Timing of Submission and Completeness Review

The Heritage Preservation Commission meets to review applications monthly on the third Wednesday of the month. If you are submitting an application for review of a Certificate of Appropriateness, a Certificate of Economic Hardship, Community Development must receive your application by the submittal deadline posted to the [Heritage Preservation program website](#).

For your item to be added to an agenda, the Heritage Preservation Officer (HPO) must deem the application complete and the information in it correct within 5 working days. The HPO will contact applicants for additional information as necessary.

Please also note that per the Flagstaff Zoning Code, the HPO refer any application, including Certificates of No Effect to the Commission for any reason. If the HPO refers the application, you will not need to resubmit, but additional materials may be requested.

Applications pertaining to Certificates for properties with the Townsite Overlay Zone must also be properly noticed 15 days prior to the public hearing in accordance with *Section J of the Townsite Historic Design Review Overlay District Design Standards and Guidelines*.

Approval of a Certificate does not indicate a final approval of site plans, building plans, permanent sign permits and other applications that will be required prior to demolition, modification, or construction. Approval of all Certificates will be conditioned on their conformance with Zoning Code and Building Code standards. The Heritage Preservation Officer may elect to hold an application until a review by the InterDivision staff is completed and substantive comments have been provided to the applicant.

If this application includes the review of a sign within the Downtown Overlay, Central Sign District or the Townsite Overlay, a permanent sign application must be submitted prior to the submission of the HPC-C application and the comments provided in that review should be attached to this application.

We encourage you to reach out early in designing your projects so that the HPO may assist you and your clients. HPO contact information: Lauren Clementino, Phone: (928) 213-2633; Email: lclementino@flagstaffaz.gov

Summary Statement of Significance:

National Register of Historic Places documentation or a Cultural Resource Study can be submitted in lieu of completing this page to demonstrate significance (attach additional pages as necessary).

The significance of a resource is generally based on its potential to contribute to our understanding of the past. An object, structure, site, place, or area is significant if:

- a. It is associated with events or persons in the architectural, engineering, archeological, scientific, technological, economic, agricultural, educational, social, political, military, or cultural annals of the City of Flagstaff, the State of Arizona, or the United States of America.
- b. It embodies distinctive characteristics of type, period, region, artistic values, or methods of construction, including being the oldest of its type or the best example of its type, or, if it represents the work of, or for, an important individual.
- c. A resource is generally not significant if it is less than fifty (50) years old, or, if the features, materials, patterns, and relationships that establish its significance are no longer present or no longer have integrity. The integrity of a resource is judged by how evident the general character of the significant period is, the degree to which the characteristics that define its significance are present, and the degree to which incompatible elements are reversible.
