2.0 Contract Interpretations

- 2.1 Usage. Where the Contract:
 - 2.1.1 assigns obligations to Contractor, any reference to “Contractor” is to be construed to be a reference to the Contractor and all Subcontractors, whether they are first-tier Subcontractors, sub-subcontractors, suppliers, sub-suppliers, consultants, or sub-consultants, as well as all of Contractor’s and the Subcontractor’s respective agents, representatives, and employees in every instance unless the context plainly requires that it is a reference only to Contractor as apart from Subcontractors.
 - 2.1.2 uses the permissive “may” with respect to a party’s actions, determinations, etc., the terms is to be interpreted as in A.A.C. R2-7-101(32) [Definitions]. For clarity of intent, any right given to State using “State may” or a like construction denotes discretion and freedom to act so far as any regulatory or operative constraints permit in the relevant circumstances, provided that: (a) where written “may, at its discretion,” the discretion extends to whatever is most advantageous to State; and (b) where written only as “may,” the discretion is constrained by what is fair, reasonable, and as accommodating of the respective best interests of both parties as practicable under the circumstances;

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

- 2.1.3 uses the imperative “shall” with respect to a party’s actions, duties, etc., the term is to be interpreted as in A.A.C. R2-7-101(44) [*Definitions*]. Conversely, the phrase “shall not” is to be interpreted as an imperative prohibition.
- 2.1.4 uses the term “must” with respect to a requirement, criterion, etc., the term is to be interpreted as conveying compulsion or strict necessity;
- 2.1.5 uses the term “might” with respect to an event, outcome, action, etc., the term is to be interpreted as conveying contingency or non-discretionary conditionality; and
- 2.1.6 uses the term “will” or the phrases “is to be” or “are to be” with respect to an event, outcome, action, etc., the term or phrase is to be interpreted as conveying such certainty or imperativeness that “shall” is either unnecessary or irrelevant in that instance.

2.2 Contract Order of Precedence

- 2.2.1 Complementary Documents. All of the documents forming the Contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the Work as though the relevant Work, requirements, obligations, or duties had been fully described in all, consistent with the other documents forming the Contract and as is reasonably inferable from them as being necessary to produce complete results.
- 2.2.2 Conflicts. In case of any inconsistency, conflict, or ambiguity among the documents forming the Contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document, but not in another, is not to be considered a conflict or inconsistency.
 - 2.2.2.1 State of Arizona Participating Addendum, including all Attachments and Exhibits, in the following order:
 - 2.2.2.1.1 Special Terms and Conditions, as modified by Supplements to the Special Terms and Conditions;
 - 2.2.2.1.2 Exhibits to the Special Terms and Conditions;
 - 2.2.2.1.3 Uniform Terms and Conditions;
 - 2.2.2.1.4 Participating Addendum Scope of Work;
 - 2.2.2.1.5 Exhibits to the Participating Addendum Scope of Work;

	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

3.3.3 Changes. State may change the designated Procurement Officer, update contact information, or change the applicable mailing address.

3.4 Signing of Contract Amendments. Contractor’s counter-signature (or “approval” in the State’s eProcurement System, in the case of an amendment) is not required to give effect if the Contract Amendment only covers either:

3.4.1 extension of the term of the Contract within the maximum aggregate term; or

3.4.2 modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the Contract.

In every case other than those listed in 3.4.1 and 3.4.2 above, both parties’ signatures (or “approval” in the State’s eProcurement System in the case of an Amendment) are required to give it effect.

3.5 Click-through Terms and Conditions. If either party uses a web-based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the Contract (each an “Electronic Ordering System”), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of State do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the Contract. Accordingly, where an authorized State user is required to “click through” or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering System, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized State user is required to accept or be made subject to any terms and conditions in accessing or employing any Materials or Services, those terms and conditions will also be void.

3.6 Books and Records

3.6.1 Retain Records. In addition to the audit rights detailed in the Uniform Terms and Conditions, State also requires that, pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to any cost and pricing data submitted in satisfaction of § 41-2543 for the period specified in the statute.

