Building started in 1924 by Madame Lulu who had worked across the street at the Weatherford Hotel. Three stories with brick, cement, stucco, arched windows ground level along Aspen Ave. and rectangular windows on upper floors in apartments. Third story balcony with double doors from hallway with intricate ornamental masonry lintels, matching entrance door detail along Aspen to apartments. 3/4 full basement tied into original steam pipe system downtown for heating. All features along Aspen Ave were stuccoed over by alterations in the 60s and restored with new and larger windows bringing back the arches along the wall.

Summary Paragraph

The property at 101 and 103 N Leroux was originally the Pay n Takit Market and then JC Penneys in Downtown Flagstaff. The buildings were constructed in 1924 and anchored a mixed use commercial space and residential apartments for Northern Arizona University faculty, in the center of Downtown.

Narrative Description

The two addressed buildings were originally a combined department store and were separated when a new department store opened across Leroux in 1963. Over time the building has been occupied by furniture stores and bars and the upstairs has been the Kinlani apartments. The building was not included in the original inventory for Downtown Flagstaff because it was heavily altered between 1963 and 1984. Since adoption of the Downtown Overlay standards and guidelines in the 1993, the building has been through several rehabilitations and is now

eligible for the Local Register of Historic Places. It was first deemed eligible in 2017 but no motion was made to add it to the Local Register at that time.

Statement of Significance Summary Paragraph (Provide a summary paragraph that includes level of significance, applicable criteria, justification for the period of significance, and any applicable criteria considerations.)

The building was the first 20th century department store to locate in Downtown Flagstaff. It is one of two Spanish Colonial Revival buildings that anchor the Downtown commercial district. The other building is the Monte Vista Hotel which is a contributing structure to the Railroad Addition NRHD.

Narrative Statement of Significance (Provide at least **one** paragraph for each area of significance.)

Criteria A – The building was the first 20th century department store to locate in Downtown Flagstaff. The building was frequently photographed during parades, pow wows and community events. The period of significant for the building is based on the beginning of the 20th century to World War 2 because the travel and retail shopping trends of Flagstaff changed after World War 2.

Criteria C – The building was constructed in the Spanish Colonial Revival and is one of only 2 buildings with this style of architecture in Downtown Flagstaff. The location and orientation of these buildings provide architectural book ends to Aspen Ave. in the historic Downtown. The ornamental lintel around the upstairs windows and the entrance to the apartments from Aspen Avenue. There is a wrought iron balcony facing Leroux. The downstairs department store windows are in large arched recesses. Brick and stucco is consistent with the style.

Local Significance – The presence of JCPenney in Downtown Flagstaff was the main national department store from 1924 to 1982 and this was its first location. The frequency in which this building is features in historic photos because of its location across the street from the Weatherford also contributes to the building’s significance.
