Dear Emma,

Thank you for your recent request for a utility conflict check. Please complete the attached Map Request, and e-mail it to the e-mail address on the form (mapprint@apsc.com). Once APS receives a completed Map Request, you should receive the map or maps by email within 5-7 business days.

The APS maps show facility locations adjacent to or within the property shown on the proposed plans we received from you. Please review these maps for possible conflicts. The utility locations are approximate only and are not reliable for construction purposes. It is important to note that there may be additional conflicts in existence due to recent construction that are not shown on the current maps you receive.

Please be advised that it is the responsibility of the customer to maintain proper clearances and blue stake prior to digging. For actual conditions, please contact the Arizona Blue Stake Center at 602-263-1100.

Also enclosed is APS's General Design Guidelines for Proposed Improvements in APS Transmission ROW Please review this document carefully.

If I can be of further assistance, please do not hesitate to call me at 602-371-5770. Further information is also available on the APS Construction Services at:

Sincerely,

Chad Brooks