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

3.6.2 Usage Information. Additionally, any and all information (including, but not limited to, documentation or Data) related to Eligible Agency and Co-Op Buyer usage retained solely within the Contractor’s system (for example, related to punch-out or Contractor catalog sales) shall be considered public information or information that can be shared with and distributed by the State freely and for any purpose under the State’s government purpose rights detailed in Section 3 of the Uniform Terms and Conditions [Ownership of Intellectual Property]. Any modifications to this Contract notwithstanding, the State shall have free use of any and all information related to Eligible Agency or Co-Op Buyer purchasing. Upon request by the State, Contractor shall promptly provide the State with any usage information requested and shall not attempt to limit the State's use in any way.

3.6.3 Right To Audit. The retained books and records are subject to audit by State during that period. Pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually endeavor to require each Subcontractor to retain books and records relating to performance under the Contract for the period specified in the statute and those retained books and records are subject to audit by State during that period.

3.6.4 Auditing. Contractor or Subcontractor shall either make all such books and records under subparagraphs 3.6.1 and 3.6.2 available to State at all reasonable times or produce the records at a designated State office on State’s demand, the choice of which being at State’s discretion. The aforementioned shall be accomplished without the requirement for Contractor to implement any unreasonable additional operational processes. For the purpose of this paragraph, “reasonable times” are during normal business hours and reasonable frequency, in such a manner so as to not unreasonably interfere with normal business activities.

3.7 Subcontract

3.7.1 Initial list. At the time of Contract execution, Contractor’s candidate Subcontractors were identified in Attachment D – List of Subcontractors. Agreeing to them being included signified Procurement Officer’s advance consent for Contractor to enter into a Subcontract with each candidate, which Contractor shall do as promptly as necessary to ensure its ability to carry out the Work in a timely manner.

3.7.2 Additional names. Contractor shall not enter into a Subcontract to perform Work under the Contract, without first obtaining Procurement Officer’s written consent with

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

any prospective Subcontractor that (a) was not listed on the Attachment Proposed Subcontractors at time of Contract execution or (b) is for any Materials or Services categories other than the ones for which they were previously consented. For either case (a) or (b), Contractor shall submit a written request sufficiently in advance of the need date for those materials or services so that performance under the Contract is not impaired. Procurement Officer may request any additional information he or she determines is necessary to assess the submittal, and may withhold consent pending it. Approval of additional subcontractors shall be added to the Contract by a bilateral Contract Amendment.

3.7.3 Flow-down. Contractor shall incorporate the provisions, terms, and conditions of the Contract into every Subcontract by inclusion or by reference, as appropriate. When making any post-execution consent requests, Contractor shall include its warrant that it will do the same for the pending Subcontracts covered by the request. Entering into Subcontracts will not relieve Contractor of any of its obligations or duties under the Contract, including, among other things, the duty to supervise and coordinate the work of Subcontractors. Nothing contained in any Subcontract will create or is to be construed as creating any contractual relationship between State and the Subcontractor.

3.8 Orders

3.8.1 Order Sufficiency. The Contract was awarded in accordance with the Arizona Procurement Code; the transactions and procedures required by the Arizona Procurement Code for competitive source selection have been met. An Order issued that cites the correct State contract number will suffice to authorize the Contractor to provide the Materials and perform the Services covered by that Order.

3.8.2 Order Terms. All Orders are subject to the Contract Terms and Conditions; an Order cannot modify the Contract Terms and Conditions. Any Contractor terms added to quotes or otherwise unilaterally added to Eligible Agency or Co-Op Buyer Orders are null and void.

3.8.3 Orders are Obligatory. Until the expiration or earlier termination of the Contract, State may issue and Contractor shall accept Orders that make proper reference to the Contract and are permissible hereunder, provided that, Contractor is not obliged to accept any Order that is not consistent with the then-current pricing, lead times, specifications, or payment provisions of the Contract. Contractor shall fulfill and

	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

complete any Orders that are begun but not yet completed as of expiration or earlier termination of the Contract unless State instructs otherwise at the time.

