expertise to bear.

Caterpillar has several software resources to help calculate cost per hour and cost per ton of machines, such as Cat Turbo, FPC or VET, to help users select the best machines, configurations and attachments. The Account Manager will utilize these resources to help the City of Tucson analyze options.

Additionally, if the Account Manager is asked to help research the best machine for an application and he believes that our offering is not optimum, and knows a competitive product or supplier that would be, he will explain why and help coordinate contact with the supplier, if requested by the City of Tucson. We recognize that not all of our offerings are the best and most economical fit for some applications and will readily explain so when we are asked to be part of the best solution analysis.

- c. Describe the equipment delivery process and your delivery commitment.

Caterpillar Response

It will be the local Cat Dealer that will quote, deliver, receive payment, and support the products in this proposal per the terms that have been outlined.

Dealer Response

Most products can be sourced from Empire's extensive inventory. Our configurations are based on the optimum feature utilization and most effective cost per hour in Empire's territory. In the past, most City of Tucson units have been custom ordered because of minor configuration differences. We feel that the City of Tucson will benefit from most of the configurations we stock. This benefit is in terms of: Time of delivery, higher potential productivity, and potentially lower operating costs.

In the event we need to order a machine, the manufacturer will provide Empire a "Ready to Ship" (RTS) date. Empire will estimate additional days based on subjective experience with that manufacturer's history of accurate RTS dates. Empire will also add expected freight time. Since there are various events beyond our control such as severe weather, strikes, or U.S. Custom holds at docks, a small percentage of our given delivery times can and do extend. Empire will alert the City of Tucson immediately if we believe a committed delivery date will extend and work out a solution if the need is urgent.

d. What is your standard equipment delivery timeframes?

Caterpillar Response

Depending on Cat Dealer inventory, delivery can be as quick as a day, but depending on demand, orders from the factory may take as long as 180+ days to deliver. In most cases Cat Dealers have been able to commit to a less than 90-day delivery timeframe. However, timelines need to be confirmed for each purchase.

Dealer Response

If Empire's configuration is acceptable and we can supply from inventory, we can usually deliver in less than seven calendar days. If it is urgent, we will work nights and weekends to supply a unit sooner. A significant percentage of our deliveries happen in less than three working days from receipt of firm order.

The next source for machine availability is Cat's Product Distribution Centers (PDC). PDC's have their own configurations, but most are very close to the Empire configuration. If a machine from this source has acceptable configurations to the City of Tucson's request, these machines will usually ship within 7 days and arrive at Empire within 14 days.

Additionally, Empire works with nearly every Cat dealer in the United States for trading inventory. We have an excellent reputation of helping other Cat dealers secure units from our existing inventory and our "on order" inventory. In other words, we give more than we take, which helps us secure earlier delivery several times a year and unit can usually arrive within 10 days.

If a unit must be factory ordered, we have no standard delivery time frames. Caterpillar claims 65%+ of their units will be "Ready to Ship" within 12-16 weeks. Allied manufacturers have too many variables to provide relevant estimates here. If Empire is awarded this contract, they will be quoted as needed.

e. How does your firm communicate order cut off dates to your customers?

Caterpillar Response

Any questions with regards to an order will be addressed by the local supporting Cat Dealer.

Dealer Response

For machines and attachments, the Empire Account Manager, will provide the City of Tucson with RTS estimates upon request.

After hours/emergency parts service is available by calling a store's main number. (Store contact numbers can be found in list provided in this response, which lists dealer locations and contact information.) This service is available anytime outside standard business hours. When a call is placed, an Empire parts representative will respond, locate the parts needed, and arrange to meet at the store for pick up.

- f. Identify and describe any exceptions or challenges.

Caterpillar Response

Should an urgent US military equipment order be placed at the factory it will take precedence over any other customer orders which may delay the actual delivery of any non-military orders to the end user.

Dealer Response

Historically, Empire's most common challenges in delivery of machines have been due to severe winter weather in the mid-west and U.S. Customs holds for freight shipments at U.S. shipping ports.

With regard to parts, Caterpillar/Empire has experienced challenges when suppliers to Caterpillar of a sub component part fails on hundreds of machines in a short time. A cascade of challenges begin at that point. Usually the manufacturer's parts supply is depleted and because of the unanticipated demand, the supplier cannot ramp up production of the correct part in the normal time most Caterpillar owners have come to expect.

Throughout our 70 year history, we have faced a number of these challenges. Customers want answers. Depending on the severity, it can take a few days to diagnose the root cause before we can begin to respond to repair affected machines.

Because of Arizona's unique geography, high elevations, hard material, and high ambient temperatures, many machine failures can show up in Arizona before the rest of the world experiences them. These events have taught us to maintain a hyper awareness of developing issues. Empire is usually the lead dealer to discover the issue and help Caterpillar (and other dealers) with the solution. These events help our staff stay highly vigilant in providing early identification and developing solutions for our customers.

- g. Provide details of the capabilities of your E-Commerce website including ability to display contract pricing, on-line ordering, order tracking, search options, order history, technical assistance, lists, technical data and documentation, identification of alternate green products, etc.

- h.** Describe your invoicing process. Is electronic invoicing available? Is summary invoicing available? Are there other options on how an agency receives an invoice? Submit sample invoices.

Yes

Are there other options on how an agency receives an invoice?

Invoices will be sent by mail, electronically or can be verbally requested for pick up.

Submit sample invoices.

Samples will be included in the ATTACHMENTS section of this RFP.

- i. Describe how problems – such as a customer ordering a wrong product; a customer receiving a defective or wrong product; etc. – are resolved.

Caterpillar Response

Because machines are large purchases, customers will be assigned a sales representative to help ensure the process is executed without errors. Should something unexpected arise, the local dealer will have the ability to resolve any issues locally.

