

NOTICE AND AGENDA

PARKS AND RECREATION COMMISSION
MONDAY
JUNE 15, 2026

IN-PERSON ONLY
HAL JENSEN RECREATION CENTER
2403 N. IZABEL ST.
4:00 P.M.

1. **Call to Order**
2. **Roll Call**

NOTE: One or more Commissioners may be in attendance through other technological means.

Chair Stephen Parsons	Commissioner Lisa Lamberson
Vice Chair Austin Kerr	Commissioner Jill Christensen
Commissioner Neil Frazier	Commissioner Josh Stackhouse
Commissioner Camille Diab	Councilmember Representative: Anthony Garcia

3. **Land Acknowledgement**

The Flagstaff Parks and Recreation Commission humbly acknowledges the ancestral homelands of this area's Indigenous nations and original stewards. These lands, still inhabited by Native descendants, border mountains sacred to Indigenous peoples. We honor them, their legacies, their traditions, and their continued contributions. We celebrate their past, present, and future generations who will forever know this place as home.

4. **Approval of [Minutes](#) - May 18, 2026**

5. **Open Call to the Public**

This portion of the meeting is for items that are NOT on the agenda. The Commission cannot act on items presented during the public participation of the agenda. The Commission is prohibited by the open meeting law from discussing or considering the item until the item is officially placed on an agenda. Please limit comments to five minutes.

6. **Discussion Items**

- A. Tour of new gaming room at Hal Jensen Recreation Center
Informational tour only
- B. HVAC project at Hal Jensen Recreation Center
Informational tour only

7. **Reports and Updates**

- A. Council Representative Report, Council Representative Anthony Garcia
- B. PROSE Monthly Newsletter - [May 2026](#)

8. **Informational items to and from Commissioners and Staff**

9. **Agenda Items for next meeting**

10. **Adjournment**
-

CERTIFICATE OF POSTING OF NOTICE

The undersigned hereby certifies that a copy of the foregoing notice was duly posted at Flagstaff City Hall on Monday, June 8th, at 2 p.m. This notice has been posted on the City's website and can be downloaded at www.flagstaff.az.gov.

Dated this 8th day of June, 2026.

Lori Reynolds

Lori Reynolds, Administrative Specialist

ADDITIONAL INFORMATION: In compliance with the Americans with Disabilities Act, if you need assistance to participate in this meeting, please contact Lori Reynolds (Lori.Reynolds@flagstaffaz.gov) at least two business days prior to the scheduled meeting time to enable the City to make reasonable arrangements.

HYBRID MEETING
FLAGSTAFF AQUAPLEX
AND [MICROSOFT TEAMS](#)
1702 N. FOURTH STREET
4:00 P.M.

1. Call to Order

Chair Parsons called the meeting to order at 4:00 PM.

2. Roll Call

NOTE: One or more Commissioners may be in attendance through other technological means.

Chair Stephen Parsons, present	Commissioner Lisa Lamberson, present
Vice Chair Austin Kerr, present	Commissioner Jill Christensen, present at 4:21 PM
Commissioner Neil Frazier, absent	Commissioner Josh Stackhouse, present
Commissioner Camille Diab, present	Councilmember Rep: Anthony Garcia, present

Staff present: Rebecca Sayers (PROSE Director), Tyrone Johnson (Recreation Manager), Gino Leoni (Parks Manager), Haley Reynolds (Events & Marketing Manager), Lori Reynolds (Administrative Specialist), Sarah Holditch (Events & Marketing Coordinator)

3. Land Acknowledgement

The Flagstaff Parks and Recreation Commission humbly acknowledges the ancestral homelands of this area's Indigenous nations and original stewards. These lands, still inhabited by Native descendants, border mountains sacred to Indigenous peoples. We honor them, their legacies, their traditions, and their continued contributions. We celebrate their past, present, and future generations who will forever know this place as home.

Read by Chair Parsons.

4. Approval of April 20, 2026 [Minutes](#)

Commissioner Kerr moved to approve the April 20, 2026 minutes as attached. Commissioner Lamberson seconded the motion. Motion carried.

