Hi Linda,

As noted in the agreement 14HM-2Y-10-66-03-144, Attachment A, Environmental Condition: *"If any "asbestos containing material" lead based paint, or other hazardous materials are found during remediation or repair activities, the applicant must comply with all federal state and local abatement and disposal requirements' under the Toxic Substance Control Act (TSCA). Verification of compliance is required at closeout."* Therefore, these are eligible for reimbursement under this HMGP grant.