Defective products are covered by manufacturer's warranty.

Dealer Response

As described in Caterpillar's response, in most cases, working with Empire's Account Manager will alleviate wrong order issues. If Empire receives a purchase order and the quantity or configuration stated is, or seems not to be what was discussed, our Account Manager will attempt to notify both Procurement and the user department if Procurement approves.

The vast majority of the time, we solve the issue at this stage. Errors of Empire's making are the responsibility of Empire. If the purchase order, or subsequent instruction in writing, is given by key personnel from the City of Tucson and Empire fails to correctly order the product, Empire will bear the expense of correcting it. If the item is in excess of what was ordered, Empire will remove it. If the item cannot economically be removed and it does not interfere with the production, safety, operator comfort, or expose the City of Tucson to additional operational expense, Empire may elect to leave it on the machine at no charge to the City of Tucson.

- j. Describe how your firm measures performance including identification, calculation, tracking and reporting of measurements.

Caterpillar Response (only)

Purchase orders received from a customer can be filled by an authorized dealer from inventory or by placing a new order from the factory. In either scenario, the customer will be advised about the timeline prior to delivery.

When sold, dealers are obligated to report the sale to Caterpillar with detailed information about the sale. This creates a record in the corporate systems so that we are aware when a sale has been made to a governmental agency using this contract.

Machine sales are only reported when the Dealer has input the transaction information into the system and the machine has been scored to the respective industry. The sales are compiled monthly and reported back to OMNIA.

- k. Titles- will equipment be provided with proof of registration with the state?

Caterpillar Response (only)

Where appropriate, all titles will be provided with proof of registration with the state.

- l. Will each product be delivered free of distributor advertising?

Caterpillar Response (only)

The buying agency and dealer can determine what advertising is appropriate or not. There will never be a manufacturer requirement for the machine to carry a company decal/logo or to include distributor advertising.

Caterpillar Response (only)

For more than 90 years, Caterpillar Inc. has been making sustainable progress possible and driving positive change on every continent. Customers turn to Caterpillar to help them develop infrastructure, energy and natural resource assets. With 2020 sales and revenues of \$42 billion, Caterpillar is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives.

The company principally operates through its three product segments - Construction Industries, Resource Industries and Energy & Transportation - and provides financing and related services through its Financial Products segment. The Caterpillar Dealer organization has been a key component of Caterpillar's success. Caterpillar subscribes to the philosophy we need our dealers, and our customers to be successful, for us to continue to grow profitably. It's a symbiotic relationship where all benefit when all grow together. This success is evident in the fact that many of our dealer s have been owned by the same family for multiple generations.

Caterpillar is the market leader and holds the highest North American share of the heavy equipment business. This leadership also extends to sales to governmental agencies. These figures are based on sales that have been publicly reported by our competition and does not consider market share adjustments for those not reporting.

One of the largest factors for Caterpillar's continued success is that our customers have realized that they get the best overall value when they purchase Caterpillar. When considering the total cost of ownership, it's important to include the following factors. For any specific product, the Cat dealer would be able to provide detailed information tailored to the local market.

- Operating costs (include fuel burn, a key trait for which Caterpillar is broadly considered most efficient)
- Maintenance costs
- Repair costs
- Safety design and performance
- Productivity
- Ease of operation
- Reliability
- Resale value

- 2) Describe your dealer network and their role in providing products and services under this contract.

Caterpillar Response (only)

Cat machines and engines are distributed principally through a worldwide network of dealers. 45 dealers are in the United States, 2 in Canada and 114 located outside North America.

Caterpillar and Cat Dealers will provide governmental customers with a reliable and viable distribution channel. They will manage the entire sales process from machine selection, quotation, PO acceptance, payment receipt and product delivery. In addition to sales, Cat dealers also will provide parts and service support. All Participating Dealers are financially healthy with no outstanding issues that would disrupt service within these territories. Cat dealers average more than 60 years of experience within their respective territories. Specific information about dealers is located on:

http://www.cat.com/en_US/support/dealer-locator.html

Caterpillar's North American dealer network currently employs over 59,000 total employees. Many dealers have enough opportunity in the governmental market to employ salespersons dedicated to the governmental market. Approximately 70% of dealer employees are dedicated to the product support business.

For the last 96 years, Caterpillar's principal line of business has been the manufacture, sales and support of construction equipment. Throughout our history we have worked in close consort with our authorized dealers and that successful model has not substantially changed since its inception.

We have many satisfied customers in public agencies and refer you to Empire Machinery's response for three local agencies who are pleased with their support.

It is also important to reference the working partnership between Caterpillar, Empire Machinery, City of Tucson and OMNIA for the past five years. The performance under contract # 161534 is evidence of a strong and successful relationship. It is our desire to maintain this high level of cooperation as we move forward under this new RFP. - Field Service Technicians: 400+
- Service Trucks: 300+
- In Shop Technicians: 550+
- Technical Communicators: 13
- Service Managers: 27+ (all former shop or field technicians)
- 100+ Shop Lead persons
- 40+ Welders
- Average length of time in Service for all technicians: 10.5 years
- Many technicians at Empire stores have over 25 years of experience for other technicians to draw from

Years of experience in service staff are important to the customer. One of the highest costs of Ownership and Operating (O&O) costs is downtime. The faster a vendor can dispatch and arrive at a down machine (based on truck fleet capacity), trouble shoot the problem (based on experience, access to information or additional expertise), select and confer repair options with the customer, repair the machine (based on truck tool box capacity), only then can the absolute lowest expense be achieved, returning the machine to production.

It is difficult to quantify savings from assessing truck capacity and capability when trying to compare one vendor to another. The parts and labor expense in the cost of a work order are easier to compare and tend to be what receives focus rather than the difficult task to determine downtime expense or savings. The primary mission, and Empire's extensive investment in our Parts and Service Departments, is focused on reducing downtime expenses while being as efficient as possible.