5. Open Call to the Public

This portion of the meeting is for items that are NOT on the agenda. The Commission cannot act on items presented during the public participation of the agenda. The Commission is prohibited by the open meeting law from discussing or considering the item until the item is officially placed on an agenda. Please limit comments to five minutes.

Read by Chair Parsons. No comments were received.

6. Discussion Items

A. Highland Mesa Park Update

Amy Hagin provided an update on the Highland Mesa Park project, noting the item was requested during the previous month's Commission meeting. She presented a GIS map of the park and reviewed details regarding the existing and planned FUTS trail connections. Amy explained that there is currently no direct access to Highland Mesa Park, and staff has been working with the neighborhood's Residential Owners Association regarding a potential access easement. She also

reviewed planned off-site improvements, including ADA ramp upgrades, striping of a roadway crosswalk, and traffic engineering efforts to realign the existing urban trail system.

Amy stated that onsite park improvements remain pending approval of the off-site improvements that are currently under review. In response to questions from Commissioners, she explained that the park consists of approximately 5.6 acres and does not include onsite parking, as it is intended to function as a neighborhood park. She further discussed future FUTS trail plans, including extending and realigning portions of the trail network to improve accessibility and maintenance operations, particularly during snow removal.

Discussion also occurred regarding the potential budget impacts of the proposed off-site improvements. Public comment was received expressing appreciation for the project and support for the planned park improvements.

B. Cheshire Park Expansion Update

Amy shared an update on the Cheshire Park Expansion Project. She reviewed a conceptual design for the additional 9.3-acres to the existing park, which includes a new multipurpose field and additional parking improvements. Amy stated that discussions have occurred with the Museum of Northern Arizona regarding shared parking opportunities, as the proposed parking lot would include approximately 73 spaces and could potentially support museum overflow parking through future event permitting agreements. Currently, the project remains in the design review stage and that the urban trail alignment may require adjustment to accommodate the multipurpose field.

In response to questions from Chair Parsons, Amy stated that the field is not expected to host running competitions, but rather training opportunities. She also explained that outreach from the running community helped initiate discussions for the project due to the lack of a public running track in the area. With the addition of the multipurpose field, the park is expected to expand to approximately 13.5 acres.

Amy also shared that they plan to apply for a federal land and water conservation grant opportunity. PROSE has allocated approximately \$1.5 million toward the project and intends to leverage those funds as a matching contribution for the grant, potentially bringing the total project funding to approximately \$3 million.

Additional discussion occurred regarding possible ADOT access or roadway improvements along Highway 180. Amy stated the project has not yet advanced far enough in the design review process for those discussions to occur, though ADOT could require roadway edge improvements in the future.

Staff noted that the federal grant process could take approximately 9 to 12 months for award consideration, followed by an estimated 6 to 9 month construction timeline if funding is approved.

C. Summer Events

Haley Reynolds reported that the Concerts in the Park schedule has been published, with the series set to begin on June 3. Concerts will be hosted at various locations throughout the community, including Bushmaster Park and county parks: Peaks View and Raymond County Park through a partnership with Coconino County Parks and Recreation. Haley noted that the lineup includes a variety of musical artists, featuring both returning performers and new acts.

Haley also provided an update on the Fourth of July drone show event, describing it as a collaborative effort involving the entire PROSE Division. She explained that drone launches will occur from either the baseball or softball field at Foxglenn Park, depending on weather conditions. Parking and transportation arrangements are being coordinated through partnerships with Mountain Line, Knoles Elementary School, and Sinagua Middle School. A shuttle service will be provided to the event site. Staff noted that Butler Avenue will be closed from 4th Street to the park and emphasized the importance of public communication regarding traffic access, parking, and neighborhood impacts. Coordination with emergency management has taken place to ensure residents maintain access to affected areas. Discussion also took place regarding parking fees and

the decision to host the event at Foxglenn Park.

D. **Kaizen Software Update**

Tyrone Johnson provided an update regarding the transition to the new Kaizen recreation registration software platform for PROSE and all recreation centers, noting that the system is now fully operational. He explained that the software is intended to be more user-friendly and provide residents with greater autonomy in managing their accounts and registrations online. Tyrone shared the [website](#) with the Commission and provided an overview of the public-facing interface, including examples of how community members can create accounts, reserve ramadas, and register for programs and memberships.