- 3.8.4 No Minimums or Commitments. (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on Orders; (b) State makes no commitment of any kind concerning the quantity or monetary value of activity actually initiated or completed during the term of the Contract; (c) Contractor shall only deliver or perform as authorized by Orders; and (d) State is not limited as to the number of Orders it may issue for the Contract. For clarity of intent, the foregoing applies equally whether an Eligible Agency issues the Order or, if applicable, a Co-Op Buyer issues it.
- 3.8.5 Non-contracted Materials or Services. Any attempt to knowingly represent for sales, marketing, or related purposes that Materials or Services not specifically awarded are under a State contract is a violation of the Contract and law.
- 3.9 Order Cancellations. State may cancel Orders after issuance but prior to Contractor's formal acknowledgement of the Order. The same method used for ordering will be used for cancellation.
 - 3.9.1.1
 - 3.9.2 State is not liable for any Materials that were produced, shipped, or delivered, or Services that were performed before Contractor had acknowledged the corresponding Order.
 - 3.9.3 State shall be able to cancel Orders freely and without any further obligation at any time prior to Contractor's formal acknowledgement of the Order.
- 3.10 The Contract is a mandatory statewide contract (per A.A.C. R2-7-607) for multiple purchases, projects, or assignments, and a cooperative contract (per A.R.S. § 41-2632 and A.A.C. R2-7-1002(B)) that can be purchased against by some or all Eligible Agencies and any Co-Op Buyers that elect to participate. Even if only one Eligible Agency needs or elects to purchase against the Contract, it is to be construed as being a cooperative contract hereunder.
 - 3.10.1 Contractor shall verify if an ordering entity is a current Co-Op Buyer before selling Materials to or providing Services for them under the Contract. The current list of Co-Op Buyers is available on the State Procurement Office website:

3.10.2 Contractor shall sell to Co-Op Buyers at the same price and on the same lead times and other terms and conditions under which it sells to Eligible Agencies, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).

3.10.3 Contractor shall pay State an administrative fee against all Contract sales to Co-Op Buyers, as provided for under A.R.S. § 41-2633. The fee rate prior to January 1, 2024, is one (1%) percent. Rates are set in accordance with SPO Technical Bulletin (TB) 007, available on the SPO website, which may be revised at the State’s sole discretion as part of Arizona state procurement policy. For convenience (though note that this link may change over time) TB 007 may be found here:

<https://spo.az.gov/suppliers/usage-reporting>.

<https://spo.az.gov/suppliers/usage-reporting>

Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Quarterly Usage Reports will be submitted in accordance with program procedures 30 days after end of each calendar quarter. Quarterly Usage Reports shall be submitted via the portal provided by the State Failure to submit the report is a material breach of contract, and will entitle the State to its remedies under Contract Terms and Conditions Section 8 and its right to terminate for default under Section 9 if it is not cured. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

3.10.5 Contractor shall acknowledge each Order from Eligible Agencies within one (1) business day after receipt by either: (a) “approving” the Order electronically in the State’s eProcurement System, which will indicate Contractor’s unqualified acceptance of the Order as-issued; or (b) “rejecting” the Order electronically in the State’s eProcurement System, with a concurrent explanation by email to relevant originator as to the reason for rejecting it. By way of reminder, the only grounds on which the Contractor may reject or refuse an Order are those set out in subparagraph 3.11.3 [*Orders are Obligatory*]. Unless and until Contractor has approved the Order in the State’s eProcurement System, it will have no effect under the Contract and will not oblige either State or Contractor. If the relevant Eligible Agency explicitly instructs at the time that a verbal acceptance is sufficient because of urgency or other unusual circumstances and Contractor duly gives its verbal acceptance, then Contractor will be deemed to have accepted the Order immediately upon commencing performance, provided that, Contractor must follow-up its verbal acceptance by accepting the Purchase Order electronically in the State’s eProcurement System within three (3) business days. Contractor shall thereafter be barred from subsequently rejecting the Order in the State’s eProcurement System and if it does so the rejection will be void.