Value Added Support Services

- 7) Describe your quality control program including but not limited to: what is your quality control procedures, who performs the quality control inspection? What are the qualifications of the inspectors? What items are inspected / tested? Etc.

Caterpillar Response (only)

Quality levels are at the highest in company history. In 2013, Caterpillar implemented Lean methodology. Lean is built on a strong foundation of 6 Sigma and Caterpillar Production Systems (CPS). Lean is how Caterpillar eliminates waste and drives efficiencies. By standing up quality gates throughout the production processes, Caterpillar can stop any defects to external customers – first by catching them at the quality gates, and then by eliminating them. Lean has been deployed at more than 94 production facilities throughout the enterprise.

In the production facilities, qualified technicians perform a battery of tests to ensure that the products leaving Caterpillar plants are operating to the outlined specifications before delivery to the customer. These tests cover the electronic system, hydraulic systems, and powertrain systems on every machine we build. In addition to static testing procedures, trained operators perform a series of road tests and simulated operational maneuvers in dedicated locations at the plant prior to shipment. Should a machine exhibit any functional issues or fail a quality control benchmark at any point in the manufacturing process, the production line will either be shut down to remedy the issue or the machine will be removed completely from the production line. The unit will then be assigned a specific troubleshooting cell to perform the necessary corrections or repairs at which point it will be re-subjected to the battery of tests until such time it meets Caterpillar's quality control standards.

Upon arrival at a dealership. A detailed pre-delivery inspection will be performed. Any deviations from expected condition or operational performance will be noted, reported, and corrected before delivery. It is also recommended for the customer to inspect the machine prior to first use.

C. Price Proposal

- 1) Provide a Price Proposal. Submit the Price Proposal as a separate and clearly identified document. The Price Proposal shall minimally include the following: Offerors shall submit pricing based on the Equipment, Product Requirements and Service Requirement categories identified on the Scope of Services. Pricing should be based upon a verifiable pricing structure, such as a fixed percent discount from an index or indices or established price list, etc. Where applicable, Offerors shall provide pricing for all product and services offered. Describe how pricing is determined for a base model equipment purchase and how pricing is determined for options, accessories and services. Identify the price list being used and include an electronic copy (or website link) so that net prices can be determined.

The price proposal should include pricing for equipment, accessories and options, parts, service and any additional value-add goods or services available such as financing, rental and used equipment for purchase from the vendor. Vendors must indicate if discounts are based on manufacturer price lists or dealer price lists.

In order to allow ordering flexibility for equipment that is mounted to a chassis, Offerors should provide a separate pricing structure for each the chassis and the truck, in addition to a total pricing structure for the complete piece of equipment.

Caterpillar Response

Each Caterpillar machine model will be assigned specific discount off the manufacturer's published list price for that particular machine and or piece of equipment. This discount will be extended to all additional options from the machine / option price list that are requested by the customer and become part of the final machine configuration. The published list price for the base machine and/or any additional options included in the published machine / option price list will be considered the maximum allowable price for the specific final machine configuration. The associated discount will be considered the minimum discount that the local supporting Cat Dealer will be required to honor.

Any additional items above and beyond those included in the Caterpillar Price Lists such as prep, extended warranties, delivery costs, customer service agreements, pre-delivery and installation will be priced at the supporting Cat Dealer's discretion no higher than prevailing market rates.

Financing for new and used Caterpillar products is available through a variety of financial products including Installment Sales Contracts, Finance Lease and Operating Lease contracts. Rates and terms will be determined locally.

To provide even more customer solutions, Caterpillar will be supporting a special Used Equipment program for customers that choose to purchase products using this contract. Except for Cat work tools, Caterpillar will be extending a 20% discount off the original list price of used Caterpillar equipment that is currently in the Cat Dealer's rental fleet. At their discretion, Cat Dealers will have the ability to extend this program to customers for the purchase of work tools. Please note that this used program is subject to availability.

2) Based on your distribution network, explain how freight is calculated.

Caterpillar Response

The freight and delivery costs vary by product and will be quoted separately. Our products are manufactured in locations around the globe and vary considerably in size and weight so costs to transport our products to the selling dealer will also vary widely. However, some models include the cost of freight in the List Price of the machine.

If the customer chooses to have the dealer deliver those machines to the purchaser's location the cost would be calculated based on the distance from the dealer's place of business. The dealer will quote actual shipping and prep costs for each machine quoted through this contract.

PH: (520) 837-4134

Dealer Response

Freight is calculated in two different manners, depending on model, for Caterpillar:

- Caterpillar Included in Price: For every Caterpillar construction model listed in this RFP, freight is included in the list price and is not a line item on the price list. Caterpillar dealers have zero control on this process. Caterpillar models handled in this manner are referenced as “FOB Dealer” in the Caterpillar price pages. For Empire, the majority of our Caterpillar orders are shipped directly to Empire’s Eloy facility where we prep the machine prior to sale. The only freight cost charged would be if Empire delivers the machine(s) from Eloy to the City of Tucson yard or jobsite. This freight cost will be shown as a line item on the quote, prior to delivery. Empire does not “mark-up” or profit from freight. This is a “pass through” expense to the City of Tucson.
 - Empire Quoted: On some regional type models such as larger mining machines, Empire is responsible for the freight from either the factory or the port. Empire utilizes an RFP to quote pricing in advance for each of these models. Five to seven national freight companies compete against each other using this bid system. Empire will use this pricing methodology to determine the freight on each individual model.
 - Allied Products: Allied freight varies from manufacturer to manufacturer. Some provide managed freight; some quote dealers “FOB” their factory. Empire will provide a written quote from the vendor at time of quotation to recapture these freight costs. Depending on the product, delivery freight from Empire’s location to the City of Tucson may apply. Same terms as described above in the first bullet, “Caterpillar Included in price”, will apply.
- 3) The discount structure provided by the supplier is intended to remain constant throughout the term of the Contract. Discuss how often price lists are updated and provide a listing of price list changes that have taken place over the last 3 years. Discuss any known future price list changes or industry changes that will effect pricing over the next 5 years.