Tyrone reported that nearly all accounts from RecTrac have been migrated into Kaizen. Discussion occurred regarding response times for refund requests and customer service under the new platform. In response to a question concerning costs associated with the system, Rebecca explained that the new additional 5% fee applied during the first year using this software, will support collection of user data for a future fee study. She also noted that credit card processing fees are now being passed directly on to customers.

7. **Reports and Updates**

A. Council Representative Report, Council Representative Anthony Garcia

Representative Garcia reminded the Commission that the final day to vote on the Regional Plan is tomorrow (May 19, 2026). He also provided an update regarding the Public Safety Citizens Advisory Committee, noting that future ballot measures could arise from its recommendations. Representative Garcia further complimented the work of the Parks and Recreation Committee and recognized the thoughtful and impactful questions being addressed.

B. PROSE Monthly [Newsletter](#), April 2026

- Staff confirmed the Touch a Truck event is scheduled for July 11.
- Commissioner Kerr shared that one of his students participated in the High School Hog Call Bench Press Competition hosted at the Aquaplex. He expressed appreciation for the fitness mentorship program and the positive impact it has had on participating students.
- Discussion occurred regarding the possibility of implementing geofencing technology to better determine park usage and identify which parks have the greatest community impact. Haley and Amy have explored the concept and discussed the potential use of specialized software to assist with data collection. They further explained the technology could help identify which parks could be eligible for more funding based on visitation numbers. However, additional research and budget considerations would be necessary before moving forward.

8. **Informational items to and from Commissioners and Staff**

Commissioner Christensen inquired about the new game room at HJRC. Staff stated the Commission will receive an update and tour at next month's meeting.

9. **Agenda Items for next meeting**

Visit the new gaming room at Hal Jensen Recreation Center.

10. **Adjournment**

Chair Parsons adjourned the meeting at 5:48 pm.

New Reservation and Software Implementation

PROSE has officially launched a new reservation software from Kaizen Labs! A partial rollout began April 1st, opening online ramada reservations to the public. In May, the four recreation centers came online beginning with Hal Jensen Recreation Center and Joe C. Montoya Community and Senior Center, followed by Jay Lively Activity Center and the Aquaplex as they reopened after their annual maintenance closures. The upgraded system gives users greater control and convenience, allowing them to manage their accounts from any device. Features include lap lane reservations, membership sales and renewals, program registrations, and facility reservations.

We could not have completed this without help from Finance and IT. We extend our gratitude for their continued support throughout this transition.

Visit www.prose.flagstaffaz.gov to explore the new system, create an account, and peruse our programs!

RECREATION

Chillin' in the Pines Hockey Tournament - D Division

PROSE staff hosted the second weekend of our 10th Annual Chillin' in the Pines Hockey Classic, marking another milestone in a tournament that has grown so significantly we now split it into two weekends to meet the demand. This year, the D Division was so large that, for the first time, it was divided into a Recreational and a Competitive level. In the Competitive D Division, eight teams battled fiercely for a spot in the championship, with the race coming down to a dramatic three-way tie. The Patriots ultimately secured the title once again, earning back-to-back championships. In the Recreational D Division, the Cambonis team, participating in this tournament for the third time, finally made a strong run to the championship and proudly lifted the cup. This division featured players from across Arizona, Nevada, Colorado, and even Texas, showcasing the tournament's growing reach. Teams are already lining up for next year, and our staff is reviewing feedback to make the Chillin' in the Pines Hockey Classic even better.

New HVAC Units at Hal Jensen and Joe C. Montoya

Hal Jensen Recreation Center is celebrating a major upgrade with the installation of a new HVAC unit for the gymnasium, bringing much-needed heating and cooling to the space. The system is designed with future expansion in mind, allowing additional units to later serve the upstairs area and weight room. Joe C. Montoya Community and Senior Center also received a brand-new HVAC unit this month, providing improved climate control for the weight room and ensuring a more comfortable experience for all who use the facility.

Annual Maintenance and Cleaning at the Aquaplex and Jay Lively Activity Center

The Aquaplex and Jay Lively Activity Center completed their annual maintenance and cleaning closures, accomplishing an impressive number of projects during this time.

