6. **DISCUSSION ITEMS**

A. **Lone Tree Road Update 4:40pm**

Discussion focused on roadway construction, traffic patterns, bike/ped conflicts, and design considerations including two-way facilities, signage, and intersection geometry. Topics included ADT comparisons, Butler/LTO approach issues, potential bike-specific signalization, signage vs. green paint application, dual vs. single lane configurations, future intersection build-out, and safety experiences. Overpass construction expected to begin end of summer.

B. **Safe Routes to School Infrastructure 5:23pm**

Review of infrastructure concepts near schools including Sinagua Heights, Foxglenn, and surrounding corridors. Discussion addressed speed limits, student travel patterns, crossing standards, medians, two-way vs. one-way bikeways, driveway conflicts, school feedback and stakeholder meetings, and integration with Sunnyside and Coconino area projects. Additional review of bike boxes, striping updates, FUTS connectivity, and anticipated summer evaluations.
