Subject Site

HISTORY

1925 - Construction of the
commercial building.

STAFF ANALYSIS

Request

The applicant is proposing to install
16.6 X 25 foot outside fenced area for
dogs to run. The area will be covered
by artificial grass "Astro Turf" and
enclosed by 42 inch high black iron
fence.

Review

The proposed dog run addition offers an
exterior space for dogs at the existing
grooming business. The proposed style
and material of fence assimilates with
the overall appearance and scheme of
the structure.

The proposed changes will affect the
existing parking area. To ensure
adequate vehicle circulation and safety
the parallel parking space should be
eliminated and fenced area should be
well-lighted during the evening and
nights hours.

Proposed Site Layout

Proposed artificial grass

The outside dog area will be enclosed by 42 inches high black iron fence. The applicant's choices are shown below.

Fence - First Choice

Fence—Second Choice

The Secretary of Interior Standards for Consideration

9. New additions, exterior alternations, or related new constructions shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

10. New additions and adjacent or related new construction will be undertaken in a such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Staff Recommendation

Staff recommends approval of the proposed fenced area with Astro Turf as it meets the Secretary of Standards 9 and 10 with the following conditions from Planning and Code Compliance Departments:

- The parallel parking space, presented adjacent to the outdoor run, will be eliminated.
- The fenced area will be well-lighted during the evening and nights hours.
- The fence area will be used only during the “pet grooming” business hours.
- The turf material will not heat to a temperature that could burn the dog’s paws.
- The fence will have a sufficient height so that dogs cannot easily jump the fence.
- Should a shade structure be proposed in the future a new Certificate of Appropriateness Application shall be submitted.
