Dear Mr. Benton:

The purpose of this letter is to commend you for the exemplary job you have been performing as the Senior Planner in the City of Fort Pierce's Planning Department.

Your hard work and dedication to your job and our City is evident and shines through during each Commission Meeting in which you are expected to present future plans for businesses within our City. Your knowledge of the City's Code and Ordinances is commendable and it makes my job as a City Commissioner easier, but also, it makes me proud to know we can count with people like you who accurately assess the future planning of land use and development and can effectively provide the City Commission with recommendations and suggestions we can trust.

I commend you for all you do for our beautiful City and look forward to being able to continue to see you thrive in your future endeavours within our City.

Sincerely,

Commissioner Rufus Alexander
