3.4 Evidence of Intent

Every one of your Offer submissions (e.g. **initial submission and any subsequent re-submission**) must contain Attachment 1 [*Offer and Acceptance Form*] with a signature by your duly authorized officer, executive, principal, or agent. 3.5 Exceptions to Solicitation Documents

If you are submitting an Offer conditioned on exceptions to the Solicitation Documents, indicate "NO" on Attachment 5-B [*Conformance Statement*] and provide the required justification. Unless Procurement Officer has determined that your evidence documentation, or some or all your insurance program, is confidential information under paragraph 4.7, refusing after contract award to provide the complete, un-redacted copies of policies as called for in that exhibit will be a material breach of the Contract.

3.7 Identification of Taxes in Offer

State is subject to Arizona Transaction Privilege Tax as well as certain local sales/use taxes, as described in the Contract Terms and Conditions.

3.8 Excise Tax

State is exempt from certain federal excise tax on manufactured goods; State will provide the necessary exemption certificates as evidence to the extent exemption applies to the Work.

3.10 Disclosure

- 3.11 Federal Immigration Laws**
By signing an Offer, you will be deemed to have represented that both you and all your proposed subcontractors are in compliance with federal immigration laws and regulations relating to the immigration status of their personnel. State may, at its discretion, demand evidence of compliance during Evaluation, which you must provide promptly. Not providing the evidence will be grounds for Procurement Officer to determine that the Offer is Not Susceptible for Award.
- 3.12 Cost of Offer Preparation**
State will not reimburse to you or any of your prospective subcontractors, suppliers, or consultants any costs associated with responding to the Solicitation.
- 3.13 Offshore Performance of Work Prohibited**

Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by subcontractors at all tiers. Offerors shall declare all anticipated offshore services in the proposal.

4.0 Submission of Offer

- 4.1 Required Offer Content**
INITIAL SUBMISSION:
Submit all of the Initial Offer content called for in Section 3-B: Offer Forms (Attachments).
BEST and FINAL OFFER
Best and Final Offer (BAFO) must contain all of the Attachments indicated in the applicable Procurement Officer request for a Submitted Offer. Make revisions in response to the negotiations / discussions and the Procurement Officer's Request for Best and Final Offer in all applicable documents and pricing grid in the State's e-procurement system.
- 4.2 Attachment Forms**
If an Attachment indicates that a "Form" is being provided for an Attachment, then the Solicitation includes the required form and format for submitting the Attachment. No other form or format will be accepted, and your Offer can be determined to be Not Susceptible for Award if you submit an unofficial form.
If, however, the Solicitation Documents indicate that you are allowed to attach additional documents regarding a particular question or line item, then doing so will be acceptable so long as the filled-out Attachment clearly states "**See Attachment X Supplement (#1 of 2)**", etc., and the additional document is clearly marked as "**Attachment X Supplement (#1 of 2)**," etc.
NOTE (1): Each Form has a blank space to list your Attachment Supplements.
NOTE (2): You must upload each such "additional" document as an individual file and name the file to match the document title.
NOTE (3): Do not include non-specific marketing materials in an Offer. If something is not specifically called for, then including it will not be helpful during Evaluation, and might in fact be grounds for down-grading if it does not address your experience and capacity to carry out the work for this Solicitation.
- 4.3 Pricing**
Pricing must be shown in the EXCEL document titled as follows:

4.4 Submission

Submit each Offer online in The State's e-Procurement System before the "Bid Opening Date" indicated for the "Solicitation No." State will not consider a proposal submitted by any other method other than The State's e-Procurement System, and it will be deemed void upon submission. **By A.A.C. R2-7-C307, State will not consider later offers.** State will give no extension or grace period for delays or incomplete proposals caused by internet connectivity problems, file uploading difficulties, or misunderstanding of the requirements or procedures for online submission in The State's e-Procurement System. If your proposal is not submitted correctly, completely, and in conformance to these Instructions herein, then Procurement Officer may determine it Not Susceptible for Award.

NOTE: Using the State's e-Procurement System requires a certain level of technical competency; select your staff to submit proposals and handle other Solicitation general matters in The State's e-Procurement System carefully, since the State's e-Procurement System Help Desk cannot do any of the required actions for you.

4.5 Solicitation Amendments

Acknowledge each Solicitation Amendment in The State's e-Procurement System. By A.A.C. R2-7-C303(C), you must acknowledge every Solicitation Amendment issued as of the due date and time for an Offer to be Responsive. To be Responsive you must submit or re-submit your offer. If you have submitted your proposal early, you must be alert for subsequent Solicitation Amendments if one is issued after your submission but before offer due date and time, then the Procurement Officer may determine the Offer to be Not Responsive if you have not acknowledged it.

4.6 Amending or Withdrawing

You cannot amend or withdraw a submitted proposal after the offer due date and time unless expressly permitted under applicable law.

4.7 Confidential Information

If you believe that a portion of your Offer (or a protest or other correspondence) contains a trade secret or other manner of your proprietary information, you must:

1. indicate on Attachment 5-A [Designation of Confidential Information] that your proposal contains such claimed confidential information; and
2. designate clearly throughout the Offer each instance of that trade secret or other proprietary information in the other portions of your proposal using the term "confidential."

