PARKING ENFORCEMENT UPDATE

- A proposed ordinance amendment to Ch. 10-1 and Ch. 10-23 as well as a related resolution setting parking fines has been prepared.
 - The amendment allows parking fines to be paid directly to the City instead of the County Court.
 - Appeals will be heard by the Special Magistrate instead of a County Judge.
 - Established a “repeat violator” and requirement to be filed with the County Court.
- A proposed ordinance amendment to Ch. 2-252 has been prepared.
 - The amendment give jurisdiction to hear parking issues before the Special Magistrate.
- The IT Department has identified a parking “app” that has proven effective in the Miami-Dade area.
 - The app is used through either a phone or tablet along with a hand-held printer. No more hand written citations.
 - Through a company called “T2”. The parking consultant has confirmed that this company has multiple solutions that can address all of our parking needs – both current and future.
 - A small demo is scheduled for Friday, May 6th to get us up and running and there will be a much more comprehensive demonstration presented to the Parking Committee to help implement future solutions.
