RE: Public participation report for Case #PZ-25-00133

Dear Dustin,

The following outlines the history of communication regarding the request for a conditional use permit to add a 5th bathroom to the already approved residence at 3724 S. Woodland Hills Drive.

- On July 16th, 2025, Two Hawks Design and Development mailed out letters notifying neighbors within a 300 ft. area of the request for conditional use permit and posted signage. Enclosed is a copy of the letter and diagram, along with a list of recipients along with a picture of the signage.
- As of August 1st, 2025 I have received one email giving full support of the project.

Please let me know if you have any questions, or require any additional information at this time.

Sincerely,

Hugh McMahon

Subject: Notification in lieu of Neighborhood meeting for proposed 5 bath new residence construction located at 3724 S. Woodland Hills Dr. Flagstaff, AZ 86005

Dear Neighbor,

The Flagstaff Zoning Code requires single-family homes with 7 or more bedrooms, or 5 or more bathrooms, to obtain a Conditional Use Permit which requires a public hearing and approval from the Planning and Zoning Commission. Applicants for a Conditional Use Permit are typically required to hold a neighborhood meeting but, in this case, the Planning Director has allowed a direct mailing in lieu of the neighborhood meeting. The purpose of this mailing is to inform property owners of the permit application and establish communication between the applicant and the affected nearby property owners.

This project is a new residence that will contain 6 En suite bathrooms, which triggers a High Occupancy Housing Conditional Use Permit. Due to having 6 "Sanitation facilities" the current zoning code is considered High Occupancy Housing. The proposed residence has already been approved by Pine Canyon Homeowners association and is being built as a single-family primary or secondary residence. Please see attached floor plans.

Please feel free to contact me by phone at 928-853-6648, email at Hugh@twohawksdesigns.com or regular mail at 3050 N. 44th St #200; Phoenix, AZ 85018 with any concerns or comments. Please provide comments by July 31st, 2025 in order for them to be included in the Planning and Zoning staff report.

You will be contacted once again when the project is scheduled to go before the Planning and Zoning Commission.

Sincerely,

Hugh McMahon
