Re: PUBLIC ART MAINTENANCE

The City of Fort Pierce has a history of advocating local artists that demonstrate the artistic and cultural diversity within our wonderful community. In efforts to continue this trend several pieces of art were acquired by the City of Fort Pierce and strategically placed in outdoor public venues. This collection is now in need of maintenance that will preserve this art for continued public display.

It has recently come to our attention that the Arts & Cultural Alliance has funding available for the purpose of immediate refurbishing of public art throughout Saint Lucie County to include the City of Fort Pierce. This funding availability and the inclusion of qualified maintenance providers create a productive potential partnership.

Please accept this letter as a commitment to reimburse the Arts & Cultural Alliance of Saint Lucie County for the maintenance of public art within the City of Fort Pierce in an amount not to exceed \$5,245.00. This reimbursement shall occur in the first quarter of Fiscal Year 2015, which begins October 1, 2014.

Sincerely,

Nicholas Mimms, P.E.
Deputy City Manager
