Section(s): 5-1.105.1 Permit Required.

Code Compliance Manager Peggy Arraiz read the facts of the case and reviewed the 7 criteria required to make a recommendation to the City Commission for reduction of the lien. She stated she had met with Mr. Waller prior to the meeting; however, they were not in agreement to the reduction. She stated Mr. Waller was requesting all fines be rescinded. Ms. Arraiz explained that the fines began in December 2015. Staff had received a request for an extension of time but it was after the fines had started; therefore we scheduled it for a Massey hearing. No one showed up for this hearing so it was rescheduled. Again, no one showed up for the hearing. SM Ross ordered a lien to be placed on the property.

Roderick Waller was sworn in. He was asked what his relationship was to the property owner and he stated he was the general contractor whom Mr. Morales had consulted to take care of the problems. He stated there was a language barrier, and that Mr. Morales had spent much more money that he started out. He said the permit was applied for on 1/22/2016 and completed on 3/24/16. He stated the project was delayed because of engineering taking so long. Mr. Morales was asking for rescindment of the fines or no more than \$450.00 dollars.

Ms. Arraiz stated under the circumstances she was in agreement to reducing the administrative fines to \$900.00 and would allow them 12 months at \$75.00 to pay if approved by the Special Magistrate and the City Commission. Mr. Waller was still not in agreement.

Special Magistrate Ross reviewed the 7 criteria required by Rule 17 and will recommend the City Commission reduce the lien to \$900.00 payable in 12 monthly payments of \$75.00. If not paid within that time the lien would revert back to its original amount.

CCM Peggy Arraiz read the facts of the case. She explained that these were excess funds from a tax sale. The city has already received the check and was agreeable to accept this as settlement of the lien.
