### STAFF REPORT

Staff is requesting approval for the annexation of several parcels throughout the City of Fort Pierce. The numerous locations are attached to this staff report. Staff has taken an initiative to make Fort Pierce City limits cohesive where feasible. Numerous parcels with existing FPUA annexation agreements have been selected to begin this initiative, with more to come. In accordance with the Joint Planning Agreement that was established on June 6, 2005, the County has been notified and is aware of the selected parcels being proposed for annexation.

It has been confirmed that the signed annexation agreements for FPUA services are on file, that the properties are located within an unincorporated part of St. Lucie County (SLC) and that the parcels are contiguous to the municipal boundary.

#### ***Comprehensive Plan***

Consistent with Objective 1.11 and Policies, 1.11.5 and 1.11.6 of the City Comprehensive Plan, the City shall evaluate proposed annexations within the urban service boundary based upon the following criteria:

1. The ability of the City to provide public services at a level equal to or better than that available from the current service providers;
2. The ability of the City to provide public services at the City's adopted levels of service;
3. Whether the annexation would eliminate an unincorporated island or could be expanded to eliminate an unincorporated island; and
4. Whether the annexation would eliminate an irregularity or irregularities in the City's boundaries, thereby improving service delivery.

Properties annexed shall receive a Future Land Use designation compatible with the SLC future land use designation assigned, unless otherwise approved by the City Commission. In addition, general City policy is that annexed properties shall receive a zoning classification consistent with the SLC zoning

classification; if the City Code does not provide such a classification, the SLC classification will remain until the request is made by the property owner for a zoning change to a City classification.

Pursuant to the Future Land Use Element of the Comprehensive Plan, annexations are reviewed for fiscal impacts, the effect upon adopted level of service standards for public facilities and the elimination of the municipal boundary irregularities to improve service delivery. The level of service will be affected minimally. The estimated taxable amount for the commercial properties is \$2,133,000 and the estimated taxable amount for the residential properties is \$1,136,598. With the current millage rate at 6.5786%, the total fiscal impact of these parcels is estimated to be \$21,500 payable to the City.

### **Planning Board Recommendation**

At the November 12<sup>th</sup>, 2014 meeting, the Planning Board recommended **approval**.

### **Staff Recommendation**

Staff recommends that the City Commission **approve** the annexation of these parcels into Fort Pierce City Limits as it furthers the goals, objectives and policies of the Comprehensive Plan.