Work Completed at Jay Lively Activity Center:

- Repainted locker room doors and lobby pillars
- Deep cleaned bathrooms, benches, penalty box, and all walls
- Power washed and scrubbed showers, floors, and facility exteriors
- Tightened tension cables, dasher boards, and adjusted doors
- Cleaned trophy case and added lighting
- Reorganized pro shop and donated equipment
- Serviced all rental skates (sharpened, relaced, new footbeds)
- Cleaned and power washed all common areas
- Reduced ice to 1", then rebuilt to 1.5" for improved clarity
- Conducted Kaizen staff training

Work Completed at the Aquaplex:

- Resurfaced the gymnasium and movement studio floor
- Removed and replaced the turnstiles with updated floor tile.
- Restriped the parking lot
- Deep cleaned the locker room / cabanas - fresh paint
- Drained and cleaned the pool
- Professionally cleaned the running track and carpets
- Replaced the entire Kid's Club furniture and toys
- Stripped and set all new routes on the climbing wall
- Conducted Kaizen staff training

Glow Night at Hal Jensen Recreation Center

Glow Night at Hal Jensen Recreation Center was a success!

Thirty-five excited participants filled the gym for an evening of neon-themed fun, playing games under black lights with all kinds of bright, glowing toys. Staff transformed the gym with glow tape,

and kids had a blast decorating themselves with glow markers before diving into the activities. Basketball was a hit, but

dodgeball lit up the night as the crowd favorite. Staff are looking forward to hosting more events like this.

Volunteers unloading dirt onto trail at Picture Canyon

OPEN SPACE

Volunteers Help Improve Trails at Picture Canyon

Volunteers from the Dream Center and Urban Hope Church lent a hand at Picture Canyon, repairing sections of the trail damaged by recent flooding. They shoveled three truckloads of dirt to stabilize an eroded stretch of trail, followed by a layer of gravel to secure it. Volunteers also improved a steep trail crossing by digging it out and reinforcing the area to make it safer and more accessible.

Volunteers doing trail work at Picture Canyon

Environmental Education

The Open Space education team wrapped up the 2025–2026 school year with an impressive fifty-three field trips and classroom outreach programs, serving students from preschool through high school. The program continues to grow each year thanks to the hard work and dedication of Open Space Coordinator, Ashlee Fliney, the AmeriCorps Interns and volunteers from the community.

New gravel on trail

Highlights from this Month:

- Hosted an engaging Science Saturday booth at Willow Bend focused on the importance of pollinators.
- Led Summit High School students on a Picture Canyon field trip featuring hands-on water quality investigations.
- Guided a Girl Scout troop from Tuba City through Picture Canyon to explore its history, geology, and ecology.
- Wrapped up our FACTS after-school programs at De Miguel and Marshall Elementary with end-of-season outdoor learning activities.
- Supported Sustainability’s guided public hike, helping educate participants about the community’s wastewater systems.

SUMMER ACTIVITIES

June 1st - August 3rd

Monday-Friday

Our doors are open:

10:00 AM - 7:00 PM

Enjoy one of our planned activities, shoot some hoops, workout in our fitness room, or just hang out!

MONDAY

Game Day

1:00 PM

Get your running shoes on and let's play some games!

THURSDAY

Arts and Crafts

1:00 PM

Let's gather the art supplies and craft something fun!

FRIDAY

Cooking Class

1:00 PM

Mix it up in the kitchen and learn to cook something new each week!

Upcoming Events & Programs

Summer Activities

Weekly | June 1st - August 3rd | Hal Jensen Recreation Center

Summer activities have begun at Hal Jensen! Stop by on Mondays, Thursdays, and Fridays for planned activities including games, arts and crafts, and cooking class! Feel free to pop in any time and just hang out too! Play some video games in our game room, shoot some hoops in the gym, or workout in the weight room.

Field Notes: Edible Plants & Drawing

Friday, June 12th | 3:00 PM - 5:30 PM | Picture Canyon

Join Open Space and artist Christine Snyder on a nature walk exploring traditional uses of native plants at Picture Canyon. Learn how to create field sketches at key stops along the trail - no art experience needed! Kids are welcome, coloring pages will be provided. Bring a sketchbook, pencil, water, and snacks. This is a FREE event but space is limited so please register in advance.