Caterpillar Response

Several factors will come into play when looking at possible price adjustments. Given that our machines and their components are largely made up of a variety of metals, commodity prices will have a significant impact on how pricing is adjusted moving forward. Combined with the fluctuation in fuel cost, rubber prices as well as the cost associated to the development of technologies associated to meeting emissions regulations, we expect the prices of heavy equipment to continue to rise. With this uncertainty, Caterpillar is asking that the most current published pricing be that which is used in the quotation of equipment for this contract by the supporting Cat Dealers. Failure to do so may limit Caterpillar’s ability to commit to the pricing terms as outlined in this solicitation.

Typically, price changes go into effect on the first business day of the calendar year. However, Caterpillar reserves the right to adjust prices up or down as needed with an understanding that price changes may impact purchase intentions. Pricing is typically based on the date a machine ships from the factory.

When Caterpillar determines a need to make price list corrections/reductions we reserve the right to adjust discount structures as long as that discount change is not detrimental to the customer.

With more than 300 products, Caterpillar introduces new products and removes outdated products periodically throughout the year. Caterpillar will provide the City of Tucson an updated equipment list and discount structure when these changes take place.

Past and Future Price Increases
--

Dealer Response

Empire will honor our discount from Caterpillar list prices to the City of Tucson for the term of the awarded contract. However, as a dealer we have no control over when the manufacturer announces price increases or how much those increases will be. Over the last three years, the prices have changed hundreds of times.

With regards to price list changes, Caterpillar modifies the price pages often. These adjustments affect base price, configuration item price, internal vendor change, causing a reference number change, etc.

Listed below are a few examples of the number of times Caterpillar made price adjustments between 01/01/2021 and 09/01/2021.

- 4) State if pricing is most favorable offered to government agencies. Describe how your firm will ensure this contract will continually offer the best pricing available to Participating Public Agencies.

Caterpillar Response

Cat Dealers are independently owned and as such Caterpillar does not have the authority to dictate pricing. The discounts being supported by Caterpillar in this proposal are the best discounts Caterpillar currently offers to Cat Dealers on a national scale. It is the intent that with the "Maximum Price / Minimum Discount" model, that all Cat Dealers will have the flexibility to extend the lowest price possible to the agencies who choose to use the contract. Manufacturer's incentives may be periodically provided and may be regionally based.

Dealer Response

Above and beyond the discounts stated in the price proposal/discounts section of this RFP, Caterpillar or Allied manufacturers may offer additional discounts beyond the minimum table. These incremental discounts may be short term (seasonal) programs or multiple unit discounts for a single transaction.

Incremental or additional discounts come from cycles of increasing or decreasing demand from the marketplace. If a manufacturer cannot produce the quantities to supply the opportunity, their incremental discounts are usually zero. Conversely, if they are targeting a new product, have over produced, or feel they are losing crucial market share in a region, they may offer dealers a temporary or seasonal additional discount with the intent it will incentivize dealers to stock more, or end users to pull purchases forward.

In the event additional or incremental discounts are available, Empire will pass these discounts on to the City of Tucson when "current" pricing quotes are requested. These quotes will show the contract minimum discount along with any additional or incremental discount and their expiration dates. These incremental discounts are usually labeled as "incentives" and they can have a very short life. Empire will explain to the City of Tucson their origin, amount and termination date.

Occasionally, Empire can negotiate termination extensions when the City of Tucson wants to take advantage of an incremental discount, but requires additional time to secure funding and approval. Empire is compelled to add: "Occasionally" means we are successful at securing extensions fewer times than not.

Empire offers a guaranteed buyback program for governmental clients only

Empire offers a minimum buyback for a certain duration of time or hour range. Buybacks allow agencies to predict what their machine is guaranteed to be worth, based on the length of term they choose and the hours they will put on it. The terms are usually between three (3) and seven (7) years and are usually based on 500 to 1,000 hours of usage per year.

All buybacks are subject to Empire's return "terms and conditions" and require a signature of acceptance. A copy of Empire's buyback terms and conditions will be provided upon request.

- 5) Provide details of and propose additional discounts for volume orders, special manufacturer's offers, minimum order quantity, free goods program, total annual spend, etc.

Caterpillar Response (only)

No additional volume rebate program is included in this proposal, however customers and their local Cat Dealer may enter into agreement for additional discounts and or other value added provisions within the spirit of the "Maximum Price / Minimum Discount" model for volume purchases that are in line and conform to all the terms and conditions covered by the contract.

- c. If yes, indicate the flat fee per transaction \$_____ (as allowable, per Section 4.9 of the MasterCard Transaction Processing Rules).
- d. If "no" to above, will consideration be given to accept the card? X* Yes No

Caterpillar Response (only)

*Commercial Credit Card acceptance (online or in person) limits are determined by the selling dealer. Not all dealers will accept payment by credit card. Limits and conditions may be imposed by the local dealer. Each independent dealer structures their business as they deem appropriate and can advise on transaction fees and processing systems.

Cat dealers, either independently or in conjunction with Cat Financial may offer lines of credit to governmental purchasers.