3.10.6 Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each Co-Op Buyer’s instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State’s part, since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor’s obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor’s refusal to do so would be a material breach of the Contract.

3.11 Multiple-Use Provisions. Eligible Agencies may issue Orders for Services in several forms, all of which become final and effective by a Purchase Order in the State’s eProcurement System. Orders issued by Co-Op Buyers will be in whatever form the Co-Op Buyer normally uses. Regardless of origin, Orders must cite the State contract number to be valid. State may, at its discretion in each instance, determine the scope, schedule, and price for each Order in any of the following ways:

- 3.11.1 By choosing some or all of the Materials or Services items covered by the Contract for which a price is established in the Contract, then preparing an Order using those prices (e.g. filling out an order form), and sending it to the Contractor;
- 3.11.2 By instructing Contractor to provide a comprehensive proposal of item quantities, combinations, etc., or services hours, personnel, etc., for a defined scope using those established prices as a basis, then validating and negotiating the proposal with Contractor and issuing an Order if and when reaching agreement;
- 3.11.3 As described in 3.11.2 above but requesting the proposal from both Contractor and other vendors who are contracted within the applicable scope categories and locations, either sequentially or concurrently, then selecting the proposal or proposals combination that is most advantageous to State; or
- 3.11.4 As described in 3.11.3 above but introducing ad-hoc commercial competition by making the selection and ordering conditional on obtaining more favorable prices than the contractually-established ones.

3.12 Work on State Premises

- 3.12.1 Compliance With Rules. Contractor is responsible for ensuring that its personnel comply with State’s rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing Materials or performing Services on State’s grounds or in its facilities For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the Contract. Contractor is reminded that violation of the prohibition under A.R.S. § 13-1502 against possession of weapons on State’s property by anyone for whom Contractor is responsible is a material breach of contract and grounds for termination for default.
- 3.12.2 Protection Of Grounds And Facilities. Contractor shall deliver or install the Materials and perform the Services without damaging any State grounds or facilities. Subject to the Limitations of Liability, Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions State needs to make to prevent inconvenience or disruption of

operations. If Contractor fails to make the necessary repairs or replacements in a timely manner, State will be entitled to exercise its remedies under paragraph 8.5 of the Uniform Terms and Conditions [Right of Offset].

3.13 Transitions

- 3.13.1 During commencement, Contractor shall attend transition meetings with any outgoing suppliers to coordinate and ease the transition so that the impact on State’s operations is kept to a minimum. State may elect to have outgoing suppliers complete some or all of their Work or Orders in progress, even if that Work could be covered under the incoming supplier’s Contract. Conversely, the State may have a continued need for the same Materials and Services upon expiration or earlier termination of the Contract. Accordingly, Contractor shall work closely with any incoming supplier and State to ensure as smooth and complete a transition transfer as is practicable.
- 3.13.2 Eligible Agency or Co-Op Buyer’s representative will coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both Contractor and the incoming supplier. As with the incoming transition, State may permit Contractor, when Contractor is outgoing, to complete work or orders in progress to ease the transition as is safest and most efficient in each instance.
- 3.13.3 RESERVED [for additional transition needs including, but not limited to, the transfer of any required data]

- 4.5.2 **Payments Only To Contractor.** Unless an assignment and assumption agreement has been reached between the Contractor and State pursuant to Section 5.1 of the Special Terms and Conditions [Assignment and Delegation] or the State has been otherwise compelled by operation of law or order of a court of competent jurisdiction, State will only make payment to Contractor under the federal tax identifier the Contract was awarded to within the eProcurement System.

4.6.1 Contractor To Pay All Taxes. State is subject to Arizona Transaction Privilege Tax (TPT). Therefore, Arizona TPT applies to all sales under the Contract and Arizona TPT is Contractor’s responsibility (as seller) to remit. Contractor’s failure to collect Arizona TPT or any other applicable sales or use taxes from an Eligible Agency or Co-Op Buyer will not relieve the Contractor of any obligation to remit sales or use taxes that are due under the Contract or laws. given in any event without the assignee or delegate giving State satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when State first awarded it the Contract.

