With this small business grant, we'd like to purchase equipment necessary to enhance and strengthen our business. This equipment includes, but is not limited to, mannequins to display our clothing, necessary tools needed to put up the displays, purchase advertising through facebook, google, Instagram, etc.... Have our website updated professionally, so that everything is working the way it should and we can grab more attention. Our business is geared toward our personal signature athletic inspiration shirts, so we need very good equipment to insure the shirts are done in a professional manner; with that in mind, we would like to purchase the semi-pro 4 color screen printing press.

If we are granted this small business grant, we would also like to purchase better tables and stands for our outdoor venues; so that they look professional. This would also include equipment we need to set up for evening shows. I know that the grant may not be able to cover everything that we would like to have done, but it will go a long way in helping our business to expand beyond what we currently have and give us a more professional look.
