TO : Nicholas Mimms, P.E., City Manager  
FROM : John R. Andrews, P.E., City Engineer   
RE : Purple Heart Parking Designation – Proposed Locations  
DATE : May 21, 2018

Please find the attached exhibits showing the establishment of "Purple Heart" designated parking spaces throughout several of the City's public parking areas. At the April 9, 2018 Conference Agenda meeting, the City Commission expressed a desire to facilitate the request of the United Veterans of St. Lucie County to provide designated parking spaces for Purple Heart recipients.

The exhibits show nine proposed spaces at eight different parking locations. I have been in contact with Mr. Roy Brewer concerning the signs and have kept him abreast of our progress. Please review the proposed locations and let me know if you want to proceed with this designation or feel we need to take this back before the City Commission.