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The City of Tucson (hereinafter defined and referred to as “Principal Procurement Agency”), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector (“OMNIA Partners”), is requesting proposals for Heavy Equipment, Parts, Accessories, Supplies and Related Services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (“Master Agreement”) be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners’ cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners’ requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- A. Marketing collateral (print, electronic, email, presentations)
- B. Website
- C. Trade shows/conferences/meetings
- D. Advertising
- E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

- A. Individual sales calls
- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
- B. Training sessions for Public Agency teams
- C. Training sessions for Supplier teams
- D. Regular business reviews to monitor program success
- E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$25 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g. governing law) are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.) ("Supplemental Agreement"). It shall be

the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the

Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

3.1 Company

- A. Brief history and description of Supplier to include experience providing similar products and services.

For more than 90 years, Caterpillar Inc. has been making sustainable progress possible and driving positive change on every continent. Customers turn to Caterpillar to help them develop infrastructure, energy and natural resource assets. With 2020 sales and revenues of \$42 billion, Caterpillar is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. The company principally operates through its three product segments - Construction Industries, Resource Industries and Energy & Transportation - and provides financing and related services

through its Financial Products segment. The Caterpillar Dealer organization has been a key component of Caterpillar's success. Caterpillar subscribes to the philosophy we need our dealers, and our customers to be successful, for us to continue to grow profitably. It's a symbiotic relationship where all benefit when all grow together. This success is evident in the fact that many of our dealers have been owned by the same family for multiple generations.

Caterpillar is the market leader and holds the highest North American share of the heavy equipment business. This leadership also extends to sales to governmental agencies. These figures are based on sales that have been publicly reported by our competition and does not consider market share adjustments for those not reporting.

One of the largest factors for Caterpillar's continued success is that our customers have realized that they get the best overall value when they purchase Caterpillar. When considering the total cost of ownership, it's important to include the following factors. For any specific product, the Cat dealer would be able to provide detailed information tailored to the local market.

- Operating costs (include fuel burn, a key trait for which Caterpillar is broadly considered most efficient)
- Maintenance costs
- Repair costs
- Safety design and performance
- Productivity
- Ease of operation
- Reliability
- Resale value

B. Total number and location of salespersons employed by Supplier.

Cat machines and engines are distributed principally through a worldwide network of dealers. In the United States there are 45 dealers, two in Canada and 114 located outside North America.

Caterpillar has a team of 45 sales reps that support our dealer network in achieving their sales goals. In addition, each dealer has a sales team that supports the end customers.

C. Number and location of support centers (if applicable) and location of corporate office.

Cat machines and engines are distributed principally through a worldwide network of dealers. There are 45 dealers in the United States, two in Canada and 114 located outside North America.

Caterpillar and Cat Dealers will provide governmental customers with a reliable and viable distribution channel. They will manage the entire sales process from machine selection, quotation, PO acceptance and product delivery. In addition to sales, Cat dealers also will provide parts and service support. All Participating Dealers are financially healthy with no outstanding issues that would disrupt service within these territories. Cat dealers average more than 60 years of experience within their respective territories. Specific information about dealers is located on http://www.cat.com/en_US/support/dealer-locator.html

Caterpillar's North American dealer network currently employs over 59,000 total employees. Many dealers have salespersons dedicated to the governmental market. Approximately 70% of dealer employees are dedicated to product support. The Cat dealer network brings value to customers through unmatched service, integrated solutions, after-sales support, and fast and efficient parts fulfillment.

In addition to these two owners, there are 31 other women in our NA dealer network who hold the titles of President, Vice President or Director.

One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service-disabled veteran-owned, small, disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories.

Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). WE also use the System for Award Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers.

Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for diverse supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Diverse Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not.

I. Describe how supplier differentiates itself from its competitors.

BEST OVERALL VALUE / LOWEST LIFE CYCLE COST:

CAT products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government

agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. OMNIA Partners members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price.

CAT SAFETY SERVICES / SAFETY FEATURES:

In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents.

In addition to built-in safety features, we also offer a suite of aftermarket products and services that are unique in the industry.

Caterpillar Safety Services offers culture, jobsite and leadership assessments; safety and leadership training workshops; and a comprehensive continuous improvement process through consultative services. Services are facilitated by Safety Services consultants and training products can be purchased for self-implementation. Details on products and services are available at www.cat.com/safety. These products and services are available at a 15% discount from the list price.

Technology Enabled Safety Solutions are tangible products designed to assist the implementation of a safety culture. We are pleased to offer these unique products at a 5% discount off list price.

PRODUCT ATTRIBUTES:

Each product we sell offers unique operating, safety, and cost-savings advantages that are exclusive to Caterpillar. It is outside the scope of this response to itemize these differentiators. However, we provide many details on our web page at www.cat.com.

- J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

Regarding present and past litigation, Caterpillar, its subsidiaries and divisions strive to conduct business using a strict Code of Conduct. When litigation does occur, we take it seriously. Caterpillar has never filed for bankruptcy nor had material reorganizations that will impact its ability to meet contract obligations.

- I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Through our governmental specialists and the contract manager, Caterpillar will develop training materials along with marketing initiatives specific to the cooperative purchasing model to ensure that dealers are equipped with the necessary tools to present the message to the customer with confidence

- I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

The contract manager will be the single point of contact for any issues related to supporting, maintaining, and promoting the contract. It will be up to each individual dealer to identify those customers that would benefit from the program's use and will promote it accordingly

- J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

Caterpillar's governmental sales in 2020 were \$999M from 5,200 units.

Customers who purchase Caterpillar equipment are ultimately the customers of the Cat Dealers who serve them. As such Caterpillar does not require dealers to provide the contact information for their customers unless extenuating circumstances mandate it. Caterpillar also regards all customer transaction information as confidential and reserves the right to withhold such information until such time a legal requirement would warrant it.

- K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Caterpillar has a number of systems that manage the intake of orders from dealers and then to record and manage dealer sales to public agencies. Those systems vary depending on which products and services are sold.

- L. Provide the Contract Sales (as defined in Section 10 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement (“Guaranteed Contract Sales”).