Simply indicating that the proposal contains confidential information is not sufficient to claim the protections under A.A.C. R2-7-C317 – Attachment 5-A must be accompanied by a detailed explanation as to why each item or category of items in the proposal should be designated confidential information.

Submit Confidential Information/Documentation as a Supplement(s) to Section 5-A. DO NOT incorporate information you are requesting to be determined as Confidential in any other section of your response. If the Confidential information is to be responsive to another Section/Question, simply provide a statement providing the Section 5-A Supplement Title to be reviewed by the Evaluators.

Procurement Officer shall review your claim of confidentiality and provide a written determination; until a written determination has been made, Procurement Officer shall not disclose the claimed information to anyone who does not have a legitimate State interest. If Procurement Officer denies the claim of confidentiality, you may

5.1 Responsibility

In accordance with A.R.S. 41-2534(G), A.A.C. R27-C312 and R2-7-C316, the State shall consider the following in determining Offeror's responsibility, as well, as the responsiveness and acceptability of their proposals. The State will consider, but is not limited to, the following in determining an Offeror's responsibility as well as susceptibility to Contract Award:

1. Whether the Offeror has had a contract within the last five (5) years that was terminated for cause due to breach or similar failure to comply with the terms of the contract;
2. Whether the Offeror's record of performance includes factual evidence of failure to satisfy the terms of the Offeror's agreements with any party to a contract. Factual evidence may consist of documented vendor performance reports, customer complaints and/or negative references;
3. Whether the Offeror is legally qualified to contract with the State and the Offeror's financial, business, personnel, or other resources, including subcontractors;

6. Whether the Offer was sufficient to permit evaluation by the State, in accordance with the evaluation criteria identified in this Solicitation or other necessary offer components. Necessary offer components include: attachments, documents or forms to be submitted with the offer, an indication of the intent to be bound, reasonable or acceptable approach to perform the Scope of Work, signed Solicitation Amendments, references to include experience verification, adequacy of financial/business/personal or other resources to include a performance bond and stability including subcontractors and any other data specifically requested in the Solicitation;

9. Whether the Offer includes or is subject to unreasonable conditions, to include conditions upon the State or necessary for successful Contract performance. The State shall be the sole determiner as to the reasonableness of a condition;
10. Whether the Offer materially changes the contents set forth in the Solicitation, which includes the Scope of Work, Terms and Conditions, or Instructions; and,
11. Whether the Offeror provides misleading or inaccurate information.

5.2 Responsiveness and Acceptability

Proposals that do not contain information sufficient to evaluate the proposal in accordance with the factors identified in the solicitation or other necessary proposal components may not be considered responsive and/or acceptable. Necessary components include an indication of the Offeror's intent to be bound, price proposal, solicitation amendments, bond and reference data as required.

Proposal Content. The Offeror shall make a firm commitment to provide services as required and proposed.

- The material contained in the Offer shall be relevant to the service requirements stated in the solicitation.
- It is to be submitted in a sequence that reflects the scope of work section of this document.
- It is to include information relevant to the designated evaluation criteria.
- Failure to include the requested information may have a negative impact on the evaluation of the Offeror's proposal.

5.3 Eligibility for Evaluation and Negotiation

If Procurement Officer determines an offeror is Not Responsible, then he or she is not permitted by A.A.C. R2-7-C314 to give further consideration to its offer or include it in any Negotiation or make Evaluation of its offer. If, however, Procurement Officer determines that an offer is Responsive (i.e., there is no applicable determination of Not Susceptible for Award), then he or she is obliged by A.A.C. R2-7-C314 to make Evaluation of it and include the offeror in the immediate round of Negotiation (if there is any Negotiation).

If Procurement Officer determines subsequently that your Revised Offer is Not Susceptible for Award by virtue of comparison to other revised offers per A.A.C. R2-7-C314(A)(3), then he or she will not include you in any further Negotiation. For clarity of intent, the foregoing means that Procurement Officer may reduce the number of offers that are "susceptible for award" with each successive round of Negotiation, since the purpose of Negotiation is to achieve best value for State.

| 7.3 Contract Inception | Your Offer does not constitute a contract nor does it confer any right on you to the award of a contract. A contract is not created until your Offer has been accepted for State by Procurement Officer's signature on the Offer and Acceptance Form. Notice of award or of intent to award will not constitute State's acceptance of your Offer. |

For purposes of this process the definition of "trade secret" will be the same as that set out in A.A.C. R2-7-101(52).

Is the subject of efforts by myself or my organization that are reasonable under the circumstances to maintain its secrecy.

NOTE: Failure to attach an explanation may result in a determination that the information does not meet the statutory trade secret definition. All information that does not meet the definition of trade secret as defined by A.A.C. R2-7-101(52) will become public in accordance with A.A.C. R2-7-C317. State may make its own determination on materials in accordance with A.A.C. R2-7-103.

If State agrees with Offeror's designation of trade secret or confidentiality and the determination is challenged, the undersigned hereby agrees to cooperate and support the defense of the determination with all interested parties, including legal counsel or other necessary assistance.
