

ABOUT INNOVATE GREEN:

- Collaboration between the Sustainability and Economic Development teams
- Annual **business pitch competition** for sustainable business product or service ideas that reduce/remove carbon dioxide, conserve water, or repurpose waste into marketable materials.
- Applicants compete for a cash prize up to \$30,000

This year's competition occurred on April 11-12, 2025 where four applicants competed against one another – and we had a clear winner who outshone the rest!