\$_____.00 in year one

\$_____.00 in year two

\$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

Caterpillar does not guarantee contract sales volume, however, raising the admin fee to 2% of transaction price (1.4% of list price), if a non-competitive award is granted, is equivalent to a 25% sales volume increase vs our goal for 2021. Caterpillar also guarantees to work directly with OMNIA’s team on a regular basis to monitor contract sales volumes and take action as needed to meet jointly set goals. Caterpillar expects to set goals on an annual basis that will grow this contract.

NOTE: Caterpillar recognizes that the City of Tucson and other participating agencies may have needs outside of the range of products offered by Caterpillar and its dealer network. To that end, we recognize that a non-competitive “multi-award” is acceptable to grow the volumes of this contract.

- M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

- i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
- ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
- iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
- iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier’s strategies under these options when responding to a solicitation.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. 7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise

communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, “**Personal Information**” means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of “personal information” as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party “request to know” or “request to delete” (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners’ behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS’ PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement’s products and services to Public Agencies and such agencies’ employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency’s first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website.

Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of percent (%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of

Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this “**Agreement**”) is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate (“**Principal Procurement Agencies**”) with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector and/or Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities (collectively, “**OMNIA Partners**”), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies (“**Participating Public Agencies**”) who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the “**OMNIA Partners Parties**”) by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into “**Master Agreements**” (herein so called) to provide a variety of goods, products and services (“**Products**”) to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.
2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency’s procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies’ participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable “safe harbor” regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of healthcare services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization (“**GPO**”) agreements directly or indirectly by enrolling the Participating Public Agency in another GPO’s purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency’s sole discretion.

7. The Participating Public Agencies (each a “**Procuring Party**”) that procure Products through any Master Agreement or GPO Product supply agreement (each a “**GPO Contract**”) will make timely payments to the distributor, manufacturer or other vendor (collectively, “**Supplier**”) for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR

OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302–6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
 - (2) An agreement that provides only:
 - (i) Direct United States Government cash assistance to an individual;
 - (ii) A subsidy;
 - (iii) A loan;
 - (iv) A loan guarantee; or
 - (v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non-Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES pk Initials of Authorized Representative of offeror

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

Version July 27, 2021

- a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).
- b. Key Definitions.
 - i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a “federally assisted construction contract” as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.
 - ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines “construction work” as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.
- c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of

\$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of thissection.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of thissection.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT ORAGREEMENT

- a. Standard. If the FEMA award meets the definition of “funding agreement” under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).
- b. Applicability. This requirement applies to “*funding agreements*,” but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case

Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of “funding agreement.”

- c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

- a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).
- b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of \$150,000 under a federal grant.
- c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency

will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

- a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- c. Requirements.
 - i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.
 - ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.
 - iii. Specifically, a covered transaction includes the following contracts for goods or services:
 1. The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
 2. The contract requires the approval of FEMA, regardless of amount.
 3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

- a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of \$100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.
- c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

- d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, Caterpillar Inc, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the

Version July 27, 2021

Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

- b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

271 POLITICAL CONTRIBUTION DISCLOSURE FORM**Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**Contractor Instructions**

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”

SUBCONTRACT AGREEMENT FOR
GOVERNMENT AND OTHER COOPERATIVE PURCHASING CONTRACT(S)
BETWEEN [DEALER] AND CATERPILLAR INC.

This agreement ("**Agreement**") is entered into as of _____, 2020, between _____ **[DEALER]** _____, a _____ corporation with its principal place of business located at _____ ("**Dealer**") and Caterpillar Inc., a Delaware corporation with its principal place of business located at 520 Lake Cook Road, Suite 100, Deerfield, Illinois 60015 ("**Caterpillar**"). Caterpillar and Dealer are sometimes referred to individually as "**Party**" and collectively as "**Parties.**"

WHEREAS, Caterpillar (or its affiliates as applicable), and Dealer are, among other agreements, Parties to a certain Sales and Service Agreement and Distribution Agreement for Engines, Parts and Service ("**Dealer Agreements**"), which are the primary agreements governing their relationship, , and this Agreement is not intended to replace or modify such agreements; and

WHEREAS, Caterpillar may from time to time enter into government and other cooperative purchasing contracts (individually referred to as a "**Purchasing Contract**" and collectively as the "**Purchasing Contracts**") with certain governmental or purchasing cooperative entities (the "**Governmental or Cooperative Agency**") , pursuant to which Caterpillar agrees to certain terms and conditions for the provision of Cat Products and Services (as defined below) to the members of or participants in the Governmental or Cooperative Agency (the "**Customers**") ; such Purchasing Contracts are concluded for the benefit of Cat dealers in that Cat dealers are invited to participate in them;

WHEREAS, Cat dealers are invited to independently decide to provide Cat Products and Services to the Customers of the Governmental or Cooperative Agency pursuant to the terms and conditions of the Purchasing Contract as a subcontractor or as otherwise designated in such Purchasing Contract, by entering into a Schedule (as defined below) to this Agreement ; and

WHEREAS, the Parties desire to establish the terms and conditions pursuant to which Dealer may become a subcontractor of Caterpillar or otherwise provide Cat Products and Services under a Purchasing Contract as described herein.

NOW, THEREFORE, in consideration of the foregoing and the mutual agreements and covenants set forth below, the Parties hereby agree as follows:

1. PURCHASING CONTRACTS AND SCOPE OF THIS AGREEMENT

(a) The Parties acknowledge and agree that Dealer is an independent business from Caterpillar and as such has the right to choose whether or not to accept the terms and conditions contained in any Purchasing Contract. In the event that Caterpillar enters into a Purchasing Contract and the Parties agree that Dealer should be a subcontractor or otherwise provide Cat Products and Services pursuant to such Purchasing Contract, the Parties shall enter into a schedule to this Agreement substantially in the form attached hereto as Exhibit A (each a "**Schedule**") and the Dealer shall become a subcontractor of Caterpillar or otherwise provide Cat

Products and Services under such Purchasing Contract, subject to and in accordance with the terms and conditions of this Agreement.

