* - Density bonus provisions are outlined in Policy 1.1.5 of the City's Future Land Use Element.

- 1.1.3 Policy:
The City shall ensure that future land use designations are compatible with adjacent land uses both within and outside the City boundary.
- 1.1.4 Policy:
The City shall administer Land Development Regulations consistent with the future land uses in this Element. The general description of each land use category is as follows:

A. Residential

Low Density Residential (RL): The Low Density Residential (RL) designation is intended for parcels that are best suited for lower density residential uses. The predominant development typology will consist of single family detached housing but can also contain duplexes and multifamily residences. Limited commercial uses intended to serve the neighborhood shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed. This land use category ranges in density from 1 to 6.5 dwelling units per acre. This category combines the previously allowed Residential Suburban (RS), Residential Urban (RU) and Low Density Residential (RI) categories.

Hutchinson Island Residential (HIR): The Hutchinson Island Residential (HIR) designation is intended for parcels that are best suited for residential development on Hutchinson Island. This future land use category allows single-family detached and attached units, duplexes and multifamily residences at densities ranging up to 8 dwelling units per acre. Limited public uses and commercial uses that are compatible with the surrounding development shall also be allowed. The previous "Medium Density Residential Hutchinson Island (Rmhi)" has been renamed.

Medium Density Residential (RM): The Medium Density Residential (RM) designation is intended for parcels that are best suited for multifamily residential uses ranging in density from 6.5 to 12 dwelling units per acre. This category allows small-lot single family units and multifamily dwellings including duplexes, condominiums and townhomes. Limited commercial uses intended to serve the residential uses shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed. This category combines the previously allowed Medium Density Residential (Rme) and Moderate Density Residential (Rmo) categories.

High Density Residential (RH): The High Density Residential (RH) designation is intended for parcels that are best suited for medium to high density multifamily residential uses ranging in density from 12 to 18 dwelling units per acre. This category allows multifamily dwellings including apartments, condominiums and townhomes. Limited commercial uses intended to serve the residential uses shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed.

Hutchinson Island Mixed Use (HIMU): The Hutchinson Island Mixed Use (HIMU) designation is intended for parcels that are best suited for medium to high density and intensity mixed use developments on Hutchinson Island. The maximum residential density allowed within this category is 8 dwelling units per acre and the maximum floor area ratio (FAR) is 1.0. Non-residential uses may comprise no more than 20% of the total floor area of the Hutchinson Island Mixed Use future land use designation. The previous Medium Density Residential Hutchinson

Island/General Commercial (Rmhi/Cg) category has been renamed to Hutchinson Island Mixed Use.

B. Commercial

Boundary Commercial (BC): The Boundary Commercial designation allows medium intensity commercial developments that are primarily intended to serve surrounding neighborhoods and residential areas. Uses allowed within this designation include general commercial, retail, offices, tourist/entertainment facilities, hotels/motels, parks and recreation, along with compatible public, quasi-public, and special uses. This land use designation allows a maximum FAR of 1.0.

Neighborhood Commercial (NC): The Neighborhood Commercial designation permits lower intensity commercial developments that are primarily intended to serve surrounding neighborhoods and residential areas. Uses allowed within this designation include limited retail and commercial services such as convenience/grocery stores, beauty salons, day care facilities; offices; and multifamily residential. This land use designation allows a maximum density of 10 dwelling units per acre and a maximum FAR of 0.5. Residential uses may comprise up to 20% of the total floor area of the Neighborhood Commercial future land use designation.

General Commercial (GC): The General Commercial designation provides for higher intensity commercial developments or horizontal and vertical mixed-use developments. Uses allowed within this designation include multifamily residential, intensive and general commercial, retail, service, offices, tourist/entertainment facilities, hotels/motels, parks and recreation, along with compatible public, quasi-public, and special uses. This land use designation allows for a maximum density of 15 dwelling units per acre and a maximum FAR of 1.0. Development shall include either commercial or mixed uses fronting major roadway corridors with higher intensity near major intersections. Residential uses may comprise up to 20% of the total floor area of the General Commercial future land use designation.

Central Business District (CBD): The CBD designation mixed-use high-rise development and single-use or mixed-use development that includes ground floor office/retail beneath residential apartments and condominiums. The CBD is intended to provide higher density mixed-use development within downtown Fort Pierce. Uses within the CBD shall include residential (condominiums and apartments); office including artist work and sales space; retail including boutiques, cafes, and restaurants; fuel sales; hotels/motels; parks and recreation; governmental facilities; complementary parks and parking facilities. This land use designation allows a maximum density of 30 dwelling units per acre and a maximum FAR of 3.0. Key characteristics of CBD shall include:

- Compact and intensive development pattern on a pedestrian scale;
- Buildings oriented to the street and define the streetscape and civic spaces;
- Development design that encourages pedestrian-oriented activities with plazas, cafes, bookstores, and restaurants that draw a variety of people;
- Vertical and horizontal integration of residential and non-residential uses;
- Good connection to transit and pedestrian facilities;
- Public parks and open space areas within walking distance of development;
- Parking that is integrated into street design and buildings or placed in separate structures; and
- Wide sidewalks with appropriate pedestrian amenities.

