Contact Email: Vancecochran@gmail.com
Related Event: Irma
Assessment Date: 9/15/2017
Assessment Time: 4:54 PM
End Time: 5:16 PM

Asset/Location Information

Location Number (6 Digit FMIT Number): 001001
Asset Name/Description: City Hall (Incl. Emergency Generator)
Location: 100 North US 1, Fort Pierce, FL
GPS Lat./Long.: 27.446344,-80.324841

Damage Information

Location Damaged: Yes
Immediate Action Required: Yes
Immediate Services Needed: Drying/Dehumidification, Secure Property
Asset Safe for Occupancy and/or Use?: Yes
Imminent Threat to Public Health or Safety?: No
Does Asset Pose Environmental Concern?: No

Estimated Damages & Notes

Estimated Damage Amount: \$25,000 - \$50,000
Damage Notes: HVAC units on roof broke a loose from brackets. Repairs have already been done and units are back in place. A small roof lap has blown up and needs to be repaired. There is extensive carpet and baseboard damage on the third floor of the building. The contractors have already begun remediation with dehumidifiers and air scrubbers set up on the floor. The Industrial hygienist did not recommend wall demolition.
Wind Damage %: 0
Flood Damage %: 20
Other Damage %: 0

Recommendation(s): Refer to Photos sent in by City regarding rooftop AC Units blown off anchors. Vertical water damage affected multiple office areas. Migration through duct system seems to have contributed to the affected areas. Carpet in selective areas has been removed due to heavy odor and saturation. DKI has done a good job stabilizing areas with minimal tear outs, etc. Dry in place methods to continue with IH review.

Project Notes: Office areas are still being occupied in most affected areas.

Next Action Details

Next Action: Continue dry in place. Remove bulk of air scrubbers doubling as air blowers. Change out with Airmovers or charge accordingly. IH tested affected area and no environmental conditions are present to support.