Subject to Special Terms and Conditions sections 3.10 [Subcontracts] with respect to subcontracting, Contractor may assign particular rights or delegate particular duties under the Contract, but shall obtain Procurement Officer’s written consent before doing so. - 6.1 Risk of Loss. Contractor shall bear all risk of loss to Materials while in pre-production, production, storage, transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the scope of the Work, until they have been accepted as conforming by State in the particular location and situation specified in the Order, or as specified generally elsewhere in the Contract if the Order does not provide particulars, provided that, risk of loss for nonconforming Materials will remain with Contractor notwithstanding acceptance to the extent the loss stems from the nonconformance.

access control, etc.) with the relevant Eligible Agency or Co-Op Buyer for the receiving site before scheduling or making a delivery. Contractor shall make each delivery to the specific location indicated in the Order, which Contractor acknowledges might be inside an industrial building, institutional building, low-rise office building, or high-rise office building instead of a normal receiving dock. Contractor might be required to make deliveries to locations inside a secured perimeter at certain institutional facilities such as prisons where prior clearances are required for each delivery and driver individually. 12.15 Whether State will permit Contractor to repair in place or demands that Contractor remove and replace is at State’s discretion in each instance, provided that, State shall not apply that discretion punitively if repair in place is practicable and doing so would not create safety hazards, put property at risk, unreasonably interfere with operations, create public nuisance, or give rise to any other reasonable concern on State’s part.

12.16 Returns. State may, with approval from Contractor, return for credit, any delivered Materials unused in the original packaging within thirty (30) days after receipt, regardless of acceptance. If approved, you will receive a credit return authorization (CRA) number from Dell. CRA shall not be unreasonably withheld. If State elects to return delivered Materials, then State shall pay delivery costs to return the products to the place from which Contractor shipped them. Return the products in their original packaging, in as-new condition, along with any media, documentation and any other items that were included in your original shipment. Ship your return in time for us to receive it within 30 days of authorization or your refund or credit may be reduced or eliminated. For all purchases not made directly from Dell, please check the return policy of the location from which you purchased your product. It also can

cause system instability and performance issues that your warranty, support, or service agreements may not cover.

12.16.6.2 Promotional Items: Refunds or credits for a product you purchased in a bundle or during a promotion can get a little complicated. Depending on the promotion, Dell may deduct the value of the discount, promotional item or redeemed card from any refund or credit you receive for the return of the purchased item.

12.17 Product Safety. Materials as-shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, State is not responsible for making any Materials safe or compliant following acceptance. Contractor shall only deliver Materials that are already safe and compliant with the warranties in the Contract Terms and Conditions.

12.18 Hazardous Materials. Contractor shall timely provide State with any “Safety Data Sheets” (SDS) and any other hazard communication documentation required under the United States Department of Labor’s Occupational Safety and Health Administration (OSHA) “Hazard Communication Standard” (often referred to as the “HazCom 2012 Final Rule”) that is reasonably necessary for State to comply with regulations when it or its other contractors install, handle, operate, repair, maintain or remove any Materials. Note that, in the past, those documents might have been referred to as “Material Safety Data Sheets” or “Product Safety Data Sheets”, but State (and this Contract) use only the more up-to-date “SDS” reference. Contractor shall ensure that all its relevant personnel understand the nature of and hazards associated with, to the extent it they are Contractor’s responsibility under the Contract, the design, shipping, handling, delivery, installation, repair and maintenance of any portion of the Work that is, contains or will become upon use a hazardous material, with “hazardous material” being any material or substance that is: (1) identified now or in the future as being hazardous, toxic or dangerous under applicable laws; or (2) subject to statutory or regulatory requirement governing special handling, disposal or cleanup.