(b) Caterpillar is or may be obligated to provide to Customers certain products and services as further defined in a Schedule (the “**Cat Products and Services**”) pursuant to Purchasing Contracts and have certain duties, rights, and obligations in connection with such Purchasing Contracts.

(c) This Agreement governs the relationship between Caterpillar and Dealer in the performance of the Purchasing Contracts. To the extent this Agreement does not specifically provide otherwise, the relevant terms of the Dealer Agreements apply to the relationship between Caterpillar and Dealer. In the event of a conflict between this Agreement and the Dealer Agreement, this Agreement shall control only to the extent such terms are expressly required by the Purchasing Contract, or applicable Law (as defined below).

(c) All the terms, conditions, covenants and representations contained herein and in the Purchasing Contracts, except as modified by this Agreement, are hereby incorporated by reference and deemed to be a part of this Agreement as if fully set forth at length herein. As between Caterpillar and the Dealer the terms and conditions of this Agreement shall supersede any conflicting terms and conditions set forth in the Purchasing Contract.

2. DEALER RESPONSIBILITIES

Upon execution of a Schedule for a Purchasing Contract:

(a) Dealer voluntarily agrees to be bound by the applicable terms of the Purchasing Contract between Caterpillar and the Governmental or Cooperative Agency as if Dealer were a party to such Cooperative Agreement in place of Caterpillar, except as otherwise provided herein or in any applicable Schedule.

(b) Dealer acknowledges they have read the Purchasing Contract and agrees to voluntarily create contractual relationships between Customers under such Purchasing Contract and Dealer.

(c) The Purchasing Contract is for use by Customers as allowed by the Governmental or Cooperative Agency. Dealer shall sell to such Customers entitled to purchase Caterpillar Products and Services under the Purchasing Contract pursuant to the terms and conditions provided therein.

(d) Dealer shall execute the obligations that are typically within the Dealer’s business pursuant to its Dealer Agreements with Caterpillar, including, without limitation, the sale and service of Cat Products and Services, or as otherwise directed by Caterpillar.

(e) As and to the extent permitted by and subject to the Purchasing Contract, Dealer shall have the right to establish its own prices for Cat Products and Services and other terms and conditions of sale. Any additional terms agreed to by Dealer and any Customer shall be solely between such parties.

(f) Upon request of Caterpillar, Dealer shall provide in a timely manner, any and all information reasonably requested by Caterpillar related to Dealer's provision of Cat Products and Services pursuant to the Purchasing Contract.

3. CATERPILLAR RESPONSIBILITIES

Upon execution of a Schedule for a Purchasing Contract:

(a) Caterpillar shall, at all times, retain sole responsibility for administration of any and all renewals, modifications, price list changes and changes to the terms and conditions of the Purchasing Contract.

(b) Caterpillar shall make available to the Dealer adequate information, data, assistance, instructions, and internal resources (collectively, the "**Information**") reasonably necessary or desirable for the Dealer to provide Cat Products and Services pursuant to the Purchasing Contract and this Agreement.

(c) Caterpillar shall assist, if necessary, to facilitate the Customers of the Purchasing Contract to timely make available to the Dealer adequate information, data, assistance, instructions, and internal resources reasonably necessary or desirable for the Dealer to provide Cat Products and Services pursuant to the Purchasing Contract and this Agreement.

4. MINIMUM CONTRACT VALUE

Unless otherwise expressly stated in a Schedule, no commitment of any kind is made by Caterpillar to Dealer concerning the quantity or value of Cat Products and Services to be sold by Dealer pursuant to the Purchasing Contract nor does Caterpillar make any representation or warranty or commitment with respect to usage of the Purchasing Contract by Customers.

5. PRICING

Any prompt payment terms (cash discounts) or quantity (volume) discounts which are included in the Purchasing Contracts will also be required to be offered by the Dealer to Customers under the Purchasing Contract.

6. INDEMNIFICATION

(a) Dealer hereby unconditionally and irrevocably agrees and undertakes, without objection, to hold Caterpillar, and its affiliates, and their directors, officers, employees and agents, representatives, successors and assigns (the "**Indemnified Parties**"), harmless and indemnified at all times against (a) all demands, claims, actions, proceedings (including, but not limited to, arbitration) arising from or related to the Purchasing Contract which may be threatened or made or brought against the Indemnified Parties and (b) all losses, damages, costs, charges and expenses, which the Indemnified Parties may suffer or incur or be put to by reason of or in consequence of or in connection with this Agreement or the Purchasing Contract, including, but not limited to, legal costs, expenses and lawyers' fees incurred by the Indemnified Parties in connection with any demand, claim, action or proceeding involving one or more of the

Indemnified Parties; provided that such demands, claims, damages, and losses are attributable to the performance or non-performance of Dealer's obligations under or related to this Agreement or the Purchasing Contract or otherwise related to Cat Products and Services sold by Dealer.

(b) Dealer further undertakes to do, perform and execute or cause to be done, performed and executed, any act, deed matter or thing which Caterpillar may require the Dealer to do for the purpose of holding harmless or indemnifying the Indemnified Parties.

(c) Dealer's indemnity of the Indemnified Parties shall not be considered discharged or extinguished by an intermediate payment or satisfaction of any part of a claim, loss or damage owed by Dealer to the Indemnified Parties by virtue of the indemnity obligation, but shall continue and shall extend to cover any and all claims, losses and damages until all the obligations of Dealer have been discharged.

