## Timing of Submission and Completeness Review

The Heritage Preservation Commission meets to review applications monthly on the third Wednesday of the month. If you are submitting an application for a Historic Signs and Facades Grant, the Community Development counter must receive your application by the submittal deadline posted to the Heritage Preservation program website.

In order for your item to be added to an agenda, the Heritage Preservation Officer (HPO) must deem the application complete and the information in it correct within 5 working days. The HPO will contact applicants for additional information as necessary.

Historic Signs and Facades Grant are provided at the discretion of the Commission based on the criteria in the [grant guidelines](#) posted to the City's website. Grants are administered by the HPO and they are available for consultation through the process. Documentation of completed work and receipts must be provided within one year of approval by the Commission or an extension must be applied for in order to receive reimbursement.

Before submitting for a grant related to a sign, a permanent sign application must be submitted, and comments returned to the owner. If the application pertains to a historic sign that does not conform to current regulations of Permanent Signs (10-50.100) or meet the criteria for a non-conforming sign (10-20.60.110) then the Heritage Preservation Commission must first determine that the sign meets the criteria of an Individual Signs of Historic or Cultural Significance (10-30.30.040.E) and may require the sign be placed in a Landmark Overlay.

We encourage you to reach out early in designing your projects so that the HPO may assist you and your clients. HPO contact information: Phone: (928) 213-2633; Email: [Mark.Reavis@flagstaffaz.gov](mailto:Mark.Reavis@flagstaffaz.gov)

**Project Description**

The Randy's Downtown Garage beautification project involves many facets to uplift the appearance aligned with the historic attributes of the building and the surrounding area.

The initiative specifically will address various imperfections, inconsistencies and wear and tear over time specifically painting the entire building all structures to a consistent and approved color palette, original flower box repairs, canopy repair and paint doors and frames.

Permit and payment has been received for the property to meet local LRV requirements.

**Explanation of how the project meets the applicable sections of the Zoning Code, Grant Guidelines and Secretary of the Interior Standards for the Treatment of Historic Properties.**

The Randy's Downtown Garage beautification project is focused on level 1 funding approval to repair to original condition with historic preservation of the building and surrounding area alignment. The project is mainly brick and mortar as the existing structure has sound integrity. The building dates back to 1948 and preparing for the centennial is important to our team and to support our local Flagstaff community.

- b. It embodies distinctive characteristics of type, period, region, artistic values, or methods of construction, including being the oldest of its type or the best example of its type, or, if it represents the work of, or for, an important individual.
- c. A resource is generally not significant if it is less than fifty (50) years old, or, if the features, materials, patterns, and relationships that establish its significance are no longer present or no longer have integrity.
