RE : Guardian Ad Litem Program

DATE : March 14, 2014

On behalf of the City's Economic Development Team, I am pleased to offer our support of the proposed use of the city's parking garage space by the Guardian Ad Litem Program.

Our understanding is that the program will house 30 full time employees and support approximately 400 volunteers utilizing 9,000 square feet. Our team sees use by another governmental entity as very appropriate for the space and complimentary to the operations of city government. Additionally, we believe the infusion of the employees and volunteers will be extremely beneficial for our downtown businesses.

Thank you for the opportunity to review the proposal. If approved, we are available to assist this project in any manner you deem appropriate.