Residential uses shall comprise a minimum of 25% of the total floor area of the Central Business District future land use designation.

Marine Commercial (MC): The Marine Commercial designation is intended to promote commercial and industrial uses with a focus on marine related establishments along the waterfront. Uses allowed within this designation include marine-related light industrial activities and tourist activities, marinas, boat stores/boat repair, restaurants, retail shops, hotels, and offices. Multifamily residences also allowed in this designation. This land use designation allows a maximum density of 15 dwelling units per acre and a maximum FAR of 1.0. Residential uses may comprise up to 20% of the total floor area of the Marine Commercial future land use designation.

Mixed Use Development (MXD): The MXD designation is intended to promote intensification, redevelopment, and revitalization of the areas targeted for live/work environments. This area is characterized by development that promotes the creation of well-planned centers designed to integrate a variety of complementary uses. This land use designation allows a maximum density of 15 dwelling units per acre and a maximum FAR of 1.5. All MXD designated areas shall contain a minimum of three (3) of the following general land uses:

- Residential (single-family and/or multifamily)
- Commercial – General and/or Neighborhood
- Commercial – Town Center
- Hotel (minimum 100 units)
- Office Uses – Professional and/or medical
- Industrial
- Institutional

Residential uses shall comprise a minimum of 40% of the total floor area of the Mixed Use Development future land use designation.

Offices – Professional and Business Services (OP): The OP designation provides for office and limited commercial developments or horizontal and vertical mixed-use developments. Commercial uses that do not directly sell, store, or display goods, and generate limited auto trips are allowed within this district. Permitted uses allowed within this designation include limited convenience commercial uses, restaurants, and hotels/motels, parks and recreation, along with compatible public, quasi-public, and special uses. Multifamily residences also allowed. This land use designation allows a maximum density of 18 dwelling units per acre and a maximum FAR of 1.0. Residential uses shall comprise up to 20% of the total floor area of the OP future land use designation.

Urban Neighborhood (UN): The Urban Neighborhood designation is characterized by established pedestrian-oriented neighborhoods that allow for low-intensity boutique-scale commercial uses that support the nearby residential uses within the neighborhood; low-intensity workshops for fabrication may be appropriate as an accessory use. Design and performance standards will be based upon adopted individual neighborhood plans. This land use designation allows a maximum density of 15 dwelling units per acre and a maximum FAR of 1.2. Residential uses shall comprise up to 35% of the total floor area of the Urban Neighborhood future land use designation.

C. Institutional

Institutional (INST): The Institutional designation provides for public, quasi-public and private institutional uses. Permitted uses within this designation include government buildings; private and public schools; community centers; colleges; public airports; public parking structures; major community facilities, including hospitals, non-profit medical facilities, medical facilities; religious institutions, and government offices. A maximum of 1.0 FAR is permitted.

D. Industrial

Boundary Industrial (BI): The Boundary Industrial designation is intended for parcels suitable for industrial development and to promote the City's position as a major employment center. The uses allowed under this designation include intensive manufacturing and industrial uses, storage and distribution facilities and warehousing. This land use designation allows a maximum FAR of 1.5.

Industrial (I): The Industrial designation is intended for parcels suitable for industrial development and to promote the City's position as a major employment center. The uses allowed under this designation include light manufacturing and processing facilities; storage and distribution facilities; warehousing; general and intensive commercial uses; research corporate parks, large business parks and mixed use office parks; office, retail, and service uses that provide support to employees; and compatible public, quasi-public, and special uses. This land use designation allows a maximum FAR of 1.5.

Heavy Industrial (HI): The Heavy Industrial designation is intended for parcels suitable for industrial development and to promote the City's position as a major employment center. The uses allowed under this designation include intensive manufacturing and processing facilities; storage and distribution facilities; warehousing; general and intensive commercial uses; large business parks; office, retail, and service uses that provide support to employees; and compatible public, quasi-public, and special uses. This land use designation allows a maximum FAR of 2.0.

E. Conservation/Open Space

Conservation and Open Space (COS): The Conservation and Open Space designation is intended to provide for the preservation, continued growth, and enhancement of the City's rich resource of conservation areas, parklands, environmentally sensitive areas, recreational areas and open spaces. The designation provides for natural, managed and cultivated open space, including, natural parks, woodlands, habitat, floodplains, areas with permanent open space easements, greenways, and recreational facilities. This category combines the previously General Open Space (Os), Recreational Open Space (Osr), and Conservation Open Space (Osc) categories. This designation allows a maximum FAR of 0.25.
