RE: August 15, 2015, "Baby" a eight month old pup was tethered in her back yard and died a horrific, long and agonizing death. I found this news to be heart wrenching and want so much for each of you to know someone cared!

I have been emailing each of you since August, 17th, with hopes of much needed change. Tethering is cruel and unnecessary, please take a stand for those with no voice and please do what is humane and right.

I hope with hand delivering this information that change is on the horizon.

Thank you for your time and I look forward to hearing from you.

Sincerely,

*Charlie Crowe and Jenna II*