7. LIMITATIONS ON LIABILITY

EXCEPT AS RESULTING FROM DEALER'S BREACH OF CONTRACTUAL, STATUTORY, REGULATORY, OR PERFORMANCE OBLIGATIONS OWED TO ANY GOVERNMENTAL OR COOPERATIVE AGENCY, CUSTOMERS OR OTHER THIRD PARTIES, IN NO EVENT SHALL A PARTY BE LIABLE FOR CONSEQUENTIAL, INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL, RELIANCE, OR SIMILAR DAMAGES, LOSSES OR EXPENSES (INCLUDING LOST PROFITS, LOSS OF ACTUAL OR ANTICIPATED BUSINESS, SAVINGS, COMPETITIVE ADVANTAGE, OR GOODWILL, OR THE INTERRUPTION OF THE OTHER PARTY'S BUSINESS) UNDER OR IN CONNECTION WITH THIS AGREEMENT, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THEIR POSSIBLE EXISTENCE.

8. TERM

(a) The term of this Agreement ("**Term**") shall begin as of the date of execution of this Agreement and shall continue until two (2) years following the date after which Caterpillar has not had any Purchasing Contract in effect unless terminated sooner in accordance with the provision of this Agreement. Notwithstanding the foregoing, Dealer represents that prior to the Term it has complied with any obligations resulting from Dealer's performance under any Purchasing Contract, whether resulting from obligations under the Dealer Agreements, statute, regulation, performance, or otherwise and agrees to indemnify Caterpillar for such obligations in accordance with Article 7.

(b) Caterpillar may terminate this Agreement if (i) Caterpillar shall find any representation or warranty of Dealer to be incorrect or misleading or (ii) Dealer shall materially breach any material warranty, covenant or obligation contained in this Agreement, and Dealer shall fail to cure such breach, if capable of cure, within thirty (30) days from the date written notice specifying the nature of the breach is received by Dealer from Caterpillar.

(c) Dealer may terminate this Agreement if (i) Dealer shall find any representation or warranty of Caterpillar to be incorrect or misleading or (ii) Caterpillar may materially breach any material warranty, covenant or obligation contained in this Agreement, and Caterpillar, as the case may

be, shall fail to cure such breach, if capable of cure, within thirty (30) days from the date written notice specifying the nature of such breach is received by Caterpillar from Dealer, provided, however, that Caterpillar has completed or terminated Caterpillar's obligations with respect to Dealer under the Purchasing Contracts.

9. INDEPENDENT CONTRACTORS.

It is the intention of the Parties that the relationship existing between them shall be that of independent contractor and that nothing contained in this Agreement, the Purchasing Contracts or done pursuant to this Agreement or the Purchasing Contract shall constitute Dealer as the agent of Caterpillar for any purpose whatsoever.

10. FORCE MAJEURE

Either Party shall be excused for any failure or delay in the performance of any of its obligations under this Agreement if such failure or delay is due to a strike, lockout, work stoppage, labor dispute, material shortage, utility outage, fire, flood, earthquake, hurricane, severe weather, act of God, accident, trade sanction, embargo, act of war, acts of terrorism, conditions caused by national emergency, an pandemic or any other act of cause beyond the reasonable control or without the fault of such party, whether similar to or different from the causes above enumerated (a "**Force Majeure Event**") for as long as such circumstances prevail. The Parties shall remain liable for those obligations under this Agreement that are not affected by the Force Majeure Event.

11. ENTIRE AGREEMENT; NO WAIVER

This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior representations, agreements and other understandings, oral or written, between Dealer and Caterpillar with respect to the subject matter hereof. There are no representations, agreements or understandings, express or implied, relating to the subject matter hereof which are not fully expressed in this Agreement. Each Party agrees to use good faith efforts to agree on those matters set forth in this Agreement that are to be mutually agreed by the Parties; provided, however, that no failure to agree on any such matter shall invalidate this Agreement or entitle either Party to terminate it. No departure from the terms of this Agreement shall obligate either Party to permit any subsequent departure. No waiver or failure to exercise any option, right or privilege under this Agreement by either Party on any occasion shall be construed to be a waiver of the same on any other occasion or of any other option, right or privilege.

12. COMPLIANCE WITH LAWS

Dealer represents and warrants that it has read, understands, and has been in compliance, and agrees that it shall comply with all applicable laws, rules, regulations, directives, ordinances, orders, or statutes (collectively, the "Laws"), including, but not limited to government procurement statutes and regulations. Further, Dealer represents and warrants and agrees that it has not acted, shall not act, and shall not cause, directly or indirectly, any other party to act, in any manner that would cause Caterpillar to violate the Laws. By entering into any transaction

with a Customer pursuant to a Purchasing Contract, , Dealer is representing to Caterpillar that, at the time of entering into such transaction, it is compliant with this Article 12.

13. SURVIVAL

The provisions set forth in this Agreement, and any other provision that by its terms survive termination, shall survive the termination of this Agreement to the extent required for their full observance and performance.

14. CHANGE ORDERS AND AMENDMENTS

The word “including” means including without limitation. The headings contained in this Agreement are for convenience only and are not to be considered in interpreting this Agreement. The Parties agree that the terms of this Agreement shall not be construed in favor of or against a Party by reason of the extent to which such Party participated in its preparation.

17. GOVERNING LAW; SEVERABILITY

This Agreement shall be governed by the laws of the State of Illinois, United States of America (regardless of the laws that might be applicable under its principles of conflict of laws). If any provision of this Agreement, or the application thereof, is determined by a court of competent

jurisdiction to be invalid or unenforceable, such invalidity or unenforceability shall not affect the other provisions of this Agreement, all of which shall remain in full force and effect, and such other provisions shall be interpreted so as best to reasonably effect the intent of the Parties. QUESTION: "Could equipment such as Refuse Handling units: ASL, Front and Rear Loaders be considered Heavy Equipment?"
