Boys & Girls Club programs saves taxpayers more than \$9,000 for every student not held back a grade, to an aggregate of \$29,080,000 in lifetime earnings for each 100 additional high school graduates. Taxpayers also realize a cost avoidance of \$5,000 per youth who are diverted from criminal activities.

Mission: to enable all young people, especially those who need us most, to reach their full potential as productive, caring responsible citizens.
