Staff Analysis:

Wing Stop is a restaurant which is seeking to sell beer and wine for consumption on-premises. The restaurant is expected to open for operation within the first (1st) quarter of the year 2017, after leasing and renovations to the existing retail unit. The restaurant will be located within the southeast corner of Sabal Palm Plaza.

The request is to secure a 2COP – Beer and Wine License to offer sale of alcohol, at the subject location, for consumption on-premises. Section 3-7 of the City Code restricts the sale or distribution of sealed alcoholic beverages for consumption on the premises where the establishment is located within 1,600 feet of a church, school, or other licensed establishments; unless a Waiver of Distance is granted.

The applicant is requesting the waiver based upon the presence of a church that is located within 1,600 feet of the proposed site. City Code Section 3-11 of the City Code specifies that a waiver of distance shall be granted only if it does not adversely affect community health, safety or general welfare and that the following are considered:

a. The actual location and distance of the proposed establishment with respect to other places of business licensed to sell intoxicating beverages, whether on or off the premises, as well as churches and schools;

The proposed establishment is located approximately 1,487 ft. from First Church of the Nazarene.

b. Whether adequate parking and landscaping for the facility are provided so as to meet the requirements set forth in sections 22-59 through 22-61;

The existing plaza site contains adequate parking and landscaping to meet City Code.

c. Whether the facility is physically separated or well buffered from all adjacent residentially zoned areas;

The site is well buffered from all adjacent residentially zoned areas.

d. Whether traffic generated by patrons or pickup/delivery vehicles will pass through low or moderate density residentially zoned neighborhoods;

This property is accessible from South US Highway 1. It would not be necessary for either customer or commercial vehicles to pass through residentially zoned areas.

e. Whether, if the facility is located within sixteen hundred (1,600) feet of a church or school, it will generate traffic which may adversely affect the safety of persons attending such church or school.

This establishment is located within 1,600 feet of First Church of the Nazarene and is not located within 1,600 feet of a school.

Section 3-9 (6) of the City Code states that an applicant holding a 2-COP license must be engaged in conduction a bona fide restaurant operation. The code further states that such a restaurant must:

- a. Have tables capable of seating not fewer than thirty-five (35) persons simultaneously, for the purpose of serving meals;
- b. Must dispense sales of beer and wine only to persons patronizing the establishment for the main purpose of ordering and consuming food;
- c. Have permanent kitchen facilities located within the premises in which meals are regularly prepared for service to patrons of the establishment.

The application as submitted meets the necessary requirements for holding a 2-COP license. The restaurant, with seating for approximately 60 people; will serve lunch and dinner meals. It is understood by the applicant that service of alcohol is to be with meals only.
