

Petition to Enhance Customer Parking in Downtown Fort Pierce

Petition summary and background	Downtown Fort Pierce's businesses are suffering from a lack of available parking. There is an overwhelming amount of cars parked on the street and in prime parking lots for the entire business day. This leaves visitors and customers with very little options to park and frequent the downtown's shops, restaurants, and stores.
Action petitioned for	We, the undersigned, are concerned business/ property owners who urge our leaders to act now and enforce 2 hour parking restrictions for both on-street parking and for the parking lot located on the NW quadrant of Indian River Dr. and Orange Ave.