13.0 General Provisions for Services

13.1 Applicability. Article 13 applies to the extent the Work is or includes Services.

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068890	
	Description: Computer Equipment, Peripherals & Related Services	

- 13.2 Comprehensive Services. Contractor shall provide the comprehensive range of Services for which a price is established in the Contract for ordering by Eligible Agencies and Co-Op Buyers.
- 13.3 Additional Services. State at its discretion may modify the scope of the Contract by Contract Amendment to include additional Services or service categories that are within the general scope of the ones originally covered by the Contract. Once the Contract Amendment is fully executed, Contractor shall then update all applicable pricing and make them available to all affected entities at no additional cost. Either party may make the request to add Services to the Contract; regardless of who makes the request, the parties shall negotiate in good faith a fair price for any additional Services, but State may elect not to add some or all of the Services in question if no agreement is reached on pricing in a timely manner. Contractor’s request or proposal in response to State’s request shall include documentation demonstrating that the proposed price for the additional Services is both fair and reasonable and comparable to the original prices.
- 13.4 Off-Contract Services. Contractor shall ensure that the ordering process for the Services prevents Orders for Services not included in the scope of the Contract (and for which no price or compensation has been established in the Contract) or Services explicitly excluded from the Contract. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded ordering of Services, and endeavors to prevent such Orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, cancel any such Order without obligation.
- 13.5 Removal of Personnel. Notwithstanding that Contractor is in every circumstance responsible for hiring, assigning, directing, managing, training, disciplining, and rewarding its personnel, State may at its discretion, and without the obligation to demonstrate cause, instruct Contractor to remove any of its personnel from State’s facilities or from further assignment under the Contract. In such cases, Contractor shall promptly replace removed personnel with other personnel that have equivalent qualifications, experience, and capabilities.
- 13.6 Accuracy of Work. Contractor is responsible for the accuracy of the Services, and shall promptly make all necessary revisions or corrections resulting from errors and omissions on its part without additional compensation. Acceptance by State shall not relieve

13.6.1 Contractor personnel shall perform their assigned portions of the Services at the specific location indicated in the Order. Contractor acknowledges that the location might be inside an industrial building, institutional building, or one of various office types and classes.

13.6.2 If performing the Services requires Contractor personnel to work inside a secured perimeter at certain institutional facilities (including but not limited to prisons) where prior clearances are required, Contractor shall contact the facility directly in advance of performing the Services to confirm its current security clearance procedures, allowable hours for work, visitor dress code, and other applicable rules. State shall not pay any additional fees (including but not limited to service charges) or excuse late performance, if Contractor has failed to comply with these requirements.

13.7 Acceptance of Services. State has the right to accept Services subject to acceptance criteria. State may apply acceptance criteria to the Contract or a specific Order, which may include, but are not limited to, accuracy, completeness, conformance to requirements, or quality. State shall not pay Contractor for unaccepted Services, and State may, at its discretion, withhold or make partial payment for any rejected Services, while Contractor is in the process of re-performing or otherwise curing the grounds for State’s rejection.

13.8 Corrective Action Required. Notwithstanding any other guarantees, general warranties, or particular warranties Contractor has given under the Contract, and in addition to any other rights and remedies available under the Contract, if Contractor fails to perform any material portion of the Services including, but not limited to, failure to complete any contractual deliverable or failure to meet agreed-upon service levels or service standards set out in or referred to in the Contract, then Contractor shall perform a root-cause analysis to identify the source of the failure and use all commercially reasonable efforts to correct the failure and meet the Contract requirements as promptly as is practicable.

13.8.1 Contractor shall provide State a report detailing the identified cause and setting out its detailed corrective action plan promptly after the date the failure occurred (or the date when the failure first became apparent, if it was not apparent immediately after occurrence).

13.8.2 State may demand to review and approve Contractor’s analysis and plans, and Contractor shall make any and all reasonable corrections State instructs and adopt State’s recommendations, including any measures State determines to be necessary for employee or public safety, or the protection of property or the environment.

13.8.3 Contractor shall take the necessary action(s) to avoid any like failures in the future.

14.0 Data and Information Handling

14.1 Applicability. Article 14 applies to the extent the Work includes handling of any (1) State’s proprietary and sensitive data or (2) confidential or access-restricted information obtained from State or from others at State’s behest.

