

Petition to Enhance Customer Parking in Downtown Fort Pierce

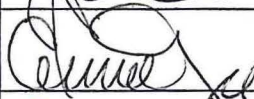

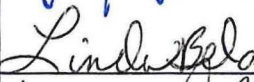

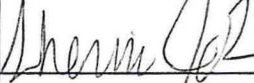

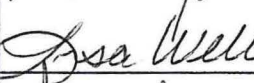

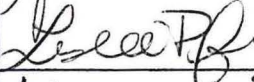

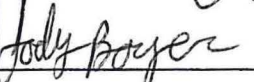

Petition summary and background	Downtown Fort Pierce's businesses are suffering from a lack of available parking. There is an overwhelming amount of cars parked on the street and in prime parking lots for the entire business day. This leaves visitors and customers with very little options to park and frequent downtown's shops, restaurants and stores.
Action petitioned for	We, the undersigned, are concerned business/property owners who urge our leaders to act now and enforce 2 hour parking restrictions for on-street parking only. The parking lot located on the NW quadrant of Indian River Drive and Orange Ave should stay a free paved parking lot and be treated similarly to the rest of the downtown parking lots.
