DEPOSITS: A deposit is required at the time of order entry pending a credit review of the Customers' account. This deposit will be applied against the final invoice. Any deposits required by the Manufacturer shall also be required of the Customer.

INVOICING: Invoices will be sent to the customer when the project is substantially complete as determined by Goodmans. For projects that are completed in phases, progressive billings may be required as each phase is completed.

TAXES: Goodmans will charge, and the Customer shall pay, all sales, excise, and other applicable taxes which Goodmans is required to collect. If Customer claims an exemption from such taxes, it shall be the Customer's responsibility to furnish a valid and appropriate exemption certificate.

PAYMENT: Payment of all invoices are due in full based on the terms granted to the Customer and shown on the invoice. Any deposits on the order will be applied at that time with a balance remaining. Customer may hold 5% retainage for uncompleted installation or an amount equal to the selling price of any damaged, backordered, or missing product, whichever is lower. Customer agrees to pay a finance charge of one point five percent (1.5%) per month which is an annual percentage rate of 18% on all delinquent invoices over 30 days past due. Payments made by credit card carry a 3% fee.

ORDER MODIFICATIONS, CANCELLATIONS, AND RETURNS: Orders may not be cancelled or returned, in whole or in part, without the express written consent of Goodmans. Any change or cancellation, if agreed to, may result in an increase in price or a credit of 40% of the purchase price. Modifications to an order or a change in scope may result in an increase in price and must accompany a written change order signed by both parties.

CONDITION OF INSTALLATION SITE: Customer agrees that the space will be complete and ready for product installation, and that Goodmans will have free and clear access to the space. Minimal interruptions by other trades such as coordination with electrician or data contractors are expected. Interruptions for plumbing, drywall, ceiling tile, paint, lighting, and flooring will result in a down time charge. After product is delivered to the Customer site, any loss or damage shall be the responsibility of the Customer. Customer agrees to hold Goodmans harmless from loss for such reasons. Product shipments are to be unloaded at a loading dock or a street level location with a reasonable push to the building. If a reach lift is needed, the Customer agrees to pay the rental rate plus 5%. Freight charges incurred by Goodmans will be invoiced to Customer. Claims for transportation damage will be Customer's responsibility if Customer receives merchandise directly from the manufacturer. Claims for transportation damage must be immediately made by Customer. Goodmans will assist Customer in making a damage claim. If no such claim is made after Seventy-Two (72) hours following delivery or installation it will be conclusively presumed that Customer has accepted the products and that the products are as represented.