14.2 Data Protection and Confidentiality of Information. Contractor warrants that it will establish and maintain procedures and controls acceptable to State for ensuring that State’s proprietary and sensitive data is protected from unauthorized access and information obtained from State or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. State may restrict access of Contractor personnel, or instruct Contractor to restrict their access, if in its determination the requirements of this subparagraph are not being met.

15.4 Pass-Through Indemnity

15.4.1 Indemnity from Third Party. For computer hardware or software included in the Work as discrete units that were manufactured or developed solely by a third party, Contractor may satisfy its indemnification obligations under the Contract by, to the extent permissible by law, passing through to State such indemnity as it receives from the third-party source (each a “Pass-Through Indemnity”) and cooperating with State in enforcing that indemnity. If the third party fails to honor its Pass-Through Indemnity, or if a Pass-Through Indemnity is insufficient to indemnify State Indemnitees to the extent and degree, Contractor is required to do by the Uniform Terms and Conditions, then Contractor shall indemnify, defend and hold harmless State Indemnitees to the extent the Pass-Through Indemnity does not.

15.4.2 Notification of Claims. State shall notify Contractor promptly of any claim to which a Pass-Through Indemnity might apply. Contractor, with reasonable consultation from State, shall control of the defense of any action on any claim to which a Pass-Through Indemnity applies, including negotiations for settlement or compromise, provided that:

15.5 Systems and Controls. In consideration for State having agreed to permit Pass-Through Indemnities in lieu of direct indemnity, Contractor agrees to establish and keep in place systems and controls appropriate to ensure that State funds under this Contract are not knowingly used for the acquisition, operation, or maintenance of Materials or Services in violation of intellectual property laws or a third party’s intellectual property rights.

15.6 Redress of Infringement

15.6.1 Replace, License, or Modify. If Contractor becomes aware that any Materials or Services infringe, or are likely to be infringing, on any third party’s intellectual property rights, then Contractor may, at its sole cost and expense and in consultation with State, either:

- 15.6.1.1 replace any infringing items with non-infringing ones;
- 15.6.1.2 obtain for State the right to continue using the infringing items; or

15.6.2 Cancellation Option. In every case under 15.6.1, if none of those options can reasonably be accomplished, or if the continued use of the infringing items is impracticable contractor will refund any pre-paid fees for the allegedly infringing Services that have not been performed or provide a reasonable depreciated or pro rata refund for the allegedly infringing Product, Deliverables, or Software. Exceptions. Contractor will not be liable for any claim of infringement based solely on any of the following by a State Indemnitee:

15.7.1 Limit. Subject to the provisos that follow below and unless stated otherwise in the Special Terms and Conditions, State’s and Contractor’s respective first party liability arising from or related to the Contract is limited to three (3) times the purchase price of the specific Materials or Services giving rise to the claim subject to a fixed cap of USD \$5M (five million US dollars).

15.7.2 Provisos. This paragraph limits liability for first party direct, indirect, incidental, special, punitive, and consequential damages relating to the Work regardless of the legal theory under which the liability is asserted. This paragraph does not limit liability arising from any:

In all other cases, “purchase price” above means the total price of the Order for the specific equipment, software, or services giving rise to the claim, and therefore a separate limit will apply to each Order.

15.8 No Effect on Insurance. This paragraph does not modify the required coverage limits, terms, and conditions of, or any insured’s ability to claim against any insurance that Contractor is required by the Contract to provide, and Contractor shall obtain express endorsements that it does not. For clarification of intent, the foregoing obligations are limited by the limitation of liability in paragraph 15.7. If none of the foregoing options can reasonably be effected, or if the use of the materials by State is made impractical by the nonconformance, then State may seek any remedy available to it under law.

15.10 Section 508 Compliance. Unless specifically authorized in the Contract, any electronic or information technology offered to the State of Arizona under this Contract shall comply with A.R.S. §18-131 and §18-132 and Section 508 of the Rehabilitation Act of 1973, which requires that employees and members of the public shall have access to and use of information technology that is comparable to the access and use by employees and

Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions.
