---

I wanted to write this quick email to bring to your attention that you have a great public servant working for you. Kori Benton. Kori always replies to emails in a timely manner and when you call his phone at the city, he actually answers. Beyond simply answering the phone, Kori works hard to find the answers that I seek. It is obvious that he is very passionate about the city. He deserves to be recognized for his hard work and dedication. Simply put, the city needs more people like him.

Thank you and have a great weekend,

James Clasby, MPA
